A quorum being present, the Board proceeded to the election of a Chairman.

Mr. Rubin of the Fifteenth Ward nominated Willard H. Peck of the Town of DeWitt for permanent Chairman.

Mr. Connell of the Town of Lysander seconded the nomination of Mr. Peck.

Mr. Ellis of the Town of Camillus nominated Fred W. O'Brien of the Town of Van Buren for permanent Chairman, the nomination being seconded by Mr. Sheedy of the Eighth Ward.

There being no other nominations, the Clerk declared the nominations for Chairman closed, and proceeded to call the roll, the following members voting viva voce for Willard H. Peck for permanent Chairman:

Messrs. Klosheim, Somers, Chamberlin, Estey, Connell, Adams, Boyle, Van-Benthuyssen, Wyker, Shepard, Harvey, Carr, O'Brien, Young, Wiegand, Schlosser, Lee, Hayden, Ostrander, Smingler, Hodge, Rubin, Boland, Wicks, Mott, Tyler.

And the following members voting viva voce for Fred W. O'Brien for permanent Chairman:

Messrs. Ellis, Powers, Hoffman, Kelley, Conan, Norton, Brilbeck, Nichols, Sheedy, O'Reilly, Cahill.

January 6, 1908.

The Clerk then announced the vote as 26 for Mr. Peck and 11 for Mr. O'Brien, and declared Mr. Peck elected as permanent Chairman of the Board.

On motion of Mr. O'Brien, duly seconded, the election of Mr. Peck as permanent Chairman was made unanimous, and the Clerk named Messrs. Connell and Brilbeck to escort Mr. Peck to the chair.

Upon taking the chair Mr. Peck gracefully addressed the Board as follows:

The courtesies of the hour would call upon me to exhaust my command of the English language in platitudes partaking of something like heartfelt gratitude for honor conferred. I have no thought nor desire to ignore the amenities of the occasion, but it is much more in keeping with my present mood to state that when you, my peers, name me as Chairman of this body, you are calling me to serve and not to rule, and although at times, in my endeavors to properly discharge the duties devolving upon me as such presiding officer, my views or line of action may not meet with your entire approval, you must bear in mind that such duties are performed not as master, but as your servant—myself being a member of this body and with you forming a unit.

Each one of you will have special duties to perform and you cannot successfully discharge same only as you are aided and supported by others. In fact, the scriptural thought is very applicable: "that there should be no schism in the body, but that the members should have the same care one for another, and when one member suffers, all the members suffer with it, and when one be honored, all rejoice."

The thought I wish to bring out is that there must be unity of purpose, if not of action, and also to impress upon your minds the importance of membership in this Board of Supervisors. Onondaga County takes first rank in many ways and to properly care for its varied interests is no mean task. We cannot afford to spend our time and energy in bickerings or endeavoring to further our own individual interests.

Do you realize that we, as Supervisors, come more nearly representing the real interests of the people of Onondaga than any other of its representatives? This county is, indeed, proud of the recognition it has gained upon the bench. It is a question in my mind, however, if the interests of the people would not be better served with less statutes, fewer decisions and greater respect for what we might term common law.

What district in Congress has a representative who exhibits more energy, zeal and integrity than Congressman Driscoll, yet, with all his tireless effort in behalf of his constituents, much of his work is unappreciated owing to our remote interests in results obtained.

We have the State Fair, with its future possibilities, to the credit of our State Senator, yet how many people of Onondaga County realize they have special interests committed to the care of our State Senate.

A membership in this body has been looked upon as a possible stepping stone to a seat in the Assembly, and some of our very best members have been honored by being sent to Albany, but we doubt not, if they felt free to express themselves, they would admit that a seat in this body gained them better opportunity to serve the actual needs and requirements of the people of this county than a seat in the Assembly.

January 6, 1908.

I refer to these various lines of effort and representation, not to have you think less highly of them than you ought to think, but to have us, one and all, appreciate the fact that the people of Onondaga will demand, and have the right to insist on a high character of service of the Board of Supervisors.

We are confronted with a business or commercial proposition. The county now has a large pay-roll—certain fixed charges as to maintenance, liquidation of obligations and interest, necessary incidentals and plans of development to be cared for. Although many of the salaries paid are fixed by statute, yet in many cases it is for you to determine the character of service rendered and compensation for same; it is for you to see that the necessary funds are on hand to meet the obligations promptly; it is for you to determine what is for the best interests of the county as to its development.

In closing the session of 1907, my honored predecessor spoke of the work accomplished the past decade and the possibilities of the future. His words were those of truth and wisdom, but I want to say to you that although we may profit by the failure or successes of the past, we cannot consistently base our action on what has preceded us. for, like all the problems of life, new or changed conditions present the ever recurring problems in new form and they must be met with new thought and energy.

Some of you will have more arduous duties than others,, but permit me to advise the new members that the position of Supervisor of Onondaga County is no sinecure and this is no place for laggards.

We must, one and all, having put the hand to the plow, with high ideals before us, move forward, not seeking to avoid criticism, but rather seeking to have a conscience void of offence because of duty honestly performed.

The Clerk then administered to Mr. Peck the oath of office.

By Mr. Rubin:

Resolved, That we proceed to elect a Clerk, Assistant Clerk and a Messenger of this Board, each of whom shall be appointed for the continuance of this Board, and until their successors shall be appointed.

Adopted unanimously.

By Mr. Ostrander:

Resolved. That Ernest R. Deming of the Twelfth Ward of the City of Syracuse be and he hereby is appointed Clerk of and for the continuance of the Board and until his successor shall be appointed.

The vote being taken on the election embodied in the resolution of Mr. Ostrander by viva voce vote, the following voted for Mr. Deming:

Messrs. Ellis, Klosheim, Somers, Chamberlin, Powers, Hoffman, Estey, Connell, Adams, Kelly, Boyle, Van Benthuyssen, Conan, Wyker, Shepard, Harvey, Carr, O'Brien, Norton, Brilbeck, Young, Wiegand, Nichols, Schlosser, Lee, Sheedy, Hayden, O'Reilly, Cahill, Ostrander, Smingler, Hodge, Rubin, Boland, Wicks, Mott, Tyler.

Mr. Deming was declared elected.

January 6, 1908.

Mr. Deming then took the oath of office, and briefly thanked the members for the honor conferred upon him by electing him as Clerk of the Board.

By Mr. Mott:

Resolved, That Thomas F. Ryan of the Eleventh Ward of the City of Syracuse, be appointed Deputy Clerk of this Board. The term of his office shall be from this date until January 1st, 1910, or until his successor is appointed.

A viva voce vote being taken on the election of Mr. Ryan, the following voted for Mr. Ryan:

Messrs. Ellis, Klosheim, Somers, Chamberlin, Powers, Hoffman, Estey, Connell, Adams, Kelley, Boyle, Van Benthuyssen, Conan, Wyker, Shepard, Harvey, Carr, O'Brien, Norton, Brilbeck, Young, Wiegand, Nichols, Schlosser, Lee, Sheedy, Hayden, O'Reilly, Cahill, Ostrander, Smingler, Hodge, Rubin, Boland, Wicks, Mott, Tyler.

Mr. Ryan was declared elected and took the oath of office.

By Mr. Boland:

Resolved, That John W. Heal of the Sixteenth Ward of the City of Syracuse, be appointed Messenger of this Board until his successor is appointed.

Mr. Heal was declared elected by the following vote:

Messrs. Ellis, Klosheim, Somers, Chamberlin, Powers, Hoffman, Estey, Connell, Adams, Kelley, Boyle, Van Benthuyssen, Conan, Wyker, Shepard, Harvey, Carr, O'Brien, Norton, Brilbeck, Young, Wiegand, Nichols, Schlosser, Lee, Sheedy, Hayden, O'Reilly, Cahill, Ostrander, Smingler, Hodge, Rubin, Boland, Wicks, Mott, Tyler.

By Mr. Somers:

Resolved, That the rules of the last session of this Board be and the same hereby are adopted as the rules governing this Board for the ensuing two years.

Carried.

By Mr. Wicks:

Resolved, That we proceed to the drawing of seats, which be by lot, the choice falling to each member in the order of his name being drawn by the Clerk, except that Messrs. Rubin, Shepard, Somers, Carr, Schlosser, Tyler, Connell and Norton, by reason of their long service, be allowed to have their first choice of seats.

Carried.

The Chairman announced that he would appoint the "Salaries Committee" at once in order to facilitate the audit of the salaries of the various county officials and employees. As such committee, the Chair appointed Messrs. Hayden, Lee and Connell.

January 6, 1908.

By Mr. Rubin :

Whereas, Lieber E. Whittic, Clerk of the Board of Supervisors of Onondaga County for the past six years and prior thereto Assistant Clerk for a period of one year, is about to relinquish the arduous duties of that position after an extended service of greatest usefulness to the public, to the Board of Supervisors and to the Supervisors individually, which service has been one of untiring devotion and unselfish loyalty to the exacting duties of the position and which has been constantly made bright by his ever genial demeanor and cordial good fellowship, and

Whereas, At this time of parting it is fitting that we should record our acknowledgment of his faithful service, therefore, be it

Resolved, That the members of this Board of Supervisors, in their own behalf and in behalf of their predecessors, do hereby express their sincere regret upon the severing of their very pleasant relations with Mr. Whittic, hereby extending him a most cordial and hearty appreciation of his distinguished public service and sincerest well wishes for his future success, and be it further

Resolved, That these resolutions be spread at length upon the minutes of the Board and that a suitably engrossed copy thereof, appropriately framed, and signed by the Chairman and Clerk, be presented to him as a continuing remembrance of the high esteem in which he is held.

The above resolution was carried by the following unanimous vote of the members, as follows :

Messrs. Ellis, Klosheim, Somers, Chamberlin, Powers, Hoffman, Estey, Connell, Adams, Kelley, Boyle, Van Benthuyssen, Conan, Wyker, Shepard, Harvey, Carr, O'Brien, Norton, Brilbeck, Young, Wiegand, Nichols, Schlosser, Lee, Sheedy, Hayden, O'Reilly, Cahill, Ostrander, Smingler, Hodge, Rubin, Boland, Wicks, Mott, Tyler, Mr. Chairman.

Ayes, 38 ; noes, 0.

Mr. Whittic, in appropriate words, thanked the members of the Board for this expression of their confidence and regard. He stated that he wished to express his appreciation to the retiring Chairman and all of the retiring members of the Board for their constant and continued kindness to him during the past session. He also wished to express his kindly feeling and appreciation of the work of his assistants during the past six years of his clerkship, and stated that without their assistance much of his work would have been in vain. He further expressed the wish that he might retain the good-will and friendship of all the members of the present Board and held himself in readiness to assist the new clerks of the Board or any of the members of the Board in any way that he possibly could in the work before them. That he would always treasure and prize this testimonial and sincerely thanked every member of the Board for the evidence of their good will as manifested in the resolutions so heartily adopted.

The Chairman handed up communications from the State Engineer and Surveyor relative to the acceptance in accordance with the provisions of section 12 of chapter 115 of the Laws of 1898, as

January 6, 1908.

amended, notifying the Board that the work of improvement by State aid under said chapter 115 of the South Salina Street Road, No. 290, in the town of Onondaga, and the Thompson Road, No. 429, in the town of Dewitt, having been completed, he would accept the work on behalf of the State and county within twenty days from the date of the communications (January 3rd, 1907) unless protest in writing should be filed with him prior to that time by the Board.

The communications were read and ordered placed on file temporarily until a proper committee could be appointed to which the communications could be referred.

By Mr. Shepard:

Whereas, Formal notice, as provided by Section No. 12 of Chapter 115 of the Laws of 1898 as amended, has been received by the Clerk of this Board from the State Engineer since January 1st, 1908, that the work of improvement by State aid of the Thompson Road, No. 429, and of the South Salina Street Road, No. 290, has been completed, and that the State Engineer will accept said work on behalf of the State and County within twenty days from the date of said notice, unless protest in writing is filed with said State Engineer prior to the expiration of said twenty days; and

Whereas, This Board has just been organized and no committee having the matters pertaining to such roads has yet been appointed, and

Whereas, New members of this Board are anxious to better inform themselves in regard to the situation of the roads in question before taking final action thereon; and

Whereas, It is deemed advisable to have additional time given to consider such matters; now, therefore, be it

Resolved, That the State Engineer be and he hereby is requested to withdraw for the time being each of the formal notices sent to the Clerk of this Board, and that he again present them at such time as he deems proper, giving to this Board ample time to fully investigate the situation in regard to the work on said roads. And be it further

Resolved. That this resolution be forthwith sent to the State Engineer by special messenger, to the end that his action thereon may be determined in time for this Board to act at its adjourned meeting, in event that this request be denied.

Resolution adopted.

Mr. Hayden of the Committee on Salaries requested permission to retire, which was granted.

Mr. Schlosser moved that when the Board adjourn it be until Wednesday, January 8th, 1908, at 2 P. M. Mr. Somers moved that the Board take a recess for ten minutes.

Carried.

On reconvening, Mr. Hayden handed up the report of the Committee on Salaries:

January 6, 1908.

To the Honorable Board of Supervisors:

Your Committee on Salaries respectfully report that we have carefully examined the claims referred to us of various county officials and employees for the month of December, 1907.

We find the amounts set forth in said accounts and pay rolls to be correct and have allowed the claimants the amounts set forth in the said accounts and pay rolls accompanying this report.

Resolved, That the Clerk of this Board be and he hereby is directed to draw county warrants on the County Treasurer of Onondaga County payable from the proper funds in favor of the said claimants and for the various amounts allowed.

Dated January 6th, 1908.

JOHN F. HAYDEN,  
THOMAS E. LEE,  
J. E. CONNELL,

Committee on Salaries.

Adopted. Ayes, 35; noes, 0.

On motion of Mr. Rubin, the Board adjourned.

ERNEST R. DEMING,

Clerk.

Mr. Shepard handed up the following communication from the State Engineer and Surveyor, which was read and ordered filed.

December 24, 1907.

Mr. L. E. Whittic. Clerk Board of Supervisors of Onondaga County,  
Syracuse, N. Y.:

Dear Sir—I have been directed by the State Engineer to notify you that we are about to advertise for contract the following roads in your county:

Tully Road.....	No. 489
Fly Road.....	No. 553
Fabius Road.....	No. 554
East Syracuse-Chittenango.....	No. 555

Section 7 of Chapter 115 of the Laws of 1898, as amended by Chapter 717 of the Laws of 1907, provides as follows:

"In case the boundaries of such proposed highway shall deviate from the existing highway, the Board of Supervisors of the County must make provision pursuant to section four for securing the requisite right of way prior to the actual commencement of the work of improvement."

I have been directed to inform you that the contracts for the above roads will not be awarded until the State Engineer has received notification from the Board that the requisite right of way has been acquired, or that a committee has been appointed by the Board with full powers to acquire the same.

Very truly yours,

FRANK L. GETMAN,  
Deputy State Engineer.

The following communication from the State Superintendent of Weights and Measures was read and ordered filed.

Albany, N. Y.

This office urgently requests that the Sealers of Weights and Measures of the State meet in Albany on the 8th and 9th of February.

As the convention, after a few brief addresses, will take the form of a school of instruction, a full attendance is most desirable and every city, county and town should be represented. The respective Boards should appropriate the necessary funds to defray the expenses of their delegate.

Please acknowledge the receipt of this communication at the earliest possible moment, giving the name and address of the delegates.

Yours truly,

F. REICHMANN,  
Superintendent.

Sealers' Convention.  
Time, 9 A. M., Feb. 8-9, 1908.  
Place, City Hall, Albany.  
Official Hotel, Keeler's.

January 8, 1908.

The Chairman handed up the following communication from the Syracuse and Liverpool Plank Road Company:

Syracuse, N. Y., Jan. 8, 1908.

Mr. W. H. Peck, Chairman Board of Supervisors, Syracuse, N. Y.:

My Dear Sir—I should like to know if your honorable body would care to make any proposition to the Syracuse and Liverpool Plank Road Company as to purchasing the plank which we now have in the road, as you no doubt know they are our property, and if you do not care to make us any proposition on the same we shall remove them, as they are of value to us.

Respectfully yours,

SYRACUSE & LIVERPOOL PLANK ROAD CO.,

B. W. Moyer, President.

The above communication was referred to the Committee on Highways and Bridges, with instructions to report at this session of the Board.

By Mr. Rubin:

To the Honorable Board of Supervisors:

Your Committee on Care and Supervision of County Buildings, to whom was referred the matter of providing meeting rooms for Root Post, G. A. R., its Women's Auxiliary, and the Sons of Veterans, in the old Court House, beg leave to report that it carried into effect the wishes of the Board in that respect and provided rooms temporarily for said societies; that Lilly Post and its Women's Auxiliary have also asked that rooms be provided for them. Your committee took up the matter of permanent quarters for these societies in the new Armory with the State military authorities, and they suggested that the several organizations should make formal application to them for rooms in that building. We understand that this has not been done.

Inasmuch as the old Court House and Clerk's office buildings have been sold to the city of Syracuse and the county's ownership of the same will cease on or about the 15th of February, 1908, and possession of the same will soon be taken by the city authorities, your committee respectfully recommends that the attention of these societies be called to these facts to the end that they may take such steps as they may deem advisable in the premises.

Respectfully submitted,

M. D. RUBIN,  
JOHN P. SCHLOSSER,  
A. L. SOMERS,

Committee.

Carried.

Mr. Shepard handed up the following communication from the State Engineer and Surveyor:

January 7, 1908.

Mr. E. R. Deming, Clerk Board of Supervisors of Onondaga County, Syracuse, N. Y.:

Dear Sir—In reply to resolution just placed in my hands by your committee relative to withdrawing the twenty-day notices of the acceptance by me of Roads 429 and 290, passed at your meeting on the 6th day of January, 1908, I beg you to

January 8, 1908.

withdraw from the Board the said notices sent by me and to inform the Board that they will be given every opportunity to look into the matter carefully and to satisfy themselves of the condition of the work before I shall accept the said work.

I remain

Very truly yours,

FREDERICK SKENE,  
State Engineer and Surveyor.

Ordered placed on file and due acknowledgment made by Clerk of the Board.

On motion of Mr. Rubin, the committees were given permission to retire.

Mr. Klosheim handed up the report of the Committee on Coroner's Fund:

Mr. Shepard handed up the following report of the Committee on Highways and Bridges, upon the communication of the Syracuse and Liverpool Plank Road Company, which was read and ordered filed:

To the Honorable, the Board of Supervisors of the County of Onondaga:

Gentlemen—Your Committee on Highways and Bridges, to whom has been referred a communication from the Syracuse and Liverpool Plank Road Company, asking the Board of Supervisors to make a proposition to said company for the purchase of the plank now laid and constituting a part of the roadbed of said company, begs leave to report, that as upon the expiration of the franchise said road will become a town highway, the County of Onondaga cannot at this time legally undertake the purchase of material or any improvement in connection with the care and maintenance of the road, and we would, therefore, respectfully recommend that no action be taken in the matter.

Mr. Brillbeck handed up the following communication from the County Treasurer, which was read and referred to the Committee on Bond and Interest Account:

January 8, 1908.

To the Honorable, the Board of Supervisors of the County of Onondaga:

Pursuant to the provisions of Local Law No. 1 of 1906 adopted by your Honorable Board, I beg leave to report that on the 1st day of March, 1908, the semi-annual interest on \$940,000 of Court House bonds becomes due. Said bonds bear interest at the rate of 4% per annum, and the amount of interest due March 1st, 1908, is \$18,800. There is also due \$20,000 of principal at that time.

WILLIAM W. WOESE,  
County Treasurer of Onondaga County.  
By W. S. Landon, Deputy.

Mr. Brillbeck handed up the following report and resolution:

To the Honorable, the Board of Supervisors of the County of Onondaga:

Gentlemen—Your Committee on Bond and Interest Fund beg leave to report that we have carefully examined the report of the County Treasurer relative to the installments of principal and interest to become due on the Court House Bonds, March 1st, 1908, and we find the same correct.

Pursuant to Local Law No. 1 of 1906, adopted by your Honorable Body, we hereby audit and allow the following items for the payment of Bond and Interest obligations falling due March 1st, 1908:

Six months' interest on Court House Bonds.....	\$18,800 00
Installments of principal on Court House Bonds.....	20,000 00
Total .....	<u>\$38,800 00</u>

We recommend the adoption of the following resolution:

Resolved, That the claims for principal and interest falling due March 1, 1908, on bonds of Onondaga County as hereinbefore stated be, and the same are hereby allowed, and further

Resolved, That a warrant be drawn on the Bond and Interest Fund, signed by the Clerk and countersigned by the Chairman of this Board, payable to the order of W. W. Woese, County Treasurer, accordingly, for the sum of \$38,800, to cover the amounts above allowed, and further

## FEBRUARY SESSION.

### FIRST DAY.

Monday, February 3rd, 1908.

The Board was called to order by the Chairman, Mr. Peck presiding.

The following members were present:

Messrs. Ellis, Klosheim, Somers, Peck, Chamberlin, Powers, Hoffman, Estey, Connell, Adams, Kelley, Boyle, Van Benthuyssen, Conan, Wyker, Shepard, Harvey, Carr, O'Brien, Norton, Brilbeck, Young, Wiegand, Nichols, Schlosser, Lee, Sheedy, Hayden, O'Reilly, Cahill, Ostrander, Smingler, Hodge, Rubin, Boland, Wicks, Mott and Tyler.

On motion of Mr. Rubin, the reading of the minutes was dispensed with and the minutes as prepared by the Clerk, approved.

Mr. Hoffman handed up the list of Returned School Taxes, School District No. 3, town of Geddes, which was filed and referred to the Committee on Jurisprudence.

Mr. Connell handed up the petition of Mrs. Julia Deegan for the refund of an erroneous assessment. Filed and referred to Committee on Erroneous Assessments.

Mr. Boyle handed up the list of Returned School Taxes of School District No. 3, town of Onondaga. Filed and referred to Committee on Jurisprudence.

By Mr. Norton:

To the Honorable, the Board of Supervisors of Onondaga County:

Gentlemen—Your Committee on Jurors' Fund beg leave to report that during the month of January, 1908, there were drawn on this fund county warrants to the amount of \$4,951.50, and that during the fiscal year there has been drawn on this fund warrants to the amount of \$11,624.20.

We further find upon examination that the accounts and warrant stubs of this fund have been correctly kept during the month of January.

Dated February 3, 1908.

C. M. NORTON,  
E. P. BOYLE,  
B. H. NICHOLS,

Committee on Jurors' Fund.

Adopted.

February 3, 1908.

Mr. Ostrander handed up the petition of Joseph H. Saunders for the refundment of an erroneous assessment. Filed and referred to the Committee on Erroneous Assessments.

Mr. Hodge handed up the petition of the Syracuse Lighting Company for the refundment of an erroneous assessment. Filed and referred.

Mr. Shepard handed up the following communications from the State Engineer and Surveyor, which were read and referred to the Committee on Highways and Bridges:

November 27th, 1907.

Mr. L. E. Whittic, Clerk Board of Supervisors of Onondaga County, Syracuse. N.Y.:

Dear Sir—On November 21, 1907, I received proposals for a large number of highways, among them being the East Syracuse-Chittenango Road, No. 555. The lowest bid on this road is not within the appropriation, and it is therefore deemed advisable to revise the estimates and provide an additional \$11,500 for this road, of which the share to be paid by the county of Onondaga and the towns of Dewitt and Manlius will be \$5,750.

I believe that the lowest bid received on this road is the proper one to accept, and I wish you would call the attention of your Board to this matter at once, and if it meets with their approval, a resolution, form for which is herewith enclosed, should be adopted and a certified copy returned to me immediately. I will hold the proposals on this road until I learn what action is taken by your Board.

Trusting to hear from you promptly, I am,

Yours very truly,

FREDERICK SKENE,

State Engineer and Surveyor.

November 27th, 1907.

Mr. L. E. Whittic, Clerk Board of Supervisors of Onondaga County, Syracuse, N.Y.:

Dear Sir—On November 21, 1907, I received proposals for a large number of highways, among them being the Fabius Road, No. 554. The lowest bid on this road is not within the appropriation and it is deemed advisable to revise the estimates and provide an additional \$11,000 for this road, of which the share of the county of Onondaga and the town of Fabius will be \$4,840.

I believe that the lowest bid received on this road is the proper one to accept, and I wish you would call the attention of your Board to this matter at once, and if it meets with their approval a resolution, form for which is herewith enclosed, should be adopted and a certified copy returned to me immediately. I will hold the proposals on this road until I learn what action is taken by your Board.

Trusting to hear from you promptly, I am,

Yours very truly,

FREDERICK SKENE,

State Engineer and Surveyor.

February 3, 1908.

November 27, 1907.

Mr. L. E. Whittic, Clerk Board of Supervisors of Onondaga County, Syracuse, N.Y.

Dear Sir—On November 21, 1907, I received proposals for a large number of highways, among them being the Fly Road No. 553. The lowest bid on this road is not within the appropriation and it is deemed advisable to revise the estimates and provide an additional \$7,000.00 for this road, of which the share to be paid by the County of Onondaga and the town of Dewitt will be \$3,500.00.

I believe that the lowest bid received on this road is the proper one to accept, and I wish you would call the attention of your Board to this matter at once, and if it meets with their approval, a resolution, form for which is herewith enclosed, should be adopted and a certified copy returned to me immediately. I will hold the proposals on this road until I learn what action is taken by the Board.

Trusting to hear from you promptly, I am,

Yours very truly,

FREDERICK SKENE.

State Engineer and Surveyor.

November 27, 1907.

Mr. L. E. Whittic, Clerk Board of Supervisors of Onondaga County, Syracuse, N.Y.:

Dear Sir—On November 18, 1907, I received proposals for the improvement of a large number of highways, among which was the Tully Roads, No. 489. The lowest bid on this road, while within the total amount appropriated, was not low enough to enable me to award the contract, as no funds would be left for engineering, inspection or contingencies, and it is therefore deemed advisable to revise the estimates and provide an additional \$4,000 for this road, of which the share to be paid by the county of Onondaga and the towns of Fabius and Tully will be \$1,891.53.

I believe that the lowest bid received on this road is the proper one to accept, and I wish you would call the attention of your Board to this matter at once, and if it meets with their approval, a resolution, form for which is herewith enclosed, should be adopted and a certified copy returned to me immediately. I will hold the proposals on this road until I learn what action is taken by your Board.

Trusting to hear from you promptly, I am,

Yours very truly,

FREDERICK SKENE,

State Engineer and Surveyor.

On motion of Mr. Rubin, the Board took a recess of five minutes.

By Mr. Shepard:

Resolved, That we proceed to the election of a Superintendent of Highways of the County of Onondaga for the term of three years from April 1st, 1908.

Adopted.

February 3, 1908.

Mr. Rubin of the Fifteenth Ward placed in nomination Frank E. Bogardus for the position of Superintendent of Highways, the term of the appointment to begin April 1st, 1908, and to continue for three years.

Mr. Connell of Lysander seconded the nomination of Mr. Bogardus.

There being no other nomination, the Chairman declared the nominations closed and ordered the Clerk to call the roll; the following members voting viva voce for Frank E. Bogardus for Superintendent of Highways for the term of three years from April 1st, 1908:

Messrs. Klosheim, Somers, Chamberlin, Estey, Connell, Adams, Boyle, Van Benthuyssen, Wyker, Shepard, Harvey, Carr, Young, Wiegand, Nichols, Schlosser, Lee, Sheedy, Hayden, Ostrander, Smingler, Hodge, Rubin, Boland, Wicks, Mott and Tyler.

There being no objection, the following members were excused from voting by the Chairman:

Messrs. Ellis, Powers, Hoffman, Kelley, Conan, O'Brien, Norton, Brilbeck, O'Reilly and Cahill.

The Chairman then declared Mr. Bogardus appointed as Superintendent of Highways for the term of three years from April 1st, 1908.

By Mr. Boyle:

Resolved, That the Purchasing Agent be permitted to, and hereby is, authorized to purchase for the office of the Clerk of the Board of Supervisors, one combination safe deposit vault with files above, with sliding security curtain, all made of metal similar in style, quality and finish to other cases in said office, at an expense of not to exceed two hundred and forty-five (\$245.00) dollars, and it is hereby determined to be impracticable to advertise for bids for same, and this resolution is adopted pursuant to Chapter 11 of the Laws of 1907.

Adopted. Ayes, 34; noes, 0.

By Mr. Boyle:

Resolved, That the Purchasing Agent be permitted to, and hereby is, authorized to purchase two pairs of work horses for use at the penitentiary at a cost of not to exceed \$535 for both teams, and it is hereby determined to be impracticable to advertise for bids for such purpose, and this resolution is adopted pursuant to Chapter 111 of the Laws of 1907.

Adopted. Ayes, 35; noes, 1.

By Mr. Boyle:

Resolved, Pursuant to Section I of Chapter 111 of the Laws of 1907, that the Purchasing Agent be, and hereby is, authorized to appoint one Deputy Purchasing

Agent. It shall be the duty of such Deputy, in case of the absence or disability of the Purchasing Agent, or in case of a vacancy in that office, to discharge the duties of the office until the Purchasing Agent returns, his disability ceases, or the vacancy is filled, and to perform such other services in and about said office as may from time to time be prescribed by the Board of Supervisors and said Purchasing Agent. Said Deputy shall receive an annual salary of six hundred dollars, payable in the same manner as the salaries of other county officers.

Adopted. Ayes, 36; noes, 0.

Mr. Rubin requested the privilege of the floor for Mr. Donald Dey, who represented the Chamber of Commerce. There being no objection, the Chairman granted the privilege of the floor to Mr. Dey, who addressed the Board as follows:

I am one of a committee appointed by the Chamber of Commerce of this city to investigate the feasibility of discontinuing the boulevard toll charges now existing on that highway. The other members of the committee having this matter in charge are Theodore E. Hancock, Edward H. O'Hara, A. K. Hiscock and Hamlet Worker, and we propose to find out the value of the boulevard property and ascertain if the owners are willing to sell, and at what price.

Mr. Dey stated that the maintenance of the boulevard, a main connecting link between the city and the fair grounds, by private interests as a toll road militated against the interests of the city and county and was a great detriment to the fair. At Albany, he said, there was a great objection raised to the existence of this toll road and the fee charged, and he thought it operated against procuring appropriations for the improvement and support of the fair. He thought this criticism was just and that the proper officials should acquire the highway either by purchase or condemnation at once, and requested the Board to take some action in the premises at this session.

Mr. Hoffman of Geddes spoke briefly upon the proposition of acquiring the road and stated that he thought some action should be taken at once.

Mr. Rubin moved that the matter be referred to the Committee on Highways and Bridges, and that Mr. Hoffman be added to the Committee for the special work of investigating the purchase of the road. That said committee confer with the Chamber of Commerce committee and report back the result of their investigation at a subsequent meeting of the Board.

Carried.

By Mr. Harvey:

Whereas, The State Superintendent of Weights and Measures has issued a call for a convention and school of instruction for the county and town sealers of weights and measures, and has requested that the sealer of this county attend said convention at Albany, February 8th and 9th, therefore, be it

February 3, 1908.

Resolved, That Andrew Lieber, the sealer of this county, be authorized to attend said convention and that his expenses shall be paid by the County of Onondaga from the Miscellaneous Fund upon presentation and audit of an itemized account of his said expenses.

Adopted. Ayes, 25; noes, 12.

By Mr. Ostrander:

Resolved, That there be appointed by the Clerk. an Assistant Clerk of the Board of Supervisors. That the duties of such Assistant Clerk shall consist of the preparation of the minutes of the Board, its correspondence, files and indexes under the direction of the Clerk, and the performance of such other duties as may be prescribed from time to time by the Board and its Clerk. The said Assistant Clerk shall receive a monthly salary of fifty dollars (\$50), which shall be paid in the same manner as are the salaries of other officers of the Board.

Adopted. Ayes, 25; noes, 10.

Upon motion of Mr. Shepard, the committees were given permission to retire.

Mr. Klosheim handed up the report of the Committee on Coroner's Accounts, as follows:

By Mr. Boyle:

To the Honorable, the Board of Supervisors of Onondaga County:

Gentlemen—Your Committee on Purchasing Agent's Account beg leave to submit the following report:

Since the appointment of a Purchasing Agent on the 5th day of March, 1906, it has become necessary for said Purchasing Agent to expend money for the various county officials for postage stamps, express charges, freight charges and other incidental expenses. The Board has, from time to time, and in various monthly audits, allowed said Purchasing Agent certain sums of money to cover such incidental expenses. The Purchasing Agent has kept an itemized statement of all such expenses and has taken vouchers therefor, and receipts for the stamps delivered to the various county officials. We have carefully examined the accounts of said Purchasing Agent for all of the sums received by him for such incidental expenses, and have compared the same with the vouchers in possession of said Purchasing Agent. We find said account correct in all particulars and proper vouchers for all of said expenditures. This examination extends from the date of the appointment of the present Purchasing Agent to January 1, 1908. We, therefore, recommend the adoption of the following resolution:

Resolved, That the accounts and expenditures of Frank X. Wood Purchasing Agent of Onondaga County, for moneys allowed him from time to time from the date of his appointment to January 1st, 1908, for postage for various county officials, express, freight and divers other incidental expenses, be and the same hereby is ratified and approved, and that said Purchasing Agent be and he hereby is discharged from all further duty or liability in connection therewith.

Resolved, That the Clerk of this Board be and is hereby instructed and directed to draw orders on the Treasurer of Onondaga County, payable from the Supervisors' Fund, in favor of the claimants named, for the amounts allowed.

All of which is most respectfully submitted.

L. D. TYLER,

Resolved, That the Committee on Highways, Bridges and State Roads be and hereby is directed to look over the stone crushing plant at the Onondaga Penitentiary and the stone quarries located thereat and estimate, according to their best judgment, the daily capacity of said plant; also, if said Committee deem it advisable to employ the male inmates all or in part not employed on said crushing plant to break stone by hand, and the best method to pursue to secure the largest output of broken stone with the least cost and report its finding to this Board at its next regular session.

Adopted.

The following communication was read and ordered filed:

January 23, 1908.

The Clerk of the Board of Supervisors, Onondaga County, Syracuse, N. Y.:

Dear Sir—The bids received January 20th on the Onondaga County Roads were all in excess of the appropriation with the exception of the Tully Road. The bid on this road was over \$3,000.00 in excess of the Engineer's estimate, leaving a sum which does not warrant the awarding of the contract. The bids received on these four roads, 489, 553 554 and 555, have therefore been rejected.

Very truly yours,

FREDERICK SKENE,

State Engineer and Surveyor.

On motion of Mr. Shepard, the Board took a recess of fifteen minutes.

Mr. Shepard handed up the following report of the Committee on Highways and Bridges, which was read and ordered filed:

#### REPORT OF THE COMMITTEE ON HIGHWAYS, BRIDGES AND STATE ROADS.

Relating to requests of the State Engineer and Surveyor for additional appropriations upon Roads Nos. 489, 553, 554, 555.

February 3d, 1908.

To the Honorable Board of Supervisors, Onondaga County:

Gentlemen—Your Committee on Highways, Bridges and State Roads, to whom was referred several communications from the State Engineer requesting additional appropriations upon Roads Nos. 489, 554, 553 and 555, beg leave to report as follows:

The communications referred to are under date of November 27th, 1907, and were evidently mislaid and not presented to this Board in time for the proper consideration of the matters set forth therein.

The Tully Road, No. 489, is the only road of the four mentioned, for the construction of which an additional appropriation had been asked by the State Engineer and Surveyor previous to the receipt of the above mentioned letters.

From the records in the office of the Clerk of the Board of Supervisors, it appears that the State Engineer and Surveyor requested on October 19th last an additional appropriation for the improvement of the Tully Road, No. 489, the amount required being in his judgment \$9,000.00. The portion of said amount which the county was called upon to pay being 50%, or \$4,500.00. As the amended law fixes the county and town's share at 48% for that portion of the road situated in the town of Tully, and 44% for that portion within the town of Fabius, it appears that the request was irregular. This communication was presented to the Board of Supervisors on November 4th and referred to the Highway Committee, and the records show that the matter was not again brought to the attention of the Board.

On November 18th, proposals were opened in the State Engineer's office for the improvement of Roads Nos. 489, 553, 554 and 555, and the lowest proposals

February 3, 1908.

made in each case was found to be too high to permit the letting of the work. Proposals were again received by the State Engineer upon these roads on January 20th, 1908. In the meantime, the Board had not had for consideration the official request from the State Engineer for the additional appropriations as called for in the communications, which requests are as follows:

Tully Road, No. 489, total additional appropriation \$4,000.00, the county and town's share of which would be \$1,891.53; Road No. 553, Fly Road, an additional appropriation of \$7,000.00, of which the county and town of Dewitt would pay \$3,500.00; Road No. 554, Fabius Roads, an additional appropriation of \$11,000.00, of which the county of Onondaga and the town of Fabius would pay \$4,840.00; No. 555, East Syracuse-Chittenango, an additional appropriation of \$11,500.00, of which the county of Onondaga and the towns of Dewitt and Manlius would pay \$5,750.00, making total additional appropriations asked for upon these four roads \$33,500.00, of which the county and town's share would be \$15,981.53.

The communications received from the State Engineer do not give the amount of the lowest respective bids for the construction of each of the roads mentioned, and the estimate is given in lump sum with no details to assist the committee in arriving at a conclusion as to the necessity of granting the appropriations as asked.

Immediately upon assuming the duties pertaining to the Highway Committee on January 6th last, the Committee undertook to obtain all information available concerning the requests for additional appropriations upon these roads and found that there was some irregularities in connection therewith and some misunderstanding between the Department of the State Engineer and the Board of Supervisors.

To obtain a more definite knowledge of matters relative to the receipt of proposals and the awarding of contracts for the improvement of said roads, the Committee was present at the State Engineer's office at Albany on January 20th, when the proposals were received and opened, but were unable to procure definite information as to the exact amount of the proposals, the bids having been made at unit price and not on the lump sum basis.

Anticipating some further complications due to the misunderstanding previously noted, the Committee on January 21st asked for an interview with the State Engineer and Surveyor, which he was unable to grant.

While at the office of the State Engineer the matter of arranging to withhold the rejection, should the proposals prove to be above the appropriations, was taken up with the Division Engineer and the Deputy State Engineer, and an explanation of the attitude of the Committee given that was satisfactory to them. Both of these officials agreed to take the request of the Committee, for more time in which to consider the matter of additional appropriations, up with the State Engineer.

To assist the Deputy State Engineer in the presentation of the matter and at his request, the Chairman of the Committee forwarded from Syracuse the following communication:

January 21, 1908:

Hon. Frederick Skene, State Engineer and Surveyor, Albany, N. Y.:

Dear Sir—In behalf of the Committee on Highways, Bridges and State Roads of the Onondaga County Board of Supervisors, I most respectfully request that you withhold the rejection of bids upon the following roads, provided the lowest bids plus the necessary amount for engineering are more than the appropriation formerly made by the Board, for such time as the Committee may necessarily require to bring the matter before the Board with a view of making such further appropriation as the existing conditions may require:

February 3, 1998.

No. 489.....Tully Road  
No. 553.....Fly Road  
No. 554.....Fabius Roads  
No. 555.....East Syracuse-Chittenango

If this meets your approval, will you kindly furnish me at your earliest convenience the amount of the respective bids? Also the additional appropriations necessary to be made by the Board of Supervisors to provide sufficient funds to ensure the letting of the work under the proposals received January 20th, 1908.

Very truly yours,

CHAIRMAN, Highway Committee.

Excepting a communication received by the Clerk of the Board on January 23d from the State Engineer in which he stated, that all proposals had been rejected, no reply was received to this communication until the receipt, January 31st, of the following:

Albany, January 30th, 1903.

Mr. Frank E. Bogardus, Syracuse, N. Y.:

Dear Sir—A letter dated January 21st from Mr. N. O. Shepard has been received and I beg to inform you that prior to the receipt of this letter I had rejected all bids received on Roads Nos. 489, 553, 554 and 555.

I took this course as the conditions at the last letting were similar to those at the preceding one.

Regretting very much that I was compelled to do this, I remain,

Very truly yours,

FREDERICK SKENE,

State Engineer and Surveyor.

As this letter simply reiterates the statement that all proposals were rejected and does not give the information asked for, relative to the lowest proposals and the amount of additional appropriations required, the Committee is compelled to make its own estimate of the required additional appropriations and to base its conclusions upon the following data received from the Division Engineer, January 24th, 1908:

Name of Road.	Lowest Bid Received in Nov.	Lowest Bid Received in Jan.
Tully Road, No. 489.....	\$36 269.40	\$36,096.15
Fly Road, No. 553.....	21,639.35	21,096.00
Fabius Road, No. 554.....	45,282.95	43,282.95
Chittenango Road, No. 555.....	88,593.20	88,593.20

Through several conferences with the Division Engineer, it was also learned that the method used by the State Engineer in determining the additional appropriations necessary to permit the letting of the work of improvement of these various roads, consists of taking as a basis the lowest bid received at the last letting, to which is added ten per cent. for engineering.

It has been stated by the Division Engineer that such an amount is fully adequate to meet the expense of engineering, and that all other estimates previ-

February 3, 1908.

ously made are practically abandoned and the lowest bid of a contractor considered as the actual and necessary cost of improvement not including the cost of engineering.

The additional appropriations asked for in the communications indicate that in making the estimate upon two of the roads according to the above method of computation the engineers evidently overlooked the change in the apportionment of the cost of the roads in the towns of Tully and Fabius, where the town's share is respectively, 13 per cent. and 9 per cent. (and not 15 per cent., as under the old law). thus making the percentage to be paid by the county and towns 48 per cent. for that portion of the improvement located within the town of Tully, and 44 per cent. for the cost of the improvements in the town of Fabius, the State paying 52 per cent. and 56 per cent. of the total cost, as the case may be.

The application of these new percentages of cost must necessarily in effect increase the previous available appropriation.

We find upon the basis of mileage in each of the towns of Fabius and Tully that the proportion of the cost of improving Road No. 489 in each of the towns mentioned, is 17.79 per cent. of the total cost in the town of Fabius, and 82.21 per cent in the town of Tully, the total length of the improvement being 4.44 miles, of which 3.65 miles is within the town of Tully and .79 is within the town of Fabius.

The lowest bid received for the improvement of the Tully Roads No. 489, was \$36,096.15, to which, according to the Engineer's rule above written, must be added ten per cent. for engineering, making the total cost of the improvement \$39,705.76.

\$32,642.11 of which represents the cost of that portion of improvement located in the town of Tully, and \$7,063.65 represents that portion of improvement located in the town of Fabius. The cost to the county and the town of Tully under the amended Law is 48 per cent., and the cost to the county and the town of Fabius 44 per cent.

Therefore the cost of the improvement of the said road to the county  
and the town of Tully would be 48 per cent. of the \$32,642.11, above  
given, or .....\$15,668.21

To the county and town of Fabius 44 per cent. of \$7,063.65, above given,  
or ..... 3,108.01

Making total cost to county and towns.....\$18,776.22

The appropriation previously made by the county for this same work was \$18,550.00. It therefore follows that granting the claim of the engineers that the addition of ten per cent. to the lowest bid forms a satisfactory revised estimate, the request for an additional appropriation from the county for this road should be for an amount which is the difference between the estimate as above.....\$18,776.22

And the original appropriation by the county and towns..... 18,550.00

Or .....\$ 226.22

In case of the Road No. 554, the improvement is located entirely within the town of Fabius, and the cost to the town is nine per cent. and to the county 35 per cent., or 44 per cent. for both, and the application of the same process of computation is more simple. The lowest bid received for the Fabius Roads was in January, this year, the amount being \$42,282.95. For the purpose of arriving at a new estimate to this should be added the ten per cent. for engineering, making a

February 3, 1908.

total cost of the improvement \$47,611.24; 44 per cent. of this amount  
would represent the town and county's share, or.....\$20,948.95

The previous appropriation by the county for this work was..... 19,295.00

Making the necessary additional appropriation.....\$ 1,653.95

In brief, to enable the State Engineer to let the work of improvement of Road No. 489 upon the basis of the lowest bid received, with ten per cent. added for engineering, it will be necessary for the county to raise but \$226.22.

Upon the Fabius Road, No. 554, it will be necessary for the county to make an additional appropriation of but \$1,653.95.

The requests for additional appropriations upon the Fly Road, No. 553, and the East Syracuse-Chittenango Road, No. 555, respectively, for \$7,000 and \$11,500, would require additional appropriations to be made by the county of one-half of said amounts as the new apportionment of the cost is the same as it was under the old Law.

The plan of obtaining the revised estimate of the cost of the improvement of these roads as advised by the engineers whereby all former estimates are set aside and the lowest bid assumed as a basis, might be considered as a satisfactory arrangement, *Provided*, there has been competition in the bidding. In the case of these four roads it does not appear that there was much competition in the bidding excepting for Road No. 489. There was practically no competition upon the Fabius Road No. 554, but the last bid received was by the same firm that previously made a proposal in an amount of \$2,000 greater than the one received January 20th. Owing to this apparent lack of competition in bidding for the work of improving Fly Road No. 553 and East Syracuse-Chittenango No. 555, and to the fact that it has not been clearly shown that the appropriations now available are insufficient to meet the cost of these improvements as planned, the average amount now available per mile for the improvement of the Fly Road which as planned is to receive a bottom course of gravel and a top course of three inches of limestone macadam, being \$7,227.46, and the average amount available per mile for the East Syracuse-Chittenango Road being \$11,181.00, we are of the opinion that no additional appropriations should be made upon these roads.

While there was a lack of competition upon the Fabius Road, the average cost per mile as per appropriation now available is but \$7,859, for a two-course macadam road bed with approved limestone top course, it would be advisable to make an additional appropriation as the county and town's share.

Your honorable Board would be justified in making an additional appropriation for the Tully Road No. 489 of \$226.21, and \$1,653.95 for the Fabius Roads No. 554, and we respectfully recommend that such appropriations be made and that the State Engineer and Surveyor be requested to readvertise all four roads at the earliest possible date.

We, therefore, as the result of such conclusions, offer the following resolutions:

(Signed)

N. O. SHEPARD,  
W. W. ESTEY,  
J. F. HAYDEN.

By Mr. Shepard:

Whereas, On March 17th, 1905, plans, specifications and estimate of cost for the improvement by State aid of the Tully Road No. 489, in Onondaga County, were

The following communication was read and ordered placed on file:

January 14, 1908.

Mr. L. E. Whittic, Clerk of the Board of Supervisors, Onondaga County:

Dear Sir—I am in receipt of your resolution of December 18th, 1907, wherein you state that you are unalterably opposed to changes to be made in the Phoenix Dam, the result of which you say will be the raising of the level of Onondaga Lake,

February 3, 1908.

flooding adjacent properties and interfering with the flow of water in the stream which empties into Onondaga Lake, and that such results will be detrimental to the interests of the citizens of Syracuse and Onondaga County.

In reply to this, I would state that you are without facts as to what we propose to do in regard to reconstruction of the Phoenix Dam, as the plans now in course of preparation have never been presented in such a manner that you have any knowledge of the character of our proposed construction.

Yours very truly,

W. R. HILL,

Special Deputy State Engineer.

Mr. Shepard, Chairman of the County Clerk's Committee, handed up the bond of James C. Butler, County Clerk, which was referred to the Committee on Jurisprudence.

On motion of Mr. Connell the Board adjourned.

### MARCH SESSION.

Monday, March 2, 1908.

The Board was called to order at the usual hour by the Chairman, Mr. Peck presiding.

Present—Messrs. Ellis, Klosheim, Somers, Chamberlin, Powers, Hoffman, Estey, Connell, Adams, Kelley, Boyle, VenBenthuisen, Conan, Wyker, Shepard, Harvey, Carr, O'Brien, Norton, Brilbeck, Young, Wiegand, Nichols, Schlosser, Lee, Sheedy, Hayden, O'Reilly, Cahill, Ostrander, Smingler, Hodge, Rubin, Boland, Wicks, Mott, Tyler, Mr. Chairman.

The reading of the minutes of the previous session, on motion of Mr. Rubin, was dispensed with, and the minutes as prepared by the Clerk, approved.

Mr. Ellis handed up the following report of the Committee on Erroneous Assessments:

To the Board of Supervisors of Onondaga County:

Gentlemen—Your Committee on Erroneous Assessments to whom was referred the petition of the Syracuse Lighting Company praying for the refund of nine hundred eighty-five dollars and thirty-six cents (\$985.36), with interest thereon from the 9th day of January, 1908, pursuant to an order of the Supreme Court made at a Special Term thereof by Mr. Justice George H. Fitts, respectfully report that, from an investigation of the facts, it appears that the proper steps have

been taken by said claimant to secure said order and that the same is binding upon the county, and there is no alternative but to carry out the directions of said order.

We therefore recommend the adoption of the following resolution:

Resolved, That the petition of the Syracuse Lighting Company for the refund of the sum of \$985.36, with interest from January 9th, 1908, be and the same hereby is granted. The same to be a charge against the city of Syracuse and to be included in the abstract of expenditures to be raised by taxation in said city for the year 1908, and the Clerk of this Board is directed to draw, and the Chairman to countersign, a warrant upon the Erroneous Assessment Fund for the sum of \$994.22, being the amount asked for together with interest as claimed.

Respectfully submitted,

Total amount claimed, \$994.22.

Total amount allowed, \$994.22.

EARL E. ELLIS,  
WM. F. HODGE,  
FRANK J. CARR,

Committee on Erroneous Assessments.

Adopted. Ayes, 34; noes, 0.

Mr. Rubin presented the following communication:

Syracuse, N. Y., Feb. 20, 1908.

To the Honorable Board of Supervisors of the County of Onondaga:

Gentlemen—We, the members and trustees of Root Post No. 151, Department of New York, G. A. R., once more appear before you as petitioners.

In coming before you again, we desire to say that we are not unmindful of the great favors and many kindnesses shown us by your honorable body in the past. We assure you that your generosity is fully appreciated and very kindly remembered. As we have informed you on a previous occasion, your generosity and kindness toward us have richly merited the sincerest expressions of our deepest gratitude.

Having been notified that we must soon vacate the rooms so kindly furnished us by your Board in the old Court House, we now find ourselves without a place in which to hold our meeting, and also in which "The Women's Relief Corps" can hold meetings.

We therefore come and ask you if it is not possible for your Board to allow us to use the room on the ground floor in the New Court House, facing on Jefferson street and east of the rooms now occupied by the Board of Education. This room could be easily fixed suitable for the meeting of the Post and of the Women's Relief Corps, so as to become a pleasant and permanent home for the Post and Corps.

It could also be arranged as a suitable place for the care and preservation of the many interesting relics and mementoes of the late Civil War and other wars in which men of Onondaga have participated. Suitable and tasty cabinets could be built with glass fronts, and placed in the niches, along the walls of the room, and would become a place of interest to those who shall come after us.

If you cannot set aside the room above mentioned, we desire to ask your Board if you cannot assign to us some other room or rooms where our meetings can be held, as well as the meetings of the Women's Relief Corps.

March 2, 1908.

We learn that in some other counties and cities, quarters have been set aside for the use of the Grand Army of the Republic and their auxiliary orders, the Women's Relief Corps. We are informed that this has been done in New York City in part, and in Rochester, Elmira, Geneva, Yonkers, Olean and other cities.

As we are required to vacate our present quarters so soon, we most respectfully pray that this petition may receive your prompt and favorable consideration.

With gratitude for your past kindness and assuring you of our highest regards and esteem, we are,

Most respectfully yours.

EDWARD C. FAY,

Commander Root Post No. 151, G. A. R.

WM. SEARS, Adjutant.

H. W. BURHANS,

A. H. MERRICK, Trustees.

L. O. MORGAN,

Mr. Hodge moved that the communication be referred to the Committee on Care and Supervision of County Buildings for investigation and that the result of their inquiry be reported to the Board at its next session.

Mr. Hodge consented that the motion be amended on motion of Mr. Brilbeck to give the committee power to secure quarters for the various Grand Army organizations in the city.

Messrs. Hoffman, Connell, Tyler and Adams spoke briefly on the motion.

Mr. Somers objected to the consideration of the resolution under Rule No. 5, and the Chairman declared the motion of Mr. Hodge laid over under the rule.

Mr. Rubin presented the following communication:

March 2nd, 1908.

Mr. M. D. Rubin, Chairman Armory Commission, City:

My Dear Mr. Rubin—As you may remember my telling you that Troop "D" is to have its first annual game on Monday, March 16th, at 8 P. M., and it would give us all great pleasure if the Supervisors would be present on this occasion. I would be glad if you would convey this invitation to them. This is the first opportunity this Troop has ever had to show what work it has been doing, and I am very anxious that the Board of Supervisors should attend. Of course, you understand this is not the official opening, but I should so much like to have you look over the Armory and its furnishings, with which we are very much pleased.

I trust that you will be able to come, and that you will feel well repaid for the trouble for so doing.

Sincerely yours,

HOWARD K. BROWN,

Captain.

On motion of Mr. Rubin, the invitation was accepted.

March 2, 1908.

The following communication from the State Board of Charities was presented by Mr. Rubin and ordered placed on file:

Feb. 14th, 1908.

Mr. M. D. Rubin, Syracuse, N. Y.:

Dear Sir—After considering the plans for the new Women's Dormitory at the Onondaga County Alms House, the Commission of the State Board of Charities on Construction of Buildings have decided to report favorably on the same—with such suggestions as to changes and additions as were noted with you to-day. at the next meeting of the Board.

Yours very truly,

AUGUSTUS FLOYD,

Com'r 2nd Jud. Dist.

Mr. Conan handed up the list of returned school taxes of School District No. 18, town of Pompey, which was filed and referred to the Committee on Jurisprudence.

By Mr. Connell:

Resolved, That the Clerk of this Board is authorized to draw, and the Chairman to countersign, a warrant upon the Miscellaneous Fund, payable to the County Treasurer, for the sum of Four Hundred Dollars (\$400.00), being the amount of the fine collected from Joseph D. Agostino, in December, 1905, and credited to the Penitentiary and Jail Fund of that year through misunderstanding. The said amount to be disbursed by the County Treasurer in accordance with Section 13 of the Liquor Tax Law.

Adopted. Ayes, 33; noes, 0.

By Mr. Conan:

To the Honorable Board of Supervisors:

Gentlemen—Pursuant to your resolution directing the undersigned to prepare specifications and receive proposals for the erection of headstones for deceased soldiers, sailors and marines for the ensuing three years adopted at the last session of your Board, we beg leave to report that a specification for such work was prepared and proposals advertised for and received pursuant thereto, and we present herewith the proposals for such work as stated which accompany a copy of the specification.

That Walser Brothers are the lowest bidders for all the towns and the city of Syracuse at \$13.25 per headstone, except that James R. Blanchard is the lowest bidder at \$11.40 per headstone for the towns of Cicero, Clay, Lysander and Van Buren, and we, accordingly, recommend that a contract be awarded to said Walser Brothers for the term of three years from the 1st day of March, 1908, for the erection of such headstones in all the towns of the county and the city of Syracuse at the rate of \$13.25 per headstone, except in the towns of Cicero, Clay, Lysander and Van Buren, and in these towns we recommend that a contract be entered into with James R. Blanchard for the erection of headstones at \$11.40 each.

Respectfully submitted,

F. X. WOOD,

Purchasing Agent.

HERBERT L. SMITH,

County Attorney.

Adopted.

Ordered filed and printed.

March 2, 1908.

By Mr. Conan :

Resolved, That the Purchasing Agent be and he hereby is authorized to enter into contracts for the erection of headstones for deceased soldiers, sailors and marines for the period of three years from the 1st day of March, 1908, with Walser Brothers of Syracuse, N. Y., for the erection of headstones in the city of Syracuse and all the towns of the county with the exception of Cicero, Clay, Lysander and VanBuren, in accordance with the specifications this day presented to the Board by said Purchasing Agent at the rate of \$13.25 per headstone, and also with James R. Blanchard of Baldwinsville, N. Y., in like manner for such headstones to be erected in the towns of Cicero, Clay, Lysander and Van Buren at the rate of \$11.40 each.

Adopted. Ayes, 37; noes, 0.

By Mr. Adams :

Resolved, That a warrant for the sum of one hundred dollars (\$100.00), signed by the Chairman and Clerk of this Board, be drawn on the Poor Fund payable to the order of Henry D. Nottingham, Superintendent of the Poor. the same to be deposited with various railroad companies as said Superintendent of the Poor shall deem proper, and to be used for railroad fare of the dependent poor from the City of Syracuse to places outside of the County of Onondaga on the order of said Superintendent of the Poor.

On motion of Mr. Rubin the Board took a recess of ten minutes.

When the Board resumed the session Mr. Somers withdrew his objection to the motion of Mr. Hodge regarding the communication of the Grand Army posts of the city and Mr. Hodge, with the consent of Mr. Brillbeck, withdrew the motion to refer the communication to the Committee on Care and Supervision of County Buildings.

There being no motion before the Board, the Chairman referred the communication to the Committee on Care and Supervision of County Buildings.

## APRIL SESSION.

### FIRST DAY.

Monday, April 6th, 1908.

The Board assembled at the usual hour, Mr. Peck, Chairman, presiding.

Present—Messrs. Ellis, Klosheim, Somers, Chamberlin, Powers, Hoffman, Estey, Connell, Adams, Kelley, Boyle, Van Benthuyzen, Conan, Wyker, Shepard, Harvey, Carr, O'Brien, Norton, Brillbeck, Wiegand, Nichols, Schlosser, Lee, Hayden, O'Reilly, Cahill, Ostrander, Smingler, Hodge, Rubin, Boland, Wicks, Mott, Tyler, Mr. Chairman.

Absent—Messrs. Sheedy and Young.

On motion of Mr. Rubin, the reading of the minutes of the previous session was dispensed with, and the minutes as prepared by the Clerk approved.

Mr. Rubin handed up the report of the Committee on Care and Supervision of County Buildings relative to quarters for the Grand Army of the Republic and its auxiliary bodies.

April 6, 1908.

To the Board of Supervisors of Onondaga County:

Gentlemen—Your committee, to whom was referred the communication of the members and trustees of Root Post, No. 151, Department of New York, G. A. R., and generally the question of providing quarters for the several Grand Army Posts of the City of Syracuse, and their auxiliary organizations in buildings of the county, or of appropriating moneys for rent of quarters outside of county buildings, beg leave to submit the following report:

Your committee caused inquiries to be addressed to the Clerks of the Boards of Supervisors of the following counties, to wit.: Westchester, Cattaraugus, Chemung, Ontario, Madison Erie, Oneida, Oswego, Munroe, Broome and Albany, inquiring as to what arrangements they made toward providing suitable quarters for the G. A. R. Posts in their respective localities, these being names of counties furnished us by officers of the G. A. R. in this city, as being counties in which rooms were provided for the Posts at public expense.

From these inquiries we learned that in Oswego County the G. A. R. Posts are to have quarters in the new Armory being erected in that city, and that the Posts at the present time occupy rooms paid for by themselves.

In Ontario County there are eight Grand Army Posts and the Board of Supervisors distribute to each \$50.00 per year, pursuant to a Special Act of the Legislature, viz.: Chapter 173 of the Laws of 1907. The officers of the Post are required to certify to the Board the amount paid annually by them for rent, fuel, light, etc., and upon certification the County Treasurer is authorized to pay to the Supervisors of the town in which the Post is located, the sum of \$50.00. There is also a similar Special Act for the County of Seneca, viz.: Chapter 358 of the Laws of 1907. The Ontario County officials found that they could not assist the Posts without special legislation.

In Cattaraugus County, the Grand Army Posts of the city of Olean occupy rooms in the Armory of the Forty-third Separate Company. The Armory was erected by the State and the county pays for the heating, lighting, etc.

In the County of Chemung the Posts have quarters in the State Armory, which is maintained at the expense of the county.

In Westchester County no quarters are provided by the county for G. A. R. Posts.

In Oneida County no quarters are provided for the G. A. R. Posts, and a request for the setting apart of rooms in their new Court House was laid on the table.

In the County of Monroe, where since its erection the G. A. R. Posts have occupied quarters in their Court House, we learn that notice has recently been served upon them to vacate the rooms occupied by them on or before July 1st, to make room for county officers.

We have investigated the matter of providing rooms in the new Court House in this city, and find that provision must be made in the near future for larger quarters for present officials and for several new officers, which, with the rooms rented to the city, exhaust the available space in that building, except the room set apart for public assemblages.

The question of abolishing the Assembly hall in this building, and storing the large number of benches and other furniture provided for it at considerable expense, we investigated carefully. We find that there is great necessity for such a room in which public meetings and conventions may be held, and that the room has been quite freely used for such purposes already. That its location in the building, away from the courts and other offices where the incidental noise will not disturb, render it particularly desirable. We believe it would be inexpedient and inadvisable to abolish such a room, and put out of use the furniture in it, and which, in all probability, will be required for other purposes of an official nature.

April 6, 1908.

We next took up the matter of providing quarters elsewhere, and took up first the question of making appropriations for rent of rooms in other buildings. We were advised that the statutes do not authorize such expenditures by the Board of Supervisors and the decisions of the courts hold it improper. We found also that several towns already are providing for their local posts and that for the county to levy a tax for this purpose for Syracuse posts would subject these towns to burdens of taxation in which they had no interest, and from which they derived no benefit. the subject matter of which they already provide for and which solely belonged to the city of Syracuse.

Finally, we took up the question of providing accommodations in the new State Armory, and found that where there are armories in other counties, the custom largely prevails of setting aside rooms for the use of these organizations. That the armory is open evenings, at which time the posts have their meetings, and the county buildings are not. That Section 137 of the Military Code, provides that "on the application of one or more posts of the Grand Army of the Republic, or other veteran organizations of honorably discharged union soldiers, sailors or marines of the late war or sons of veterans. approved by the commanding officer of the brigade of the National Guard in whose jurisdiction, armories, the property of the State, are located, and the officer in charge of such armory, subject also to the approval of the adjutant general, and under such restrictions as he may prescribe, the officer in charge of any State armory designated by the adjutant general shall provide a proper and convenient meeting room or rooms in such armory, where such posts or other veteran organizations may hold regular and special meetings, without the payment of any expense therefor." The language of this section is mandatory, and not simply permissive as is that affecting municipal corporations. In fact, the intent of the statutes seems to be that where possible, rooms shall be provided in State armories for holding meetings of these organizations. The new armory in this city was built to provide accommodations for three different companies. There are only two in existence at the present time, rooms for which were finished off by the State, and furniture for which was purchased by the county. The rooms for a third company were not finished or furnished. They are ample and well suited, in our judgment. for the use of the G. A. R. posts and can be finished by the State and furnished by the county at no great expense. The present quarters occupied by Root Post in the old court house must be surrendered by it shortly so that possession of the building may be transferred to the city of Syracuse, which has purchased it. Under all the circumstances, we feel that the best course to pursue is for the posts to make application for rooms in the new armory in accordance with the section of the Military Code quoted above, and pending their being made ready for occupancy, secure a temporary meeting place.

We, therefore, recommend that the application for rooms in the new Court House be not granted; that the several veteran organizations make application for rooms in the new armory under the provisions of section 137 of the Military Code; and that it is the sense of this Board that the county make full and adequate provision for furnishing such rooms in the new armory.

Respectfully submitted,

A. L. SOMERS,

Mr. Powers handed up the following communication from the State Engineer and Surveyor, which was read and referred to the Committee on Highways and Bridges:

March 30, 1908.

The Honorable Chairman and Board of Supervisors of Onondaga County, Syracuse, N. Y.:

Gentlemen—A letter recently received by me from the State Engineer and Surveyor would indicate that your Board and the State Engineer do not interpret alike the application of the new law in regard to the readjustment of the percentage of cost to the State, county or town of highways for the improvement of which appropriations had been previously made. For this reason, I would like to try and explain the workings of the new law as applied to the percentages and amounts to be paid by the State, county and town.

Chapter 718 of the Laws of 1907 amended Chapter 469 of the Laws of 1906, and when Chapter 718 became a law, which it did on July 24th, 1907 (the date the Governor signed the bill), the change in the proportionate amount to be borne by the State, county and town went into effect, and the question then to be decided was as to which roads could properly be considered as coming within the provisions of

April 6, 1908.

this act. After careful consideration, it was deemed impracticable to attempt to place any of the roads for which contracts had been awarded prior to July 24th, 1907, under the provisions of Section 4 as amended by Chapter 718.

Inasmuch as the counties had approved their plans and the contracts had been awarded and all proceedings taken on the basis of State and county, each paying one-half, it seemed proper to continue on that basis with all roads which had been placed under contract prior to July 24, 1907, and in fact it was impracticable to do otherwise. It was practicable, however, to apply the revised percentages to roads awaiting contract and when no moneys had been expended except for preliminary surveys, and on August 1st, 1907, we went through the entire list of roads awaiting contract at that time and figured the exact amount which the State, the county and the town or towns should pay on each road, based upon the percentage provided by Section 4 of Chapter 469 as amended by Chapter 718, entering on the books at the head of the amount for each road the proportionate sum which is to be borne by the State, county and town, and we have used these proportionate amounts in all computations which we have made since that date for all roads which were awaiting contract on August 1st, 1907. In other words, on August 1st, 1907, the proportionate amount to be paid by the State, county and town was adjusted and the proper amount made available.

In making these new apportionments we could not, under the law, follow the suggestion as outlined in the report made by your Highway Committee under date of February 3, 1908, a copy of which was transmitted to the State Engineer. The reason for this is that your Board has approved the plans for road at a certain total estimated cost. Under the law that total estimated cost should not be increased without another resolution by the Board of Supervisors. The only thing which could be done, and that which in fact we did do, was to take the total estimate approved by the Board at the time the plans were approved, and apply to such total appropriation the percentages provided in Section 4, and thus obtain the amount to be borne by the State, county and town for each road. As an illustration, take for instance the Fabius Roads No. 554, in which the State would pay 56 per cent., the county 35 per cent., and the town of Fabius 9 per cent., or the State \$21 610.40, the county and town 44 per cent., or \$16,979.60, which is all that is available under the new law, the county being practically rebated \$2,315.40. Any additional appropriations which may have been made, or have been made by counties since August 1st, 1907, on roads not awarded for contract upon that date have been figured on this basis, and it is in following out that rule that the amount of appropriations must be figured for the roads in question in Onondaga County.

Perhaps an illustration of the working of this plan would be in order, and we will take for illustration the Fabius Road No. 554, the total estimated cost of which was \$38,590.00. Previous to August 1st, 1907, the State would have paid \$19,295.00, the County of Onondaga 35 per cent., or \$13,506.50, and the town 15 per cent., or \$5,788.50. At the readjustment on August 1st, 1907, the State's share was fixed as 56 per cent., or \$21,610.40, the county 35 per cent., or \$13,506.50, and the town 9 per cent., or \$3,473.10, the State bearing 6 per cent. of the town's share, or \$2,315.40, which is the difference between the \$19,295.00 and \$16,979.60, and in reality a rebate to the county under this adjustment. On February 3rd, the county appropriated \$2,000 additional, which carried a State appropriation of \$2,545.45. Figured on the new basis it makes a total additional appropriation of \$4,545.45, which, added to the original estimate of \$38,590.00, makes a total amount now available of \$43,135.45. The revised estimate of cost as per your Board's method of reasoning, as shown in your report under date of February 3rd, and which we consider as sufficient is approximately \$47,000.00. The difference between \$47,000.00 and the amount now available, or \$43,135.45, is approximately \$3,900.00, which would require an additional appropriation by the county of \$1,716.00, which is 44 per cent. of \$3,900.00, the additional amount required. Sub-dividing it the State would pay 56 per cent., or \$2,184.00, the county 35 per cent., or \$1,365.00, and the town of Fabius 9 per cent., or \$351.00.

April 6, 1908.

According to the above figures the total estimated cost of the road will be \$47,035.45, of which the county and town are to pay 44 per cent., or \$20,695.60. To make the statements more clear, it appears that under date of December 20th, 1905, your Board appropriated \$19,295.00 for this road, and on February 3rd, 1908, the Board added to the same the sum of \$2,000.00, stating that it was your intention to appropriate in all the sum of \$21 295.00 as the county and town's share. Such would have been the result, but for our rule made after the enactment of the law of 1907, giving to the county and town the benefit of the reduced percentage of cost on roads where contracts were not awarded, and the application of this rule resulted in there being available the sum of \$16,979.60 as the town and county's share instead of \$19,295.00, the amount supposed by your Board and others interested to be available. By appropriating the additional sum now necessary the total amount of the town and county's share will be \$20,695.60, which is in reality \$609.40 less than your Board under its two previous resolutions supposed it was appropriating in making available for this road.

I have gone into this matter at some length, but I simply desired to explain thoroughly the workings of the new law so that we will all have a clear understanding of the case in question.

Very truly yours,

HENRY B. BREWSTER,

Division Engineer.

By Mr. Powers:

Whereas, On December 20th, 1905, plans and estimate of cost for the Fabius Roads, No. 554 were presented to this Board by the State Engineer and Surveyor and duly approved, and an appropriation of \$19,295.00 was made as the county and town's share of the cost of construction thereof, and

Whereas, On February 3rd, 1908, a further appropriation of \$2,000.00 was made by this Board, and

Whereas, Under a ruling of the Attorney General based upon Chapter 718 of the Laws of 1907, it has been determined by the State Engineer that only \$16,979.60 of said first appropriation of \$19,295.00 is available for the construction of said road, and that the further sum of \$1,716.00 will be necessary to complete the full appropriation or estimated cost of said improvement. to wit, \$47,000.00, and

Whereas, This Board is notified through the State Engineer's Department of the necessity for such further appropriation of \$1,716.00, being 44 per cent. of the increased estimated cost amounting to \$3,900.00, of which the State pays 56 per cent., or \$2,184.00, the County of Onondaga 35 per cent., or \$1,365.00, and the town of Fabius 9 per cent, or \$351.00,

Resolved, That the Treasurer of the County of Onondaga is hereby authorized to pay, upon the requisition or draft of the State Engineer and Surveyor, the sum of \$1,716.00, being 44 per cent of the increased estimated total expense of this work (in addition to the sum of \$16,979.60 available of the appropriation of \$19,295.00, made December 20th, 1905, and to the appropriation of \$2,000.00 made February 3rd, 1908), for the improvement and construction in accordance with Chapter 115 of the Laws of 1898, of the Fabius Roads, No. 554, said sum being hereby made immediately available for such purpose; and if he should find it necessary, said County Treasurer is hereby authorized to raise on the obligation of the county such a sum as is necessary to meet such requisition or draft and this appropriation is made on the assumption that, but the sum of \$16,979.60 of the sum of \$19,295.00 appropriated December 20th, 1905, is available or can or will be used in defraying the county and town's share of the cost of construction of said road.

Referred to Committee on Highways and Bridges.

Mr. Wicks presented the following communication from the County Attorney, which was read and ordered filed:

April 6, 1908.

To the Board of Supervisors of Onondaga County:

Gentlemen—In keeping the accounts of the audits made against the several funds, the Clerk of the Board is required to make personal and informal inquiries for the amount of receipts taken in by the several county officers and deposited by them to the credit of their respective funds, with the County Treasurer. There should be some official evidence of these deposits filed with the Clerk. I, therefore, recommend that the County Treasurer be directed to issue duplicate receipts for all moneys so deposited with him and that the officers receiving such shall forthwith file one of such receipts with the Clerk of the Board.

I also find that there are several methods in use in the several departments for keeping a record of requisitions for supplies made upon the Purchasing Agent. I believe that the record of these can be kept substantially on a uniform plan to the advantage of the work, and that all departments and county officers should be furnished with them for this purpose, and for the purpose of keeping a record of all bills submitted to the Board with their approval. I, therefore, recommend that suitable forms be prepared and furnished accordingly.

Respectfully submitted,

HERBERT L. SMITH,

County Attorney.

By Mr. Wicks:

Resolved, That the County Attorney prepare and the Purchasing Agent furnish suitable forms for the keeping of records by the several county officers of requisitions made by them for supplies and all bills approved by them for audit by this Board.

Adopted.

By Mr. Wicks:

Resolved, That hereafter all county officers depositing moneys with the County Treasurer to the credit of their respective funds, take from him and the said County Treasurer shall furnish duplicate receipts for such amounts, one of which shall be forthwith filed with the Clerk of the Board by such county officer.

Adopted.

By Mr. Wyker:

Whereas, The Plank Road, commonly known as the Liverpool and Salina Plank Road, has been abandoned, and

Whereas, There is necessity for maintaining such highway in good condition for the convenience of the public until such time as the same shall be improved under the proposed State system of highways, application for which such improvement, has been duly made,

Resolved, That that part of said road extending from the city line of the city of Syracuse on the south to the boundary line of the village of Liverpool, be and the same hereby is declared to be a county road pursuant to the provisions of Section 80 of the County Law, until such time as it may be improved as a State highway, and that the same shall be cared for and maintained during such time at the expense of the county, and under the direction of the Superintendent of Highways.

Referred to Committee on Highways and Bridges.

On motion of Mr. Tyler, the Board took a short recess.

When the Board reconvened, Mr. Hayden handed up the report of the Committee on Salaries as follows:

To the Honorable, the Board of Supervisors of Onondaga County:

Gentlemen—Your Committee on Salaries respectfully report that we have carefully examined the claims referred to us of various county officials and employees for the month of March, 1908.

We find the amounts set forth in said accounts and payrolls to be correct and have allowed the claimants the amounts set forth in said accounts and payrolls.

Resolved, That the Clerk of this Board be, and he hereby is directed to draw county warrants on the County Treasurer of Onondaga County, payable from the proper funds in favor of the said claimants and for the amounts allowed.

JOHN F. HAYDEN,  
THOMAS E. LEE,  
J. E. CONNELL,

Committee on Salaries.

By Mr. Ellis:

To the Board of Supervisors of Onondaga County:

Gentlemen—The petition of W. W. Plumb, Trustee of the South Presbyterian Church, Syracuse, N. Y., is referred to your Committee on Erroneous Assessments.

We beg leave to report that we have investigated the claim in said petition and find all the facts therein stated to be true, and that the property mentioned therein was doubly assessed, and that the assessment of said property of L. L. Chapman was erroneous and void, and that the sum of \$12.21 paid by the petitioner to satisfy said tax should be refunded.

April 6, 1908.

We respectfully recommend the adoption of the following resolution:

Resolved, That the prayer of said petitioner be granted, and that the sum of \$12.21 be refunded to said South Presbyterian Church of Syracuse, N. Y., upon its filing in the office of the Clerk of this Board the tax sale certificate received by it upon the County Treasurer.

Respectfully submitted,

EARL E. ELLIS,  
WILLIAM F. HODGE,  
FRANK J. CARR,

Committee on Erroneous Assessments.

By Mr. Shepard:

To the Honorable the Board of Supervisors of the County of Onondaga:

Gentlemen—Your Committee on Highways, Bridges and State Roads, pursuant to a resolution of February 3, 1908, directing said Committee to:

- (a) Look over the crushing plant and quarry at the Penitentiary farm;
- (b) Estimate the daily capacity of said plant;
- (c) Determine the advisability of employing prisoners to operate the crushing plant;
- (d) Determine the advisability of employing prisoners, not necessarily and regularly engaged in the care of the Penitentiary farm, or industries in connection therewith, in breaking stone by hand;
- (e) Determine the best method to secure the largest output of broken stone at least cost; beg leave to report as follows:

To enable the Committee to pass judgment upon the various questions above outlined, a number of visits have been made to the Penitentiary and the quarry. An examination of the crushing plant, including the machinery and implements used therein shows the outfit to consist of two Acme crushers, a fifty horse power stationary engine, a fifty horse power boiler, combined traction and road roller engine, two steam drills, two-hundred ton bin, elevator, and screens to separate

April 6, 1908.

the crushed product into four grades of stone, six patent dumping wagons, hay scales, wheel barrows, and other small tools necessary to be used in the usual quarry work. Three of the six teams at the institution have been usually considered as a part of the crushing outfit.

All of the machinery above mentioned except the boiler was found to be in fair condition. An experienced boiler maker was employed to inspect the boiler, and his report shows the fire box to be defective, rendering the use of the boiler unsafe at a steam pressure which would be required to run the machinery.

The testimony of the Superintendent of the Penitentiary regarding the previous cost of operating the crusher and the management in connection therewith, together with the usual employment of the prisoners in the various lines of work, has been taken.

Testimony of men of long experience in the work of quarrying and crushing stone was also taken.

From the evidence thus obtained the Committee fixes the daily minimum capacity of the plant at 125 tons of stone on the basis of an eight hour day.

With reference to the advisability of employing the prisoners to quarry and supply stone for crushing purposes, the testimony of the Superintendent of the Penitentiary shows that a sufficient number of able bodied prisoners to daily operate the crushing plant to its capacity are available.

All information obtainable leads your Committee to believe that as many of the prisoners as can be worked to advantage in the quarry and in running the crushing plant should be detailed for that work.

Upon the advisability of breaking stone by hand, it seems that some of the weaker class of prisoners are now employed at that kind of work. The requirements of County Law and the recommendations of the State Prison Commission show that all of the prisoners not necessarily employed about the institution must be provided with some form of hard labor. The breaking of stone by hand as well as the employment of the prisoners in the quarry or for any other kind of work is required by law to be ordered and regulated by your honorable Board:

Your Committee is therefore of the opinion that every prisoner, not physically incapacitated or not regularly and necessarily employed to properly keep and maintain the institution, and not regularly employed in some industry previously designated by your honorable Board, be required to break stone by hand and that the sentence by the courts be as required by law to hard labor.

It has been impossible to determine the exact amount of crushed stone produced during the last season, but a statement received from the Superintendent of the Penitentiary covering the operations for a stated period fixes the average daily output at seventy tons. The amount of stone sold for the year ending January 1, 1908, 6,769 tons at an average net price to the county of twenty-two and one-fourth cents.

With reference to securing the largest output at the least cost, the Committee finds that on May 7, 1907, a resolution was passed directing the Superintendent of the Penitentiary to furnish crushed material to the towns, villages and city of the county upon the requisition of the Superintendent of Highways at a certain scale of prices also adopted by the Board at that time. This arrangement has not proven altogether satisfactory on account of the divided responsibility in connection with the production and sale of the material. Since the crushing plant was installed and the initial effort to secure the crushed stone for use upon the highways, a Department of Highways for the county has been established.

The duties of the Superintendent of the Penitentiary have increased in various ways and a statement furnished by him shows him to believe that the quarry could be controlled and operated to better advantage by some one who could give the crushing proposition closer attention than he has been able to give.

April 6, 1908.

After carefully considering all matters relating to the supply of stone to the municipalities of the county it is the opinion of the Committee that the sale of the material properly belongs to the Superintendent of Highways, and that the management of the quarry should be vested in said officer.

The Committee employed an engineer to assist in making a survey and a plan of a switch and siding from the D., L. & W. R. R. into and over a piece of land previously purchased by the county for the purpose of developing a loading station at a point nearer the site of the quarry land, thereby decreasing about one-half the length of the haul by teams. This plan is herewith presented and in the opinion of the Committee and engineer it is entirely practical to construct said switch and side track.

Existing conditions prove the advisability of at once making provisions for the construction of the side track over county land for a distance of about six hundred feet.

By securing permission from the State the track could later be extended across State land a distance of about eight hundred feet to the county quarry land, permitting the stone product to be loaded directly upon the cars without further use of teams.

The following recommendations are respectfully made:

1. That the operation of the quarry and crushing outfit and the sale of the product at prices heretofore fixed be given over to the exclusive control and management of Superintendent of Highways.

2. That the Superintendent of the Penitentiary grant the Superintendent of Highways possession of such quarry land as may be needed and transfer to him the entire crushing plant as above mentioned.

3. That the Superintendent of the Penitentiary detail, from time to time, upon the request of the Highway Committee such number of able bodied men each day as said Committee may determine to be necessary to operate the plant and attend to the work pertaining to the quarry and the loading of the crushed product, such men to be regularly employed from day to day and not used for any other kind of work.

4. That the Superintendent of the Penitentiary furnish daily to guard the prisoners engaged in quarry work such number of keepers as he may deem to be necessary, such keepers to direct and oversee the prisoners as required by the Superintendent of Highways; assign the quarryman now employed to the quarry work, said quarryman to devote his whole time to the work as directed by the Superintendent of Highways.

5. That the Superintendent of the Penitentiary be directed to assign to the quarry work upon the request of the Highway Committee such number of teams with a prison driver and complete teaming outfit as may be determined by the said Committee to be necessary. Such teams to be regularly employed at the quarry under the direction of the Superintendent of Highways and not used for any other work.

6. That the Superintendent of the Penitentiary be directed to furnish the water from the present water system that it may be found necessary to use in connection with the boilers and the usual quarry work.

7. That the Superintendent of the Penitentiary be directed to establish the time of service each day for the men, teams and keepers set aside for quarry work to begin at eight A. M. and consist of at least seven hours actual work exclusive of the time consumed in going to and from the institution.

8. That the Superintendent of Highways be authorized and directed to assume the control and management of the county quarries and crushing outfit therein and to work and operate the same in such manner, not inconsistent with the directions of the Board of Supervisors, as in his judgment will be for the best interest of the county.

April 6, 1908.

9. That the Superintendent of Highways be authorized to collect in behalf of the county the proceeds from the sale of the crushed stone, and be directed to pay the same to the County Treasurer at least once a month and be required to give a bond in the sum of two thousand dollars for the safe keeping, paying over and accounting for all property and moneys belonging to the county. He shall also be required to submit to the Board of Supervisors a detailed monthly report of all receipts and expenditures pertaining to the operation of the quarry, together with such additional information as the Highway Committee may require.

10. That the sum of three thousand and thirty-seven dollars heretofore appropriated and made a part of the Penitentiary Fund for the purpose of operating the quarry be transferred to the Highway Fund and used exclusively to meet the expenses of the operation, repair and maintenance of such crushing plant, or the payment of the expense of such improvements as the Highway Committee may decide from time to time to be necessary.

11. That in order to handle the crushing plant to the best advantage the Superintendent of Highways be authorized to employ an engineer, and also be authorized to employ from time to time, as may be found necessary to properly operate and work the crushing plant and quarry, or to provide for the sale of crushed stone and collection of accounts, or to perform such other duties in the Highway Department as the Superintendent of Highways may direct, an assistant. The daily compensation of such engineer and assistant shall be fixed by the Highway Committee, and be paid from the highway fund in the regular way.

12. That the Highway Committee and Superintendent of Highways be authorized to procure the necessary repairs to the old boiler or another boiler whichever in their judgment may be for the best interests of the county, the necessary expense in connection therewith to be paid from the Miscellaneous Fund.

13. That the Highway Committee and Superintendent of Highways be authorized to negotiate with the D., L. & W. R. R. Company for the placing of a side-track, and also be authorized to make such contract or provision for the construction of such side-track as may be necessary. The cost of such work not to exceed one thousand dollars to be paid from the Miscellaneous Fund.

We, the undersigned Inspectors of the Penitentiary, do hereby approve of the foregoing recommendations.

GEORGE S. HERRICK,  
JACOB GEHM, JR.,  
W. C. NEWELL.

Dated Syracuse, N. Y., April 6. 1908.

Respectfully submitted,

N. O. SHEPARD,  
W. W. ESTEY,  
JOHN F. HAYDEN,

Committee on Highways, Bridges and State Roads.

Mr. Shepard moved the adoption of the report, but under objection of Mr. Nichols the report was laid over until the next legislative day.

Mr. Rubin moved that when the Board adjourned it be until April 14th, 1908, at 2 o'clock P. M.

Carried.

April 6, 1908.

On motion of Mr. Nichols the Board accepted the invitation of Superintendent Bentley to visit the penitentiary stone quarry on Friday, April 10th, for the purpose of inspecting the stone crushing plant.

Mr. Peck handed up the lists of returned school taxes for Districts Nos. 6, 13 and 14, Town of Dewitt, which were referred to the committee on Jurisprudence.

Mr. Shepard stated that the Committee on Highways and Bridges approved the resolution of Supervisor Ellis relative to additional estimates for an improved top dressing on State Road No. 558, known as the Genesee Turnpike.

Mr. Ellis called up the resolution offered by him earlier in the day relative to additional estimates for a syenite or trap rock top dressing on State Road No. 558, and moved its adoption.

The resolution was adopted. Ayes, 31; noes, 0.

On motion of Mr. Nichols the clerk was ordered to have the report of the Committee on Highways and Bridges relative to the stone crushing plant at the penitentiary printed and each member of the Board furnished with a copy.

On motion of Mr. Connell the Board adjourned.

E. R. DEMING,  
Clerk.

Adopted.

By Mr. Rubin:

Resolved, That Frank X. Wood, Purchasing Agent, be and he hereby is authorized and directed to enter into a contract on behalf of the county with Leamy, Clynes and Leamy for furnishing all the material and labor necessary for the completion of the mason work for the new Women's Dormitory Building to be erected in connection with the County Home, amounting to \$53,300.00; and with John J. Sherlock for all the material and labor necessary for the carpenter work for such building, amounting to \$43,885.00; and with Edward P. Bates for all material and labor for the heating and ventilation in connection with such building, amounting to \$16,995.00, all in accordance with the plan, working drawings and specifications for such work heretofore provided and authorized by this Board.

Adopted. Ayes, 31; noes, 0.

On motion of Mr. Rubin, the Board took a recess of fifteen minutes.

On reconvening, Mr. Rubin offered the following resolution and moved its adoption.

A Resolution authorizing the issuance of One Hundred and Twenty Thousand Dollars of bonds of the County of Onondaga, New York, to provide a fund for the payment of the cost of erecting and constructing a Women's Dormitory Building in connection with the County Home or Almshouse for county uses and purposes; providing for a tax to pay the principal and interest of said bonds; providing for an undertaking to be given by the County Treasurer pursuant to Section 14 of the County Law; and providing for the use and disposition of the proceeds received from the sale of said bonds; adopted pursuant to the authority of Chapter 18 of the General Laws of the State of New York, being Chapter 686 of the Laws of 1892, and the acts amendatory thereof and supplementary thereto and known as the County Law, ——— votes (being the votes of more than two-thirds of all the members elected to the Board of Supervisors of Onondaga County) being cast in favor of, and . . . . . votes against its passage.

Whereas, The Board of Supervisors of Onondaga County, State of New York, have heretofore determined that it is necessary to erect a Women's Dormitory Building in connection with the County Home upon lands now owned by it in the town of Onondaga, in said county, and has entered into contracts for the erection of such building; and

Whereas, It is necessary to provide a fund for the purpose of paying the cost of the erection and construction of said County Almshouse Building and of fur-

nishing and equipping the same by the issue and sale of bonds of said county to the principal amount of One Hundred and Twenty Thousand Dollars (\$120,000.00),

Now, Therefore, Be it Resolved, That the Board of Supervisors of Onondaga County, for the purpose of providing a fund sufficient for the purposes heretofore specified, do hereby authorize and direct the issuance of bonds of said County in its name and upon its credit for the amount of One Hundred and Twenty Thousand Dollars (\$120,000.00). The said bonds shall be registered in form, shall bear date as of April 1st, 1908, and shall bear interest at the rate of 4 per cent. per annum, payable semi-annually on the first days of April and October in each year until the payment of the principal amount of said bonds. Both principal and interest of said bonds shall be payable in gold coin of the United States of America of the present standard weight and fineness at the office of the Morton Trust Company, in the City of New York.

The bonds shall be one hundred and twenty in number, numbered from one to one hundred and twenty, and shall be of the denomination of one thousand dollars (\$1,000.00).

Five of said bonds shall mature on the first day of April in each of the years 1919, 1920, 1921, 1922, 1924, 1925, 1926, 1927, 1929, 1930, 1931, 1932, 1934, 1935, 1936 and 1937, and ten of said bonds shall mature on the first day of April in each of the years 1923, 1928, 1933 and 1938. The said bonds shall be signed by Willard H. Peck, Chairman of the Board of Supervisors, and by William W. Woese, Treasurer of the County, and the county seal shall be affixed and attested by the County Clerk, and said bonds shall be substantially in the following form:

No. \_\_\_\_\_.

\$1,000.00

STATE OF NEW YORK.

Adopted. Ayes, 30; noes, 0.

The Board took a recess and upon reconvening Mr. Shepard called up the report of the Committee on Highways and Bridges covering the investigation of the Committee of the stone crushing plant at the penitentiary.

The report was ordered placed on file by the chairman.

April 14, 1908.

Mr. Shepard handed up the following resolution and moved its adoption:

Resolved, That from and after this date the operation of the quarry and crushing plant at the penitentiary, and the sale of the product at the prices heretofore fixed, be transferred from the Superintendent of the Penitentiary to the Superintendent of Highways, and that the latter have the exclusive control and management of the same, and he is hereby directed to immediately assume control of and operate the same; and be it further

Resolved, That the Superintendent of the Penitentiary be, and he hereby is directed to turn over to the Superintendent of Highways such quarry land as the Highway Committee may determine to be necessary, and the entire crushing plant, consisting of two Acme crushers, a fifty horse power stationary engine, a fifty horse power boiler, combined traction and road roller engine, two steam drills, two-hundred-ton bin, elevator and screens to separate the crushed product into four grades of stone, four patent dumping wagons, hay scales, wheel-barrows, small tools and all other accessories belonging thereto, and be it further

Resolved, That the Superintendent of the Penitentiary be, and he hereby is directed to furnish and detail from time to time, as may be required, upon the request of the Highway Committee, such number of able-bodied prisoners as may be necessary to operate said plant and to do the work of quarrying the stone and loading the crushed product, such prisoners to be regularly employed from day to day, and be it further

Resolved, That the Superintendent of the Penitentiary be, and is hereby directed to assign from time to time, upon the request of the Highway Committee, for work in breaking stone by hand under the direction of the Superintendent of Highways, all prisoners not physically incapacitated, or not regularly and necessarily employed to properly keep and maintain the institution, and not regularly employed in some other industry therein, and be it further

Resolved, That said Superintendent of the Penitentiary be responsible for the safe-keeping of all the said prisoners, and to that end he hereby is directed to furnish daily such keepers as he shall deem necessary and proper to safely guard said prisoners engaged in all of the work aforesaid, such keepers to guard, direct and oversee the prisoners while at such work as may be indicated by the Superintendent of Highways, and be it further

Resolved, That the Superintendent of the Penitentiary assign the quarry superintendent now employed to quarry work, said quarry superintendent shall devote his entire time to said quarry work as directed by said Superintendent of Highways, and be it further

Resolved, That the Superintendent of the Penitentiary be, and is hereby directed to assign to the quarry work upon the request of the Highway Committee such number of teams with prison drivers and complete teaming outfit, as may be determined by the said committee to be necessary, such teams to be regularly employed at the quarry under the direction of the Superintendent of Highways, and be it further

Resolved, That the Superintendent of the Penitentiary be, and hereby is directed to furnish so much water from the present water system as may be necessary to use in connection with running the boilers and in the usual quarry operations, and be it further

Resolved, That the term of service each day for the men, teams and keepers set aside for quarry work, shall begin at 8 A. M. and consist of at least seven hours' actual work, exclusive of the time consumed in going to and from the institution, and be it further

April 14, 1908.

Resolved, That any and all resolutions, rules or local laws heretofore adopted, inconsistent with the above provisions be and the same hereby are rescinded.

Mr. Boland objected to the consideration of the resolution, under Rule No. 5, and the Chairman declared the resolution laid over under the rule.

By Mr. Shepard:

Resolved, That the Superintendent of Highways be authorized and directed to assume the control and management of the county quarries and crushing outfit therein and to work and operate the same in such manner not inconsistent with the directions of the Board of Supervisors, as in his judgment will be for the best interests of the county, and be it further

Resolved, That the Superintendent of the Highways be, and he hereby is authorized and directed on behalf of the county, to collect the proceeds of the sale of all stone, and he is hereby directed to turn such proceeds over to the County Treasurer at least once in each and every month; such moneys so turned over shall be credited to the Highway Fund, and such Superintendent of Highways is hereby directed to give a bond to the county in the penal sum of two thousand dollars, with one or more sureties, conditioned for the proper accounting of all moneys so collected by him for the sale of such stone, which said bond shall be approved by the Chairman of this Board, and which shall be filed with the Clerk of this Board, and said Superintendent is hereby required and directed to make detailed monthly reports to this Board of all sales, receipts and expenditures in detail in connection with the operation of said quarries, and to give such additional information as may be required by this Board or its Highway Committee.

Mr. Boland objected to the consideration of the resolution under Rule No. 5, and the Chairman declared the resolution laid over under the rule.

By Mr. Shepard:

Resolved, That the Superintendent of Highways be, and he hereby is authorized to employ an engineer to operate engines connected with the crushing plant on the penitentiary farm; and also to employ from time to time, as may be necessary, an assistant to assist in the operation of said crushing plant and quarry and the sale of the crushed stone and the collection of accounts, and to perform such other duties in the Highway Department as the Superintendent of Highways may direct, and be it further

Resolved, That the daily compensation of such engineer and assistant be fixed by the Highway Committee of this Board and paid from the Highway Fund upon proper audit, at not to exceed three dollars per day.

Mr. Boland objected to the consideration of the resolution, and the Chairman declared the resolution laid over under the rule.

By Mr. Shepard:

Resolved, That the sum of \$3,037.00 heretofore appropriated and made a part of the Penitentiary Fund for the purpose of operating the quarry at the Penitentiary, be transferred to the Highway Fund and used exclusively to defray the expenses of the operation, repair and maintenance of the crushing plant and the

April 14, 1908.

expense of such improvements therein as the Highway Committee may from time to time deem necessary.

Mr. Boland objected to the consideration of the resolution under Rule No. 5, and the Chairman declared the resolution laid over under the rule.

By Mr. Shepard:

Resolved, That the Highway Committee be, and it hereby is authorized to enter into negotiations with the D., L. & W. R. R. Company for the construction of a side track into the quarry on the Penitentiary Farm, and to make such contract or provision for the construction of the same as they may deem proper, provided, however, that the total cost of the same shall not exceed the sum of One Thousand dollars, the expense thereof to be paid from the Miscellaneous Fund by an order in the regular way.

Mr. Boland objected to the consideration of the resolution under Rule No. 5, and the Chairman declared the resolution laid over under the rule.

Mr. Boland moved that when the Board adjourn it be until Friday, April 17th, 1908, at 2 P. M., and that the consideration and adoption of the resolutions offered by Mr. Shepard be made a special order of business for 2 P. M. of the date to which the Board adjourned.

Carried.

Mr. Connell then moved that the Board adjourn, which motion was carried unanimously.

E. R. DEMING,  
Clerk.

## APRIL SESSION.

---

### THIRD DAY.

April 17th, 1908.

The Board was called to order by the Chairman, Mr. Peck, presiding.

Present—Messrs. Ellis, Klosheim, Somers, Chamberlin, Powers, Estey, Connell, Adams, Kelley, Boyle, VanBenthuyzen, Wyker, Shepard, Harvey, Carr, Norton, Brilbeck, Young, Nichols, Schlosser, Lee, Hayden O'Reilly, Cahill, Ostrander, Smingler, Hodge, Rubin, Boland, Wicks, Tyler, Mr. Chairman.

Absent—Messrs. Hoffman, Conan, O'Brien, Wiegand, Sheedy, Mott.

April 17, 1908.

Upon motion of Mr. Rubin, the reading of the minutes of the previous session was dispensed with and the minutes as prepared by the Clerk approved.

Mr. Shepard called up the various resolutions presented by him at the previous day's session relative to the stone crushing plant and moved their adoption.

Mr. Hodge briefly addressed the Board in opposition to the adoption of the resolutions offered by Mr. Shepard and offered the following substitute resolution and moved its adoption:

Resolved, That the Superintendent of the Penitentiary be and he hereby is directed and required to operate the stone crushing plant at the penitentiary to its fullest capacity seven hours per day on all days and at all times when weather permits, and to detail for work on said crushing plant, and in said quarry a sufficient number of able-bodied prisoners for that purpose and a sufficient number of men to properly handle the product, together with three teams, and other teams not in use for other penitentiary work, for the purpose of placing the crushed stone on board of cars.

That all other prisoners not physically incapacitated, and not regularly and necessarily employed to properly keep and maintain the institution, and not employed in some industry previously designated by the Board of Supervisors, are directed to be employed breaking stone by hand, and be it further

Resolved, That the Superintendent of the Penitentiary be empowered to hire a competent quarryman in place of the one now on the pay roll of the Penitentiary, to oversee and take charge of this department of the penitentiary work, if he so desires, at a salary not to exceed \$3.00 per day, and likewise an engineer, if necessary, to take charge of the engine and boiler of the plant at the quarry, at a salary of \$2.00 per day, and be it further

Resolved, That the Chairman of the Board of Supervisors appoint a committee of three from the Board of Supervisors, to be a permanent committee, and to be known as the "Penitentiary Committee," whose duty it shall be to have general advisory oversight with the Superintendent in regard to all convict work at the penitentiary, and who shall report from time to time to the Board of Supervisors, any matters of interest in regard to convict labor, and who may make recommendations either to the Superintendent of the Penitentiary or the Board of Supervisors in regard to the same, and be it further

Resolved, That said Penitentiary Committee be authorized to procure rights of way for a switch from the D., L. & W. R. R. tracks into the quarry on the penitentiary farm, and to enter into negotiations with the D., L. & W. R. R. Company for the laying of said switch, and to expend in the construction of said switch not to exceed \$1,000.00 or to negotiate with the Suburban R. R. Company for same purpose, and that said committee be further authorized to expend such further sum as may be found necessary for the repair of the boiler at the quarry, or the purchase of a new one, or otherwise repair the plant, all of which expense shall be charged to the Penitentiary Account for operation of the Stone Quarry, and be it further

Resolved, That any and all resolutions, rules and local laws heretofore adopted, inconsistent with the above provisions, be and the same are hereby rescinded.

April 17, 1908.

Messrs. Tyler, Rubin and Wyker spoke briefly upon the general proposition of the advisability of changing the method of supervision at the penitentiary at this time.

Mr. Kelley moved that the Board take a recess of fifteen minutes.  
Motion lost.

Mr. Hodge offered to withdraw the substitute resolution, provided Mr. Shepard would withdraw all of the resolutions relative to the stone crushing plant.

Mr. Shepard requested that he be given time to confer with the other members of the Highway Committee.

The committee were given permission to retire.

By Mr. Rubin:

Resolved, That the Purchasing Agent be permitted to and hereby is authorized to purchase one typewriter for use of Judge McLennan's clerk, and one mahogany roll top desk for the Court House, at not to exceed the sum of \$90.00 each, and it is hereby determined to be impracticable to advertise for bids for such purpose, and this resolution is adopted pursuant to Chapter 111 of the Laws of 1907.

Adopted. Ayes, 28; noes, 0.

By Mr. Ellis:

To the Board of Supervisors of the County of Onondaga:

Gentlemen—Your Committee on Erroneous Assessments to whom was referred several petitions for refunding of taxes alleged to have been erroneously assessed, beg leave to report as follows:

Upon the petition of John T. Roberts, as executor of the last will and testament of John Hatcher praying for the refund of \$12.60, with interest, upon an assessment for personal property alleged to be erroneous, we find the petition does not contain sufficient facts upon which your Committee can act, and that a certificate of the Assessors of the town of Onondaga that the property claimed was wrongfully assessed does not accompany the papers. We, therefore, recommend that the prayer of the petitioner be not granted, but that the privilege of the petition be renewed on application with further papers.

We recommend a like disposition of the petition of Julia Deegnan, praying for the refund of \$1.98 on an assessment for a vacant lot in the village of Baldwinsville, in the town of Lysander.

Upon the petition of Mary E. White, asking for the refund of taxes assessed upon personal property for the years 1897 to 1905, inclusive, amounting to \$31.51, with accrued interest of \$9.21, we recommend that the sum of \$13.33 be refunded, that being the amount of taxes paid within the last six years, beyond which time we believe the Board is not justified in refunding. We decline to allow any interest on these payments.

April 17, 1908.

We recommend, therefore, the adoption of the following resolution:

Resolved, That the prayer of the petition of Mary E. White for the refund of \$31.51, with interest of \$9.21, be allowed in the sum of \$13.33, and that the Clerk of this Board be directed to draw, and the Chairman to countersign a warrant upon the Erroneous Assessment Fund for said sum of \$13.33, and that said amount be included in the tax levy and be a charge against the county in the ensuing year, and that such warrant be delivered by the Clerk only upon the filing with him of the receipt in full of all claims of said petitioner by reason of matters claimed in said petition.

All of which is respectfully submitted.

EARL E. ELLIS,  
WM. F. HODGE,  
FRANK J. CARR,

Committee on Erroneous Assessments.

Adopted. Ayes, 31; noes, 0.

The following communication from the State Engineer and Surveyor was read and referred:

Roads 290, 429.

March 26, 1908.

Mr. E. R. Deming, Clerk,

Board of Supervisors of Onondaga County,  
Syracuse, N. Y.:

Dear Sir—Now that the snow is gone from the ground it would seem that Roads No. 290 and 429 could be inspected at once by the Supervisors of your county, and I wish you would call attention to this matter promptly.

Final acceptance of the work has been delayed pending the examination of the roads by the Board. Please inform me of the result of such examination at the earliest possible moment.

Very truly yours,

FREDERICK SKENE,  
State Engineer and Surveyor.

Mr. Shepard of the Highway Committee reported that the committee had no proposition to offer relative to the withdrawal of the resolutions offered by Mr. Shepard on the stone crushing at the penitentiary.

Mr. Hodge withdrew the substitute resolution offered by him earlier in the session, and the Chairman announced that a vote would be taken on the resolutions offered by Mr. Shepard.

The vote resulted as follows:

For adoption—Messrs. Klosheim, Estey, Shepard, Hayden—4.

Against adoption—Messrs. Ellis, Somers, Chamberlin, Powers, Connell, Adams, Kelley, Boyle, VanBenthuyzen, Wyker, Harvey, Carr, Norton, Brilbeck, Young, Nichols, Schlosser, Lee, O'Reilly, Cahill, Ostrander, Smingler, Hodge, Rubin, Boland, Wicks, Tyler—27.

April 17, 1908.

By Mr. Shepard:

Whereas, There is now pending before the Legislature certain proposed laws which are intended to codify and bring up to date the existing provisions of the various Highway Laws, and to establish a separate department of the State's service, having direct and complete control of the highways of the State,

And, whereas, such proposed laws in addition to establishing such separate departments, provide for the building of a system of main highways across the State and along the lines of greatest travel, to be constructed entirely at the expense of the State, and also provides a secondary system of market roads to be constructed jointly by the State and counties, and also for such minor roads as the counties may desire to construct themselves, and provides that monies raised in each town for the maintenance of improved highways shall be returned to and spent in those towns raising the money, and otherwise improving the present unsatisfactory state of the Highway Laws;

Resolved, That we do hereby heartily approve such proposed legislation and do earnestly urge the Senator and Assemblymen representing Onondaga County in the Legislature, to support and use their best endeavors to secure the passage of such laws.

Adopted.

Ayes—Messrs. Klosheim, Somers, Chamberlin, Powers, Estey, Connell, Adams, Conan, Wyker, Shepard, Carr, Young, Schlosser, Lee, Hayden Ostrander, Smingler, Hodge, Rubin, Boland, Wicks, Tyler—22.

Noes—Messrs. Kelley, Boyle, Van Benthuyssen, Harvey, Brilbeck, Nichols, O'Reilly, Cahill, Norton—9.

Mr. Ellis excused from voting—1.

Mr. Shepard handed up the following report of the Highway Committee, which was read and ordered placed on file.

In the matter of the final acceptance of Roads Nos. 290 and 429, commonly known as the South Salina Street and Thompson Road, your Committee on Highways, Bridges and State Roads beg leave to report as follows:

Communication from the State Engineer, under date of March 26th, calling the attention of the Committee to the acceptance of the said roads was received, and the Committee has inspected both roads.

The Division Engineer accompanied the Committee over one of the roads, and upon his suggestion a few days are to be given the contractor in which to put the roads in condition. In accordance with this suggestion, the Committee is holding the matter of final acceptance in abeyance, and will later report to this Board their conclusions in the matter.

N. O. SHEPARD,

W. W. ESTEY,

JOHN F. HAYDEN.

Committee on Highways.

Ordered placed on file.

On motion of Mr. Rubin, the Board adjourned.

E. R. DEMING,

Clerk.

May 4, 1908.

## MAY SESSION.

Monday, May 4th, 1908.

The Board was called to order at the usual hour by the Chairman, Mr. Peck, presiding.

Present—Messrs. Ellis, Klosheim, Somers, Chamberlin, Powers, Estey, Connell, Adams, Kelley, Boyle, VanBenthuyssen, Conan, Wyker, Shepard, Harvey, Carr, O'Brien, Norton, Brilbeck, Young, Wiegand, Nichols, Schlosser, Lee, Sheedy, Hayden, O'Reilly, Cahill, Ostrander, Smingler, Hodge, Rubin, Boland, Wicks, Mott, Tyler, Mr. Chairman—37.

Absent—Mr. Hoffman—1.

The reading of the minutes of the previous session, on motion of Mr. Rubin, was dispensed with and the minutes of the Clerk as prepared, approved.

Mr. Ellis handed up the petitions of the New York Central and Hudson River Railroad Company and Moses, Isaac, Henry and Abraham Rosenbloom, for the refunding of certain alleged erroneous assessments.

Referred to Committee on Erroneous Assessments.

Mr. Carr presented the list of returned school taxes of District No. 6, Town of Tully, which was referred to Committee on Jurisprudence.

By Mr. Smingler:

To The Honorable Board of Supervisors of Onondaga County:

Gentlemen:—Whereas, There is to be a National Convention of the Superintendents for Placing Dependent Children, held in Richmond, Va., during the week of May 4th, be it

Resolved, That Mrs. Florence A. Grannis, Superintendent for Placing Dependent Children of Onondaga County be authorized to attend same, and that all necessary expenses of said trip be charged against the proper account, the expense of trip not to exceed \$75.00.

Adopted. Ayes, 36; noes, 0.

On motion of Mr. Schlosser, the Committees were given leave to retire.

The Chairman called the attention of the members of the Board to the necessity of exercising care in the audit of the bills presented against the county, and especially that care be exercised in making up the Committee reports showing audits of the various accounts.

May 4, 1908.

By Mr. Ellis:

To the Board of Supervisors of Onondaga County:

Gentlemen:—Your Committee on Erroneous Assessments, to whom was referred the petition of Moses, Isaac, Henry and Abraham Rosenbloom, asking for the refund of the sum of \$11.48 paid by them for state and county taxes upon property of theirs located in the town of Lafayette and assessed to Daniel Rosenbloom, for the reason that a clerical error was made in extending the amount of the assessment, begs leave to report; that they have carefully investigated the facts alleged in said petition and find that an error was made in assessing the property at \$2,200.00 instead of \$1,200.00 as it originally appeared on the field book of the assessor.

In view of this finding and also of the certificate of the assessor, who made the assessment, that an error was made, as alleged, we respectfully recommend the adoption of the following resolution:

Resolved, That the petition of Moses, Isaac, Henry and Abraham Rosenbloom be and the same hereby is granted, and that the sum of \$11.48 be refunded to said petitioners, the same to be a charge against the town of Lafayette and to be included in the abstract of expenditures to be raised by taxation in said town for the current year, and the Clerk of this Board is directed to draw and the Chairman to countersign a warrant upon the Erroneous Assessment Fund for that amount.

All of which is most respectfully submitted.

EARL E. ELLIS,  
FRANK J. CARR,  
WILLIAM F. HODGE,

Committee on Erroneous Assessments.

Adopted. Ayes, 36; noes, 0.

By Mr. Ellis:

Resolved, That it is the sense of this Board and the representatives from this County in the State Legislature are hereby requested to support and use their influence for the adoption of an appropriation of \$5,000,000.00 for the improvement of state highways under the Higbie-Armstrong Act to be made available for use this year.

Referred to Committee on Highways.

Mr. Shepard handed up the following communications from the State Engineer and Surveyor, relative to the acceptance of Good Roads Nos. 290 and 429, which were read and ordered placed on file.

Mr. E. R. Deming,  
Clerk Board of Supervisors of Onondaga County,  
Syracuse, N. Y.

April 28th, 1908.

Dear Sir:

Last fall we sent you the usual twenty-day notice in regard to the final acceptance on Roads Nos. 290 and 429, but at the request of your Board these letters were withdrawn and final acceptance withheld until this spring. I am now in receipt of a communication from Division Engineer Brewster and note from his report that the roads are in proper condition to accept. I accordingly enclose herewith the usual twenty-day notice which was formerly withdrawn. Payment will be made to the contractor at the end of the twenty-day period.

Very truly yours,

FREDERICK SKENE,  
State Engineer and Surveyor.

Mr. E. R. Deming:  
Clerk Board of Supervisors of Onondaga County:  
Syracuse, N. Y.

April 28th, 1908.

Dear Sir:

In accordance with the provisions of Section 12 of Chapter 115 of the Laws of 1898, as amended, the Board of Supervisors of Onondaga County is hereby notified that the work of improvement by State aid under said Chapter 115 of the Thompson, road No. 429, extending a distance of 2.830 miles in the town of Dewitt, having been completed I will accept the work on behalf of the State and County within twenty days of this date unless protest in writing is filed with me prior to that time by the Board of Supervisors of your County.

Very truly yours,

FREDERICK SKENE.  
State Engineer and Surveyor.

Mr. E. R. Deming:  
Clerk Board of Supervisors of Onondaga County:  
Syracuse, N. Y.

April 28th, 1908.

Dear Sir:

In accordance with the provisions of Section 12 of Chapter 115 of the Laws of 1898, as amended, the Board of Supervisors of Onondaga County is hereby

May 4, 1908.

notified that the work of improvement by State aid under said Chapter 115 of the South Salina Street road No. 290, extending a distance of 1.060 miles in the town of Onondaga, having been completed, I will accept the work on behalf of the State and County within twenty days of this date unless protest in writing is filed with me prior to that time by the Board of Supervisors of your County.

Very truly yours,

FREDERICK SKENE.

State Engineer and Surveyor.

By Mr. Shepard:

REPORT OF THE COMMITTEE ON HIGHWAYS, BRIDGES AND STATE  
ROADS IN THE MATTER OF THE ACCEPTANCE OF  
THE SOUTH SALINA AND THOMP-  
SON ROADS.

Your Committee on Highways, Bridges and State Roads, to whom was referred the notice from the State Engineer of the final acceptance of Road No. 290, South Salina Street Road, and Road No. 429, Thompson Road, beg leave to report as follows:

Each of the roads has this spring been inspected by the Committee and Superintendent of Highways, and the conditions noted are not satisfactory.

In the case of Road No. 290, the South Salina Street Road, it was found that the top course of syenite which had been applied last fall was badly broken up and showed signs of eventually being completely removed by the action of the traffic. At present there is a depression to the depth of one inch. or the depth of the top course of stone, along the entire center of the macadam portion, which condition in a wet time leaves the surface of the macadam covered with mud, made up of a mixture of stone dust and refuse on the surface of the road. The other portion of the macadam outside of this center strip, as described above, shows signs of breaking up under action of the traffic, with a tendency of eventually removing from the road the entire top course of syenite. This condition of the top course of stone is no fault of the contractor, as said top course was laid in accordance with the specifications and directions of the engineer in charge.

The dirt shoulders at either edge of the macadam portion are soft and show no signs of ever having been rolled as is required by these specifications. Frequent inspections of the work while in process of construction during the last season fail to show that the shoulders were at any time rolled as required.

About eighteen inches of the macadam on both edges is loose, and inspections made during the previous season show it to have been left in a loosened condition, and said strips of macadam during the entire length of the road have never been thoroughly rolled and puddled as required by the specification.

Inspection of Road No. 429, Thompson Road, shows it to be in an unsatisfactory condition for the following reasons:

First. The railings as constructed, according to the plans and specifications, were to receive two coats of paint composed of white lead and linseed oil, and from the appearance of said railings, the painting of these has not been properly done.

Cobble paving of gutters is in poor condition and appears not to have been laid of suitable stone and by competent workmen.

The embankment constituting the north approach to the canal bridge has settled on the sides, and at some points is six inches lower than the macadam portion of the road.

May 4, 1908.

The construction of at least three concrete sluices as planned has been entirely omitted.

That portion of the macadam strip from Station 38 to Station 45 is in a loosened condition, and the reports of the County Inspector for last season show that said portion of macadam was never properly puddled and compacted.

The macadam along the slope from Station 55 to 62 is also in a loosened condition, and at a point near the school house there is a rut fifteen feet long and about three inches deep nearly through the total depth of the macadam, which has been improperly filled with fine stone and consequently is again opened up through the effect of traffic.

The macadam on the slope extending northerly from road intersection near Station 78 to the Erie Canal is also in a loosened condition due to improper puddling and compacting, and shows signs of further breaking up as the dry season comes on.

The macadam at a point near Station 115 shows several depressions, apparently due to a weak sub-grade. The macadam extending up the hill from the intersection of Burnet Avenue to Station 125 is flattened and loosened by weak sub-grading and lack of proper puddling and compacting.

Inspections made on behalf of the County during the last season show that about one-half of the macadam portion of this road was puddled after the first of November and that the puddle was repeatedly frozen and the macadam failed to receive the treatment required by the specifications.

About eighteen inches of the macadam on both edges is loose and inspections made during the previous season show it to have been left in a loosened condition, and said strips of macadam during the entire length of the road have never been thoroughly rolled and puddled as required by the specifications.

While the conditions above noted prove that these roads as completed in many respects are unsatisfactory, the Committee does not believe that there is much to gain through formal protest of the final acceptance, and we, therefore, recommend that no action be taken.

N. O. SHEPARD,  
W. W. ESTEY,  
JOHN F. HAYDEN,

Committee on Highways, Bridges and State Roads.  
Syracuse. N. Y., May 4th, 1908.

Read and ordered placed on file.

The Chairman directed that the Clerk forward to the State Engineer and Surveyor a certified copy of the report of the Committee.

By Mr. Brilbeck:

To the Board of Supervisors:

Gentlemen:—Your Committee on Bond and Interest Fund beg leave to report: That we have carefully examined the report of the County Treasurer of Onondaga County, relative to the installment of interest due on the Court House Fund on the 1st day of July, 1908, and we find the same correct.

Pursuant to the provisions of Local Law No. 1 of 1906, passed by your Honorable Body, we hereby audit the amount of the bond and interest obligation above, as follows:

Six months' interest on Court House Bonds.....\$8,000 00

May 4, 1908.

We recommend the adoption of the following resolution:

Resolved, That the claim for interest on the Court House Bonds of Onondaga County as above stated be and the same hereby is allowed, and be it further

Resolved, That a warrant be drawn by the Clerk and countersigned by the Chairman of this Board on the Bond and Interest Fund, payable to the order of William W. Woese, as County Treasurer of Onondaga County, for the sum of Eight Thousand Dollars (\$8,000 00) to defray the payment of such interest, and be it further

Resolved, That the County Treasurer be and he hereby is directed to transmit or otherwise pay the several amounts in interest due to the registered holders of such bonds, returning to this Board the vouchers taken to show such payments.

All of which is respectfully submitted.

J. B. BRILBECK,

JOHN R. CHAMBERLIN,

Committee on Bond and Interest Fund.

E. P. BOYLE,

Committee on Supervisors' Fund

Adopted. Ayes, 33; noes, 0.

Mr. Shepard called up the matter of the additional appropriation for the construction of Fabius Roads No. 554 and with the consent of Mr. Powers, offered the following substitute resolution, and moved its adoption:

Whereas, On December 20th, 1905, plans and estimate of cost for the Fabius Roads, No. 554. were presented to this Board by the State Engineer and Surveyor and duly approved, and an appropriation of \$19,295.00 was made as the county and town's share of the cost of construction thereof, and

Whereas, On February 3rd, 1908, a further appropriation of \$2,000.00 was made by this Board, and

Whereas, Under a ruling of the Attorney General based upon Chapter 718 of the Laws of 1907, it has been determined by the State Engineer that only \$16,979.60 of said first appropriation of \$19,295.00 is available for the construction of said road, and that the further sum of \$1,716.00 will be necessary to complete the full appropriation or estimated cost of said improvement. to wit, \$47,000.00, and

Whereas, This Board is notified through the State Engineer's Department of the necessity of such further appropriation of \$1,716.00, being 44 per cent. of the increased estimated cost amounting to \$3,900.00, of which the State pays 56 per cent., or \$2,184.00, the County of Onondaga 35 per cent., or \$1,365.00, and the town of Fabius 9 per cent, or \$351.00,

Resolved, That the Treasurer of the County of Onondaga is hereby authorized to pay, upon the requisition or draft of the State Engineer and Surveyor. the sum of \$1,716.00, being 44 per cent. of the increased estimated total expense of this work (in addition to the sum of \$16,979.60 available of the appropriation of \$19,295.00, made December 20th, 1905, and to the appropriation of \$2,000.00 made February 3rd, 1908), for the improvement and construction in accordance with

May 4, 1908.

Chapter 115 of the Laws of 1898, of the Fabius Roads, No. 554, said sum being hereby made immediately available for such purpose; and if he should find it necessary, said County Treasurer is hereby authorized to raise on the obligation of the county such a sum as is necessary to meet such requisition or draft, not exceeding total appropriation for the construction of said road No. 554 as the county and town's share of \$20,695.60, and this appropriation is made on the assumption that, but the sum of \$16,979.60 of the sum of \$19,295.00 appropriated December 20th, 1905, is available or can or will be used in defraying the county and town's share of the cost of construction of said road.

Adopted. Ayes, 33; noes, 0.

By Mr. Klosheim:

Resolved, That the Clerk of this Board be, and he hereby is authorized and directed to draw a warrant on the Miscellaneous Fund in favor of Paul S. Vollmer, Collector of School District No. 4 of the Town of Cicero, for the sum of \$7.32, the above sum being the amount of returned school taxes for said district, with two per cent added thereto.

Adopted. Ayes, 33; noes, 0.

Mr. Ellis called up the resolution offered earlier in the session relative to a request that our local legislators support a bill at Albany appropriating Five Million Dollars (\$5,000,000.00) for the construction of Good Roads, and moved that the resolution be recalled from the consideration of the Committee on Highways and Bridges, and referred to the Committee of the Whole.

## JUNE SESSION.

### FIRST DAY.

June 1st, 1908.

The Board was called to order by the Chairman, Mr. Peck, presiding.

The following members were present :

Messrs. Ellis, Klosheim, Somers, Chamberlin, Powers, Hoffman, Estey, Connell, Adams, Kelley, Boyle, VanBenthuyssen, Conan, Wyker, Shepard, Harvey, Carr, O'Brien, Norton, Brilbeck, Young, Wiegand, Nichols, Schlosser, Lee. Sheedy, Hayden, O'Reilly, Cahill, Ostrander, Smingler, Hodge, Rubin, Boland. Wicks, Mott, Tyler, Mr. Chairman.

On motion of Mr. Nichols, the reading of the minutes of the previous session was dispensed with and the minutes as prepared by the Clerk approved.

On motion of Mr. Rubin, the privilege of the floor was extended to the Honorable Dennis McCarthy, one of the members of the State Board of Charities.

Mr. McCarthy addressed the Board briefly on the question of appointing a county probation officer, and outlined the benefits to be derived from the creation of such an office.

By Mr. Rubin :

Resolved, That it be and hereby is determined that a probation officer for this county appointed pursuant to Section No. 11-A of the Code of Criminal Procedure as amended by Chapter No. 99 of the Laws of 1908, shall receive an annual salary of Three hundred dollars (\$300.00), payable in the same manner as are the salaries of other county officers, and such salary is hereby fixed at said amount.

Referred to Committee on Ways and Means.

By Mr. Rubin :

To the Board of Supervisors :

Your Women's Dormitory Building Committee which was authorized to dispose of the issue of bonds authorized by your honorable body for the construction of the Women's Dormitory Building, beg leave to submit the following report :

That they visited a large number of bankers and brokers making a business of dealing in municipal securities at their offices in New York City, and were informed by all of them, without exception. at the time of calling upon them, that there was no market for 4 per cent. bonds. Subsequently to that, your Committee

June 1, 1908.

requested the County Attorney to communicate with prominent insurance companies, which he did, sending letters accompanied with the financial statement of the County and full data as to the bond issue to thirty companies. Responses were received from about one-third of the companies, all declining to buy our bonds, saying that they would not consider anything less than bonds paying  $4\frac{1}{2}$  per cent. interest.

About ten days ago negotiations with some of the bankers in New York were resumed and as a consequence, your Committee received a proposal from Messrs. Kountz Brothers to purchase the whole issue of bonds of \$120,000.00 at par with accumulated interest. Also, a proposal from N. W. Halsey & Company to purchase the entire issue at par and one-half of one per cent. with accrued interest, and they to supervise the issue of the blank bonds at an expense of not to exceed \$300.00. They also had a proposal from H. L. Crawford & Company to take the issue at a future time and negotiate temporary loans for immediate uses.

After careful consideration of these proposals and investigating the present financial conditions, we determined that it was for the best interests of the County to accept the proposal of N. W. Halsey & Company, they offering a greater price than any other, and, accordingly, accepted their terms subject to the approval of your Honorable body.

Attached hereto may be found a copy of the offer of Messrs. N. W. Halsey & Company.

Respectfully submitted.

M. D. RUBIN

JOHN P. SCHLOSSER,

FLOYD R. TODD,

Women's Dormitory Building Committee.

Read and ordered placed on file.

By Mr. Rubin:

Resolved, That the agreement entered into by the Women's Dormitory Building Committee with N. W. Halsey & Company, for the purchase of the issue of \$120,000.00 of 4 per cent. county bonds for the construction of the Women's Dormitory Building at par and one-half of one per cent. and accrued interest, be and the same is hereby approved and confirmed, and said committee is hereby authorized, directed and empowered to sell the said issue to said N. W. Halsey & Company of New York and to deliver the same to them upon the payment of said purchase price as heretofore provided by this Board.

Adopted. Ayes, 35; noes, 0.

Mr. Rubin handed up the following communications, which were read and ordered placed on file:

May 26, 1908.

Mr. Moses D. Rubin, Syracuse, N. Y.:

Dear Sir—I wish to inform you that I have this day received from N. W. Halsey & Company of New York a certified check for \$1,000, in connection with their proposition to purchase \$120,000 4 per cent. Women's Dormitory bonds.

Yours very truly,

WILLIAM W. WOESE, County Treasurer.

That the work of construction of said building has been commenced by the contractors having the work in charge. The excavation has been completed and a large amount of the foundation wall has been put in place.

The work has reached such a stage that your Committee have been able to decide on setting apart the 9th day of June, at 2 o'clock P. M., as the time for appropriate ceremonies to be held for the laying of the corner stone which has been provided for such building.

Your Committee have arranged for exercises fitting the occasion, to which a number of people particularly interested in the erection of the building have been invited. Your Honorable body are expected very properly to be present and we take this means of bringing the matter to your attention and earnestly urging and requesting the attendance of all the Supervisors and County Officers, and respectfully recommend the adoption of the following resolution:

Resolved, That the Women's Dormitory Building Committee be and hereby are authorized and directed to take charge of and carry out suitable exercises for the laying of the corner stone of the New Women's Dormitory Building at the County Home and make suitable arrangements for the attendance of this Board in a body, and further

Resolved, That the sum of \$75.00 be and hereby is appropriated to defray the expenses attendant thereto, to be paid and audited as other claims from the Miscellaneous Fund.

Respectfully yours,

M. D. RUBIN,

JOHN P. SCHLOSSER,

FLOYD R. TODD,

Women's Dormitory Building Committee.

Adopted. Ayes, 36; noes, 0.

Mr. Rubin, in behalf of the Women's Dormitory Building Committee, extended to the Board an invitation to attend the laying of the corner stone of the New Women's Dormitory Building at the County Home at two o'clock P. M., Tuesday, June 9th, 1908.

Mr. Ellis handed up the petition of the Syracuse Lighting Company for the refundment of franchise taxes claimed to have been erroneously assessed during the year 1906, which was referred to the Committee on Erroneous Assessments.

Mr. Klosheim, Chairman of the Committee on Coroner's Accounts, requested that the bill of Meagher & Cody for use of rooms as a morgue, be referred to the Committee of the Whole.

The Chairman ordered the bill referred to the County Attorney with instructions to report on the bill at the July session of the Board.

Mr. Tyler, for the Chairman, handed up the following resolution:

June 1, 1908.

Resolved. That the Clerk of this Board be, and he hereby is authorized and directed to draw a warrant on the Miscellaneous Fund in favor of Albertus Fuller, Collector of School District No. 2 of the Town of Dewitt, for the sum of \$3.94.

Also a warrant on said fund in favor of William C. Clayson, Collector of School District No. 14 of the Town of Dewitt, for the sum of \$102.01.

Also a warrant on said fund in favor of C. L. Robinson, Collector of School District No. 6, for the sum of \$211.68.

Also a warrant on said fund in favor of Edward R. Dougherty, Collector of School District No. 13, for the sum of \$9.43, the above sums being the amount of returned school taxes for each of said districts, with two per cent. added thereto.

Adopted. Ayes, 36; noes, 0.

Mr. Kelly handed up the list of returned school taxes for District No. 12 of the town of Marcellus, which was referred to Committee on Jurisprudence.

Mr. Conan handed up the following communication:

Syracuse, N. Y., June 1st, 1908.

To the Honorable, the Board of Supervisors of the County of Onondaga:

Gentlemen—The Chairman of the Building Committee informs me that the exercises attendant to the laying of the corner stone of the new Women's Dormitory at the county farm will be held on the 9th of this month, commencing at two o'clock P. M.

You are cordially invited to dine at the County Home that day. Dinner will be served at 12 o'clock noon.

Yours respectfully,

H. D. NOTTINGHAM.

Supt. of the Poor.

Mr. Rubin moved that the invitation be accepted, and that the Board meet in the Sheriff's lobby at eleven o'clock, Tuesday, June 9th, for the purpose of going to the County Home in a body.

Carried.

By Mr. Smingler:

Resolved, That under and in pursuance of the provisions of Chapter 492 of the Laws of 1908, there be appointed a Commissioner of Elections in and for the County of Onondaga.

Such Commissioner shall have and exercise all of the jurisdiction, power and authority conferred and be subject to all of the duties and obligations imposed by, provided for and required by or referred to in said Chapter 492.

The said Commissioner of Elections shall receive an annual salary of \$2,700.00 and expenses necessarily incurred in the discharge of his duties, both of which shall be paid in the same manner as are the salaries and claims of other county officers.

The amount of the bond or undertaking required by said Chapter to be furnished by said Commissioner of Elections is hereby fixed in the sum of \$5,000.00.

June 1, 1908.

Such Commissioner of Elections is hereby authorized to appoint a Secretary pursuant to said law at an annual salary of One Thousand Dollars, payable in like manner as is the salary of the Commissioner.

Mr. Ellis, as an amendment to that portion of the previous resolution fixing the salary of the Commissioner of Elections, offered the following:

Resolved, That the salary of Commissioner of Elections shall not exceed the annual sum of Two Thousand Five Hundred Dollars (\$2,500.00).

The amendment was lost by the following vote:

Noes—Messrs. Klosheim, Somers, Chamberlin, Estey, Connell, Adams, Boyle, VanBenthuyssen, Wyker, Shepard, Harvey, Carr, Young, Wiegand, Schlosser, Lee, Hayden, Ostrander, Smingler, Hodge, Rubin, Boland, Wicks, Mott, Tyler—25.

Ayes—Messrs. Ellis, Powers, Hoffman, Kelley, Conan, O'Brien, Norton, Brilbeck, Nichols, Sheedy, O'Reilly, Cahill—12.

The original resolution was carried by the following vote:

Ayes—Messrs. Klosheim, Somers, Chamberlin, Estey, Connell, Adams, Kelley, Boyle, VanBenthuyssen, Wyker, Shepard, Harvey, Carr, O'Brien, Young, Wiegand, Schlosser, Lee, Hayden, Ostrander, Smingler, Hodge, Rubin, Boland, Wicks, Mott, Tyler—27.

Noes—Messrs. Ellis, Powers, Hoffman, Conan, Norton, Brilbeck, Nichols, Sheedy, O'Reilly, Cahill—10.

Mr. Smingler, in offering the following resolution nominating Mr. Seth D. Baker for the position of Commissioner of Elections of the County of Onondaga, spoke briefly of the qualification of his candidate for the position and requested the unanimous support of the Board.

Resolved, That Seth D. Baker be and he hereby is appointed Commissioner of Elections for the County of Onondaga in pursuance of Chapter No. 492 of the Laws of 1908.

The nomination of Mr. Baker was seconded by Messrs. Boyle, Ellis and Nichols.

The following members voted for Mr. Baker:

Messrs. Ellis, Klosheim, Somers, Chamberlin, Powers, Hoffman, Estey, Connell, Adams, Kelley, Boyle, VanBenthuyssen, Conan, Wyker, Shepard, Harvey, Carr, O'Brien, Norton, Brilbeck, Young, Wiegand, Nichols, Schlosser, Lee, Sheedy, Hayden, O'Reilly, Cahill, Ostrander, Smingler, Hodge, Rubin, Boland, Wicks, Mott, Tyler, Mr. Chairman—38.

The Chairman announced that Mr. Baker was unanimously elected Commissioner of Elections for the County of Onondaga, as provided by Chapter No. 492 of the Laws of 1908.

Mr. Baker briefly thanked the Board for his election, and stated that he should administer the duties of the office regardless of party and to the best of his ability.

June 1, 1908.

On motion of Mr. Chamberlain, the rule as to smoking in the Board Chambers was suspended in order to enjoy the cigars presented by Mr. Baker.

Mr. Rubin presented the following communication and moved that the invitation be accepted:

May 21, 1908.

Mr. Moses D. Rubin,

Grand Opera House Block. City:

Dear Mr. Rubin—I have the honor of extending through you to the members of the Board of Supervisors of this County a cordial invitation to inspect the new Armory of the 41st Separate Company, in which your distinguished body has shown such a great interest, on the evening of June 1st, 1908, and to be our guests for mess at 7 o'clock on that evening. Immediately following the mess will take place the last regular drill of the Company for this season, which I shall be pleased to have you witness. At the completion of the drill the rifle range will be opened to you in order that you may test your skill with the U. S. Magazine rifle. We shall take pleasure in presenting a prize to the best marksman among your number.

Very respectfully,

JOHN B. TUCK,

Captain.

P. S.—Mess call will be sounded on the trumpet at 7 o'clock.

Carried.

By Mr. Wicks:

Resolved, That permission be and hereby is granted for the withdrawal of the petition of W. W. Plumb as Treasurer of the South Presbyterian Church for the refunding of taxes claimed to have been erroneously assessed, presented to this Board April 6th, 1908, and further resolved that all action taken thereon be and hereby is rescinded.

Referred to Committee on Erroneous Assessments.

Mr. Shepard presented the following communication, which was read and ordered placed on file:

May 22, 1908.

Mr. Ernest R. Deming,

Clerk Board of Supervisors of Onondaga County.

Syracuse, N. Y.:

Dear Sir—Your letter of May 6th, enclosing copy of report presented by the Committee on State Roads in relation to the final acceptance of Roads Nos. 290 and 429, was received.

From the reports and recommendations which have been made to me by representatives of this Department who have carefully investigated the matter, it appears that the roads referred to were constructed in accordance with the plans and specifications and that their condition upon completion was such as to warrant their acceptance.

Very truly yours,

FREDERICK SKENE,

State Engineer and Surveyor.

June 1, 1908.

The following communication was presented, read and ordered filed:

Richfield Springs, N. Y., November 12, 1908.

To the Chairman and Members of the Board of Supervisors:

Gentlemen—The County Superintendents of the Poor of the State of New York, together with the citizens of Richfield Springs, N. Y., extend to your honorable body a most cordial invitation to the thirty-eighth annual convention of the County Superintendents of the Poor, to be held in Richfield Springs, N. Y., June 22, 23, 24 and 25, 1908.

It is respectfully requested that your Board take favorable action on this invitation and send a delegation of your members to the convention, which will be one of the most notable in the history of the Association.

The importance of these annual meetings for the interchange of thought and ideas can scarcely be overestimated and it is highly important that the several Boards of Supervisors co-operate in the commendable effort to ameliorate the condition of the poor, aged and unfortunate. It is a duty incumbent, therefore, on the several Boards to do everything to assist in this most praiseworthy work.

We, therefore, trust that you will see fit to appoint a delegation during the present session of the Board and would respectfully request that you have your clerk notify Frederick Bronner, Secretary of the Entertainment Committee, Richfield Springs, N. Y., of such action and giving the personnel and addresses of the delegation, so that further communication may be had with them.

The families of the delegates are included in this invitation—in fact they will be especially welcomed and delightfully entertained. Mr. Bronner will be most glad to give any information desired as to hotel accommodations, or any other subject pertinent to the convention.

Respectfully yours,

JOHN W. BROWN, Phoenix Mills, N. Y.,  
Chairman Entertainment Com., Superintendent of Otsego County.

FREDERICK BRONNER, Richfield Springs, N. Y.,  
Secretary of Ent. Com., P. M. at Richfield Springs, N. Y.

JOHN GYER, Richfield Springs, N. Y.,  
Supervisor of the Town of Richfield.

WILLIAM McMARTIN, Supt. of Clinton Co.  
HUGH P. GRAHAM, Cohoes, N. Y.

On motion of Mr. Carr, the committees were given leave to retire.

Whereas, The Town of LaFayette by reason of numerous floods for several years past has been unreasonably burdened by the expense of the construction, repair and maintenance of its bridges spanning the stream commonly known as "Butternut Creek," and the stream known as "Onondaga Creek," both of which said streams traverse the whole length of said town, a distance of ten (10) miles, making twenty (20) miles of stream to be bridged and cared for at the numerous highway crossings, and

Whereas, The said Town of LaFayette by reason of the conditions heretofore set forth is now indebted for bridge repair, maintenance and construction; and

Whereas, Said town is now required to construct two up-to-date iron and steel bridges over said streams at a probable expense of Fifteen hundred dollars (\$1 500.00), and

Whereas, Section No. 63, Chapter No. 686 of the Laws of 1892, known as the County Law, provides that if the Board of Supervisors of any county shall deem any town in the county to be unreasonably burdened by its expense for the construction and repair of its bridges, the Board may raise a sum of money, not exceeding \$2,000.00 in any one year, to be raised by the county and paid to such town to aid in defraying such expenses, now, therefore, be it

Resolved, That we deem the Town of LaFayette unreasonably burdened by its expense for the construction and repair of its bridges, and be it further

Resolved, That the sum of one thousand dollars (\$1,000.00) be and hereby is appropriated by the county to aid in defraying the expenses for the construction and repair of the bridges of the town of LaFayette, and be it further

Resolved, That a warrant, signed by the Chairman and Clerk of this Board, be drawn on the Highway and Bridge Fund for the sum of One Thousand Dollars (\$1,000.00), payable to the order of W. W. Estey, Supervisor of the Town of LaFayette, for the relief of said town as aforesaid.

Mr. Shepard presented the following report of the Special Committee appointed to investigate the condition of the State highways in the county:

To the Honorable Board of Supervisors of Onondaga County:

Your Special Committee appointed May 20th, 1908, to investigate the present status of the improvement of highways in Onondaga County, under the Higbie-Armstrong Act, begs leave to submit the following report upon the condition of such highways for the construction of which contracts have been made, but upon

June 1, 1908.

which work has not been commenced, or if commenced has been abandoned before completion, viz.: Road No. 452 Cicero-South Bay, Road No. 293, East Lake, Section 2, Road No. 292, West Lake, Section 2.

The contract for building Road No. 452, which extends from Cicero to South Bay in the town of Cicero, a distance of 3.526 miles, was made with Mr. W. J. Dwyer on July 9th, 1906, and under the terms of the contract, work should have been commenced within ten days from that date, and the road completed on or before October 15th, 1906. The contract price is \$28,937.95.

An examination of the Journal of this Board shows that on May 7th, 1907, there was presented to the Board a petition signed by all the members of the Cicero Town Board and by residents of said town living on the line of said road, requesting that the matter be taken up with the State Engineer to the end that proper notice be served upon Mr. Dwyer and his bondsmen to compel the immediate commencement of work. A resolution was accordingly adopted on the same day earnestly requesting the State Engineer to order the contractors on this and several other roads to immediately proceed with work, or to take such action as would bring about the construction of those roads during that season. A certified copy of this resolution was at once forwarded to the State Engineer, but its receipt has never been acknowledged nor has the action requested been taken so far as your committee has been able to ascertain.

An inspection of this road made by your committee on Friday, May 29th, 1908, showed that no work has been done, nor had any preparatory steps been taken by the contractor for the commencement of operations. It further appeared that this is a main thoroughfare of the town of Cicero, over which there is a large amount of travel to and from the markets of the city of Syracuse, that this road connects South Bay, a popular and growing pleasure resort situated on Oneida lake, much patronized by Syracusans, with the Cicero plank road, and that there is a strong sentiment among the citizens, both of the town of Cicero and the city of Syracuse, that work upon this road has heretofore been unnecessarily and wilfully delayed, and that the contractor should be compelled to at once begin the construction thereof or be made to suffer the consequences provided by the law for the non-performance of his contract.

Road No. 292, West Lake, Sec. 2, extending from Road No. 48, West Lake, Sec. 1, to Road No. 486, West Lake, Sections 3 and 4, a distance of one mile along the west shore of Skaneateles lake in the town of Skaneateles, and Road No. 293, East Lake, Sec. 2, extending from Road No. 122, East Lake, Sec. 1. to Road No. 431, Skaneateles-Spafford, a distance of one mile along the east shore of said lake in said town, are under contract to be constructed by Mr. Charles H. Qureau. Both contracts are dated July 10th, 1906, and provide that work should be commenced within ten days from that date and that the roads should be completed on or before October 15th, 1906. The contract price for Road No. 292, West Lake, Sec. 2, is \$9,350, and for Road No. 293 East Lake, Sec. 2, is \$8,750. The Journal of the proceedings of this Board shows that Road No. 292, West Lake, Sec. 2, was one of the roads mentioned in the resolution adopted on May 7, 1907, hereinbefore mentioned, and an inspection of this road made by your committee on Tuesday, May 26th, 1908, showed that no work had been done nor had the contractor made any preparations for commencing work. The committee was informed that the town highway commissioner had not undertaken any repairs on the road since the contract was awarded for the reason that he had all the time expected the contractor to shortly begin work. It further appeared that Road No. 48, West Lake, Sec. 1, which is one mile in length and joins this road on the north was completed in the summer of 1902, and that Road No. 486, West Lake, Sections 3 and 4, which is two miles in length and joins this road on the south and Sec. 5 of said Road No. 486, West Lake, are under construction and will probably be completed before August 1st next. It will result, therefore, that unless work is immediately commenced on this road that there will be an interval of one mile of unimproved dirt

road between improved macadam roads which extend from this road north a distance of 1.37 miles into the village of Skaneateles and south a distance of two miles to Mandana.

Your committee inspected Road No. 293, East Lake, Sec. 2, on the same day and found that the lower and upper courses had been constructed in the summer of 1906 of Solvay limestone for a distance of about one-third of a mile from the southern extremity of this road, that the other two-thirds of this road had been graded and otherwise prepared for laying the stone courses, the old road having been entirely destroyed and that work had been then abandoned and never since resumed. The Journal of the proceedings of this Board shows that a resolution was adopted by the Board on May 7th, 1907, requesting the State Engineer to order the contractor, who was building this road, to discontinue using certain local stone, which experience had shown to be worthless for road purposes, and which was nothing more than Hamilton shale, and a certified copy of this resolution was forwarded at once to the State Engineer. The use of such stone was thereafter ordered discontinued by the State Engineer.

Your committee learned that Road No. 122, East Lake, Sec. 1, which is one mile in length and joins this road on the north, was completed in the fall of 1904, and that Road No. 431, Skaneateles-Spafford, which is 2.504 miles in length and joins this road on the south, is under construction and will probably be completed before September 1st next. It will accordingly result, that unless work is immediately commenced on this road that there will be an interval of one mile, one-third of which is partly completed and two-thirds of which was abandoned in a roughly graded condition nearly two years ago, and is now practically impassable without danger of injury both to person and property between improved macadam roads, which extend from this road north, a distance of one mile, into the village of Skaneateles. and south a distance of 2.504 miles to Five Mile Point on Skaneateles lake.

It now appears that Roads No. 292, West Lake, Sec. 2, and No. 293, East Lake, Sec. 2, if not completed this season, will be the only breaks in what would otherwise be a continuous extent of improved macadam roads from Mandana to the west side of Skaneateles lake through the village of Skaneateles to Five Mile Point on the east shore of the lake, a distance of about twelve miles. The region traversed by these roads is very thickly populated and there is a great amount of travel over them to and from the village of Skaneateles, which is the nearest railroad station, and your committee is informed that the residents along these roads are, to put it mildly, very indignant over the existing conditions, and desire that the contractor be made to begin at once the construction of these roads, or that he and his bondsmen be proceeded against under the terms of his contract as provided by law.

Your committee finds no reason why work upon the aforesaid roads, for which contracts have been made, but upon which work has not been commenced or, if commenced, has been abandoned before completion, should not be begun or resumed immediately, and your committee asks that the matter of the legal rights of the county under the contracts for the construction of the aforesaid roads be referred to the County Attorney, with instructions to him to report the same forthwith to your committee, and that your committee be authorized and instructed to take up these matters further with the State Engineer for the purpose of securing the immediate commencement of operations upon these roads and report the result of their conference to this Board at its next regularly adjourned or special session.

Respectfully submitted,  
N. O. SHEPARD, Chairman.

By Mr. Shepard:

Whereas, The Special Committee, appointed to investigate the present status of the improvement of highways in Onondaga County, under the Higbie-Armstrong Act, has submitted a preliminary report relative to Road No. 452, Cicero-South Bay, Road No. 293, East Lake, Sec. 2, and Road No. 292, West Lake, Sec. 2, in which said report said committee requests that the matter of the legal rights of the county under the contracts for the construction of the aforesaid roads be referred to the County Attorney with instructions to him to report the same forthwith to said committee, and that the committee be authorized and instructed to take up matters relative to these roads with the State Engineer for the purpose of securing immediate commencement of operations upon them, and report the result of their conference to this Board at its next regularly adjourned or special session, now, therefore, be it

Resolved, That the County Attorney be instructed to report forthwith to said committee the legal rights of the county under the contracts for the construction of said roads as requested in said report, and be it further

Resolved, That said committee be authorized and instructed to confer with the State Engineer to the end that operations be at once commenced upon the construction of said roads and that it report the result of its conference with the said State Engineer to this Board at its next regularly adjourned or special session.

By Mr. Rubin:

Resolved, That authority be granted Superintendent of the Poor Henry D. Nottingham to represent this county as a delegate to the Superintendents of the Poor County Convention, to be held in Richfield Springs, June 22d, 23d and 24th, and that upon the expense of the county, and that the sum of \$35 be appropriated for this purpose, chargeable to the Poor Fund.

Mr. Nichols offered the following as an amendment:

Be it amended, That Messrs. H. D. Nottingham, Superintendent of the Poor, Rufus R. Northrup, Keeper of the Almshouse. Mrs. May L. Northrup and Miss Everingham, Matrons, be authorized to attend the Convention of County Superintendents of the Poor at Richfield Springs, N. Y., from June 22d to 25th inclusive, and that the necessary expenses be charged against the proper account.

Mr. Rubin moved that the portion of the resolution relating to the expenses of the delegates be separated and that such portion be voted on after the vote on the resolution and amendment was recorded.

It was so ordered by the Chairman.

The vote on the amendment resulted as follows:

Ayes—Messrs. Powers, Hoffman, Estey, Connell, Kelley, Van Benthuyssen, Conan, Shepard, Harvey, Brilbeck. Nichols, Schlosser, Cahill, Smingler, Rubin, Boland, Mott, Tyler—18.

Noes—Messrs. Ellis, Klosheim, Norton, Wiegand, Lee, Sheedy, O'Reilly, Ostrander, Wicks—9.

The vote on the original resolution, as amended, was as follows:

Ayes—Messrs. Somers, Powers, Hoffman. Estey, Connell, Kelley, Van Benthuyssen, Conan, Shepard, Harvey, Brilbeck, Nichols, Schlosser, Lee, Sheedy, Cahill, Smingler, Hodge, Rubin, Boland Mott, Tyler—22.

Noes—Messrs. Ellis, Klosheim, Wyker, Norton, Wiegand, O'Reilly, Ostrander, Wicks—8.

The Chairman announced that the resolution as amended was carried, and ordered the resolution as to the expenses of various delegates to the convention of Superintendents of the Poor at Richfield Springs, be divided and a roll call upon that part of the resolution was accordingly ordered.

Messrs. Tyler and Nichols spoke briefly for and against the adoption of the divided resolution.

The vote resulted as follows:

Ayes—Messrs. Somers, Hoffman, Estey, Kelley, Van Benthuyssen, Shepard, Harvey, Nichols, Schlosser, Lee, Cahill, Ostrander, Smingler, Hodge, Rubin, Boland, Tyler—17.

## SECOND DAY.

---

Morning Session, June 9th, 1908.

The Board was called to order by the Chairman, Mr. Peck, presiding.

Present—Messrs. Ellis, Klosheim, Somers, Powers, Estey, Connell, Adams, Kelley, Boyle, Van Benthuyssen, Conan, Wyker, Shepard, Norton, Brilbeck, Young, Wiegand, Schlosser, Sheedy, Cahill, Ostrander, Hodge, Rubin, Boland, Wicks, Mott, Mr. Chairman.

Absent—Messrs. Chamberlin, Hoffman, Harvey, Carr, O'Brien, Nichols, Lee, Hayden, O'Reilly, Smingler, Tyler.

On motion of Mr. Rubin, the reading of the minutes of the previous session was dispensed with and the minutes as prepared by the Clerk approved.

Mr. Connell handed up the report of the Superintendent of the Penitentiary as to the condition of the stone crushing plant:

To the Honorable, the Board of Supervisors of Onondaga County:

Gentlemen—Pursuant to your request by resolution, adopted at a regular session June 1st, 1908, I herewith report the present condition of the crushing plant at this institution. At as early a date as the weather had sufficiently moderated to dispense with the use of the heating system, one boiler of the battery was cooled down, at once dismantled and removed from the boiler house of the penitentiary and transferred to the quarry boiler house, from which the condemned boiler therein had previously been taken and stored.

June 9, 1908.

To this work was assigned as much help as could be made and the same applies to "setting" of this boiler in its new location.

This work has so far progressed that its completion is expected the 12th inst. This "setting" is being made of concrete lined with brick, as recommended by the best modern engineering practice, and the estimated saving to the county by the adoption of this system is from two hundred to two hundred and fifty dollars. The nature of this construction of boiler setting requires at least two weeks to "cure" before being put in operation. The piping work is under way and is being pushed as rapidly as possible, likewise the erection of a smokestack and the installing other equipment.

All materials necessary for equipment of plant have been ordered and are either on the ground or in transit. Considering above conditions, I confidently expect to be able to commence the operation of the plant on or about the 25th day of June.

Respectfully submitted,

F. P. BENTLEY,  
Superintendent.

Ordered filed and printed.

By Mr. Brillbeck:

Resolved, That the bond of Seth D. Baker, Commissioner of Elections, be approved as provided in Chapter 492 of the Laws of 1908, and that said bond be filed with the County Clerk of Onondaga County.

Adopted. Ayes, 23; noes, 0.

On motion of Mr. Rubin, the Board took a recess until 4:30 P. M.

---

### AFTERNOON SESSION.

Upon reconvening, the following members were present:

Messrs. Klosheim, Somers, Estey, Connell, Adams, Kelley, Van Benthuyssen, Wyker, Norton, Brillbeck, Young, Wiegand, Schlosser, Lee, Sheedy, Hayden, Cahill, Hodge, Rubin, Boland, Mott, Mr. Chairman.

Absent—Messrs. Ellis, Chamberlin, Powers, Hoffman, Boyle, Conan, Shepard, Harvey, Carr, O'Brien, Nichols, O'Reilly, Ostrander, Smingler, Wicks, Tyler.

By Mr. Connell:

Whereas, It has come to our attention that the number of pages in the 1907 Journal of the Proceedings of this Board is so large as to render it impossible to bind them in the manner previously employed and in a manner which will permit of the reading matter being readily accessible, and would result in the books going to pieces with little use, and

Whereas, The said books can be bound by hand sewing so as to overcome these defects,

Resolved, That the Purchasing Agent be and hereby is authorized, to enter into an agreement with the printer of said Journal, in his discretion, and as he may deem for the best interests of the county, to have such books bound by the hand sewed method, a sample of which is submitted to the Board.

Adopted. Ayes, 22; noes, 0.

June 9, 1908.

By Mr. Schlosser :

Resolved, That the thanks of this Board be and hereby are extended to Henry D. Nottingham, Superintendent of the Poor, for his generous hospitality and courteous attention to this Board, the county officials and their guests and friends assembled this day at the laying of the cornerstone of the Women's Dormitory Building.

Carried.

By Mr. Somers :

Mr. Shepard handed up the following communication from the State Engineer and Surveyor.

July 3rd, 1908.

Mr. E. R. Deming, Clerk, Board of Supervisors, Syracuse, N. Y.:

Dear Sir—Referring to the West Lake Road, No. 292, and the East Lake Road, No. 293, in Onondaga County, I am informed that it is the desire of the Board that the width of the macadam originally specified as 16 feet be reduced to 12 feet in order that the decreased amount in cost may be used for the purpose of procuring a better grade of stone than that originally contemplated for these roads.

July 6, 1908.

After careful investigation, it would seem to me proper that this change be made, as a 12 foot width of macadam will doubtless accommodate all of the traffic passing over these roads and I have accordingly prepared and enclosed herewith resolutions to be adopted by the Board of Supervisors approving the change in plans and specifications.

Will you kindly submit this matter to the board and if approved have the resolutions adopted and certified copies returned to me at once.

Very truly yours,

FREDERICK SKENE,  
State Engineer and Surveyor.

Read and ordered filed.

By Mr. Shepard:

Whereas, On the 29th day of July, 1903, the Board of Supervisors of Onondaga County approved the plans and specifications for the improvement by State aid of the East Lake, Section 3, Road No. 293, and appropriated the county and town's share of the estimated cost thereof, and

Whereas, Said plans and specifications provide for the use of local stone, which since the preparation of said specifications has proven inferior and not of a proper quality for the purpose and it is desired to secure a harder grade of stone, and

Whereas, The Original plans and specifications call for a width of 16 feet of macadam, which is wider than actually necessary, and it is believed that a width of 12 feet will amply provide for all of the traffic passing over said road, and

Whereas, A reduction of the width of macadam from 16 feet to 12 feet will decrease the cost of the improvement, thereby leaving an amount available from the appropriation to provide for the additional cost occasioned by the use of the better quality of stone,

Resolved, That the revised plans and specifications for the improvement of said Road No. 293, providing for a width of 12 feet instead of 16 feet of macadam and the use of Glenside quarry stone, be and the same are hereby approved, and be it further

Resolved, That the State Engineer be respectfully requested to see that work upon said road be commenced forthwith and that every effort be made by his office to secure the completion of the aforesaid highway during the current season.

Mr. Wicks presented the following communication from the County Attorney, which was read and ordered placed on file.

To the Board of Supervisors:

Gentlemen—The claim of Meagher & Cody for \$120.00 referred to me by your Honorable Body at the June session for a report thereon does not bear the approval of the Coroner as prescribed by you, and is, therefore, not in proper form for you to audit. It is also to be noted that there are no funds available for the payment of this claim at this date.

Respectfully submitted,

HERBERT L. SMITH,  
County Attorney.

On motion of Mr. Schlosser the Board adjourned.

E. R. DEMING, Clerk.

## AUGUST SESSION.

---

Monday, August 3, 1908.

The Board was called to order at the usual hour by the Chairman, Mr. Peck presiding.

Present—Messrs. Ellis, Klossiem, Somers, Chamberlin, Powers, Hoffman, Estey, Connell, Adams, Kelley, Boyle, VanBenthuisen, Conan, Wyker, Shepard, Harvey, Carr, O'Brien, Norton, Brilbeck, Wiegand, Nichols, Schlosser, Lee, Sheedy, O'Reilly, Cahill, Ostrander, Rubin, Boland, Wicks, Mott, Tyler, Mr. Chairman.

Absent—Messrs. Young, Hayden, Smingler and Hodge.

The reading of the minutes of the previous session, on motion of Mr. Rubin, was dispensed with and the minutes as prepared by the Clerk, approved.

Mr. Rubin presented the following report of the Committee on Care and Supervision of Buildings, which was ordered filed and printed.

To the Board of Supervisors:

Your Committee on the Care and Supervision of County Buildings, to which was entrusted the matter of selling the old Court House and County Clerk's Office Building, beg leave to report:

That the deed for such properties was delivered to the City of Syracuse, the purchaser of said properties, on July 14th, last, and your Committee received from said city a warrant for the sum of one hundred thousand dollars (\$100,000.00), the purchase price for said properties, as authorized by resolutions of your Honorable Body. Said warrant was turned over to the County Treasurer and your Committee received from him duplicate receipts therefor, one of which has been filed in the office of the Clerk of your Board.

This concludes the work of your Committee in respect to the selling of said properties.

Dated July 18, 1908.

Respectfully submitted,

M. D. RUBIN,  
JOHN P. SCHLOSSER,  
ARTEMAS L. SOMERS,

Committee on Care and Supervision of Buildings.

By Mr. Estey:

Resolved, That the annual outing and reunion of the Supervisors and ex-Supervisors of Onondaga County be held at Pompey Hill, N. Y., on Saturday, August 15th, 1908, in honor of Mr. Moses Dewitt, who was the first Supervisor of the town of Pompey, the first Surrogate of Onondaga County, and a Major of the old Onondaga County Militia.

On motion of Mr. Rubin the privilege of the floor was extended to Rev. Father Mahon of Pompey Hill.

August 3, 1908.

Father Mahon spoke briefly in favor of the adoption of the resolution.

The Chairman announced that owing to the fact that the time and place of holding the annual outing of ex-Supervisors was fixed by the officers of the Supervisors' Association, he would refer the resolution to H. L. Smith, the Chairman of the Committee on Arrangements.

By Mr. Connell:

Resolved, That the sum of twenty thousand (\$20,000.00) dollars be and hereby is transferred from the Court House Sinking Fund to the Bond and Interest Fund for the purpose of paying that amount of principal of the Court House Bonds, pursuant to resolution of this Board adopted December 11th, 1907.

Adopted: Ayes, 31; noes, 0.

Mr. Van Benthussen handed up the list of Returned School Taxes, District No. 2, towns of Otisco and Onondaga.

Referred to Jurisprudence Committee.

By Mr. Van Benthussen:

Resolved, That the Superintendent of the Court House, Superintendent of the Penitentiary, Keeper of the Onondaga County Home, Captain of the Fifty-first Separate Company and Captain of Troop D, be and they hereby are directed to file with the Clerk of the Board of Supervisors on or before the 10th day of October, 1908, and on that date each year thereafter, a complete list of all personal property belonging to the County of Onondaga under their control or in the possession of their department.

Mr. Connell offered the following amendment:

Resolved, That the Purchasing Agent act with the heads of the various departments in making said inventory.

The amendment was adopted. Ayes, 31; noes, 0.

The resolution of Mr. Van Benthussen as amended was then adopted. Ayes, 31; noes, 0.

Mr. Shepard handed up the following communications from the State Engineer and Surveyor, which were referred to the Committee on Good Roads:

July 21, 1908.

Mr. E. R. Deming, Clerk Board of Supervisors of Onondaga County, Syracuse, N. Y.:

Dear Sir—In accordance with the provisions of Section No. 12 of Chapter No. 115 of the Laws of 1898, as amended, the Board of Supervisors of Onondaga County

August 3, 1908.

is hereby notified that the work of improvement by State aid under said Chapter No. 115 of the Valley Road-Camillus, Road No. 329, extending a distance of 2.320 miles in the town of Camillus, having been completed, I will accept the work on behalf of the State and County within twenty days of this date unless protest in writing is filed with me prior to that time by the Board of Supervisors of your county.

Very truly yours,

FREDERICK SKENE,  
State Engineer and Surveyor.

July 21, 1908.

Mr. E. R. Deming, Clerk Board of Supervisors Onondaga County, Syracuse, N. Y.:

Dear Sir:—In compliance with the provisions of Section No. 12 of Chapter No. 115 of the Laws of 1898, as amended, the Board of Supervisors of Onondaga County is hereby notified that the work of improvement by State aid under said Chapter No. 115 of the Cemetery Road, No. 291, extending a distance of .890 miles in the town of Onondaga, having been completed, I will accept the work on behalf of the State and County within twenty days of this date unless protest in writing is filed with me prior to that time by the Board of Supervisors of your county.

Very truly yours,

FREDERICK SKENE,  
State Engineer and Surveyor.

Mr. Shepard presented the following communication from the State Engineer and Surveyor, which was referred to the Committee on State Roads:

July 17, 1908.

Mr. E. R. Deming, Clerk Board of Supervisors, Syracuse, N. Y.:

Dear Sir:—In compliance with the request of residents on the north end of the Cicero-South Bay road No. 452, I have provided for a change in the location of the improved highway at that point as indicated on the revised sheet of plans this day presented. Will you kindly present this matter to your Board at its next meeting, and if the resolution is approved send me certified copy promptly; also sign the sheet showing revised location and return to me.

Veru truly yours,

FREDERICK SKENE,  
State Engineer and Surveyor.

By Mr. Shepard:

Whereas, On the 15th day of November, 1904, the Board of Supervisors of Onondaga County approved the plans, specifications and estimate of cost for the improvement by State aid of the Cicero-South Bay road, No. 452, and appropriated the county's share of the cost thereof, and

Whereas, It is now deemed advisable for the better accommodation of the citizens in that locality to change the alignment at a certain portion of said road as shown on the revised sheet No. 6 of plans this day presented by the State Engineer and Surveyor, and

Whereas, The increased cost of the improvement of the highway on the new location, as estimated by the State Engineer and Surveyor, is \$1,500.00;

Resolved, That such changed location as shown on said revised sheet be and the same is hereby approved and the provisions of the resolution adopted on Novem-

August 3, 1908.

ber 15th, 1904, are hereby made applicable to the revised location so adopted; and that the Treasurer of the County of Onondaga is hereby authorized to pay upon the requisition or draft of the State Engineer and Surveyor, the sum of \$750.00, being one-half of the increased estimated total expense of this work (in addition to the appropriation made November 15th, 1904) for the improvement and construction, in accordance with Chapter No. 115, Laws of 1898, of the Cicero-South Bay road, No. 452, and said sum is hereby made immediately available for such purpose, providing that title for the lands required for the new right of way be vested in the name of the county in the proper deed filed with the County Clerk at no expense to the county and town. Said County Treasurer, if he should find it necessary, is hereby authorized to raise on the obligation of the county such a sum as is necessary to meet the requisition or draft of the State Engineer and Surveyor.

Referred to Committee on Good Roads.

By Mr. Boland:

To the Honorable, the Board of Supervisors of the County of Onondaga:

Gentlemen:—I hereby tender my resignation as messenger of your Board, the same to take effect to-day, August 3rd, 1908.

JOHN W. HEAL, Messenger.

On motion of Mr. Rubin the resignation of Mr. Heal as messenger was accepted and the office of messenger declared vacant.

On motion of Mr. Rubin the Board took a recess.

By Mr. Somers:

Whereas, The road leading from Baldwinsville, easterly, and crossing the canal at Belgium, and through the town of Clay to the village of Cicero, is an important road, affording shipping stations at Baldwinsville, Belgium, Quackenbush's Crossing and Cigarville, thus constituting a main market road for the outlet of the products of at least three towns in the northern part of the county, and

Whereas, The said road is also a continuation of the Cicero-South Bay road, now under construction, and

Whereas, The said road was petitioned for by this Board in the year 1905, and a survey was made of the said road about two years ago and no plans have been prepared by the State Engineer, therefore, be it

Resolved, That this Board request, and hereby does request the State Engineer to prepare plans and specifications for the improvement of the entire road from Baldwinsville to Cicero Village, and present the same to this Board at the earliest possible date.

Referred to Committee on State Roads.

(Adopted later in session.)

Mr. Shepard presented the following report of the Committee on State Roads on the National Good Roads Convention held in the city of Buffalo, July 7th and 8th, 1908:

To the Honorable, the Board of Supervisors of Onondaga County:

The committee consisting of your County Superintendent of Highways, your Special Good Roads Committee, Supervisor William F. Hodge and Engineer Samuel L. Adcock, appointed in pursuance to the resolution adopted by your Board at its meeting held on July 6, 1908, for the purpose of attending the National Good Roads and Legislative Convention to be held in the City of Buffalo, N. Y., on July 7th and 8th, 1908, beg leave to submit the following report:

In accordance with said resolution your said committee attended said convention on the 7th and 8th days of July, 1908. The convention organized on the morning of July 7th, with State Highway Commissioner James H. MacDonald of Connecticut, President of the American Roadmakers' Association, presiding. The first day's session was held under the direction of the officers of the American Automobile Association and the second day's session was conducted under the supervision of officers of the National Grange and addresses were made during the morning and afternoon of each day. Hon. James H. MacDonald, the chairman of the convention, State Highway Commissioners Hunter of Pennsylvania, McClintock of Massachusetts, Earle of Michigan, L. W. Page, Chief of the Bureau of the Highway Department of Agriculture of Washington, D. C., State Engineer Johnson of Illinois and many other men experienced in the construction of macadam roads discussed methods of building and maintaining improved highways. A paper prepared by State Engineer Frederick Skene of New York was read and an address by the Hon. Jotham P. Allds, State Senator of New York and the author of the Allds bill creating a State Highway Commission of three members to be appointed by the Governor who shall take office on January 1st, 1909, was delivered relating to the laws of New York State under which the improved highways of this State are being constructed and will be constructed after the 1st of January next. Ex-Governor N. J. Batchelder of New Hampshire, the Master of the National Grange, and other prominent members of the National Grange spoke upon the relation of the Grange to the improvement of country roads and addresses were delivered by Charles J. Glidden, the world famous automobile tourist, and by officers of the American Automobile Association upon the subject of the automobilists' relation to improved highways.

The matter of maintaining and preserving good roads after their construction appeared to your committee to be the subject concerning which there was the most general interest. The consensus of opinion among the speakers was that a good road, no matter how well constructed, wore out in the degree to which it was inclined to the formation of dust upon its surface, which would be blown off by the wind, thus destroying the binder of the road and causing the crushed stone beneath the surface to loosen and become scattered, a condition which is known as "raveling."

The speakers agreed that the only effective way in which a good road could be properly preserved was to use materials in the construction of the top course of macadam or to apply remedies to the surface of improved roads which would

reduce to a minimum the formation of dust thereon. Many different kinds of dust preventives were mentioned, but it appeared that as yet this matter was in an experimental stage.

Another subject upon which there was a consensus of opinion among the speakers was that a tax should be levied upon all automobiles operated within the State and that the revenues from this source should be applied to the care and maintenance of roads, and the matter of employing convict labor for the purpose of producing crushed stone for building and repairing macadam roadbeds and for constructing improved highways was also strongly endorsed by several eminently qualified speakers.

The afternoon of July 8th was given over to practical demonstrations of various road making machines and of dust laying compounds under the direct charge of the New York State Engineer's office. These exhibits were distributed over about fifteen miles of roads east of Buffalo and your committee with other delegates to the convention visited the same in automobiles.

The first exhibit was a road treated with an oil called Kentucky Ragalan. This oil simply lays the dust, but is not a preservative of the road. It would cost about \$100.00 to apply it to a mile of twelve foot road and it would be necessary to apply it at least three or four times a season in order to get any real benefit from it.

The second exhibit was that of the treatment of a road with Calcium Chloride. This is a compound manufactured by the Solvay Process Company. Like the oil it simply lays the dust and does not particularly increase the wearing quality of the road. It would be necessary to have an abundant supply of water all along the road to make its use practicable. It was claimed that after the first two applications it would not be necessary to treat the road more than once in three or four weeks. The estimated expense attending the use of Calcium Chloride was 5 cents a square yard per season or from \$350.00 to \$400.00 per mile of a twelve foot highway.

The third exhibit was one of road making machinery. Among other things shown were different kinds of steam rollers, steam traction engines in connection with trains of four or five wide tired dump wagons, split log drags for use on dirt roads and various kinds of improved dump wagons.

Tarvia was the name of the fourth exhibit. This is a compound having tar for a base. It must be applied hot to a road and it was claimed that its use would make it possible to fill ruts in macadam roads, would act as a wearing surface, thus relieving the top course of stone, and that it would also increase the binding property of a road. It was estimated that it would be necessary to treat a road with this substance once in two years and that each treatment would cost about \$1,000.00 per mile of a twelve foot highway.

The fifth exhibit was a short section of road constructed of Kentucky Rock Asphalt. This was a substance which is mined near Bowling Green, Kentucky, and it looks very much like a compound of sand and oil. In constructing the road this material was substituted for crushed stone in the top course. The surface had the appearance of having been roughly covered with asphalt and it gave off an odor very similar to that of asphalt. It was claimed that this substance made a dustless road and that it effectually held the crushed stone in the lower course in place and that its use made the surface of a road permanent and obviated the necessity for renewing the top dressing as is customary with the ordinary macadam highway. It was estimated that it would cost from \$2,000.00 to \$2,500.00 per mile of twelve foot road to employ this material in its construction.

The sixth and last exhibit was a mile and a half of road treated with Asphalolilene. This was an oil compound containing a large percentage of asphalt matter. It gave the road an appearance of having been treated with oil and it had an odor very similar to that of oil. It was estimated that it would cost about \$200.00 to apply this compound to a mile of twelve foot road and that only one

August 7, 1908.

application a season would be necessary. This treatment would not act as a preservative of the road, but was simply a dust preventive. It is doubtful also if it would not be necessary to apply it to a road more often than it was claimed to be necessary in order to get any actual benefit from its use:

This inspection of exhibits completed the programme of the convention and the duties of your committee.

All of which is respectfully submitted.

To the Honorable, the Board of Supervisors of the County of Onondaga :

Gentlemen—Believing that your Honorable Body should understand from time to time just what is being accomplished in my Department of Placing Dependent Children, I beg to submit a report covering the work from November 1st, 1907, to date, August 1st, 1908.

During this period two hundred and twenty (220) homes have been visited, twenty-six children placed in good families and twelve (12) children adopted.

Supervision of children previously placed in addition to investigation of new homes has entailed quite considerable travel on the part of the Agent, as the following figures will show.

	Miles.
By railroad.....	6,266
By trolley.....	1,119
By livery.....	635
Total .....	8,100

I wish to again thank you for all favors shown me during the past and for suggestions at times that have helped along the work.

Respectfully submitted,

FLORENCE A. GRANNIS,

County Superintendent.

Ordered placed on file and printed.

## MINUTES SEPTEMBER SESSION

---

September 8th, 1908.

The Board was called to order at the usual hour by the Chairman, Mr. Peck, presiding.

The following members were present:

Messrs. Ellis, Klosheim, Somers, Chamberlin, Powers, Hoffman, Estey, Connell, Adams, Boyle, VanBenthuyssen, Conan, Wyker, Shepard, Harvey, Carr, O'Brien, Norton, Brilbeck, Young, Wiegand, Nichols Schlosser, Lee, Sheedy, Hayden, O'Reilly, Cahill, Ostrander, Smingler, Hodge, Rubin, Boland, Wicks, Mott, Tyler, Mr. Chairman.

Absent—Mr. Kelley.

On motion of Mr. Rubin, the reading of the minutes of the previous session was dispensed with and the minutes as prepared by the Clerk, approved.

Mr. Wiegand presented the report of the State Commission of Prisons, which was ordered filed and printed.

Onondaga County Penitentiary and Jail.

Located at Jamesville.

To State Commission of Prisons, Albany, N. Y.:

Gentlemen—In accordance with my duties, I had the pleasure of visiting on Tuesday, July 21st, the Onondaga County Penitentiary situated at Jamesville (near Syracuse), N. Y. Without previous notice, I called and met Superintendent Bentley, who was glad to see me and who extended to me as a representative of your commission every courtesy possible.

I found in the Penitentiary 251 sentenced males and 15 sentenced females, also 23 males and 2 females awaiting trial in the jail part.

The penitentiary is a modern one completed in 1907 and first occupied in October of the same year. In connection with it is a farm of 170 acres, also a stone crushing plant entirely operated by the inmates placed under guard. They have now under construction two 200 H. P. boilers which they intend to install in a detached boiler house separated from the main building, in order to avoid danger of fire and accident to the inmates. A recent appropriation of fifteen thousand dollars for the boiler building, and also an improved water supply has been made. I found the penitentiary unusually clean and the ventilation excellent. I drew attention to the fact that the bath tub and toilet used by the prisoners when first received was in the open and suggested to Superintendent Bentley that he have it enclosed so that privacy could be maintained. Superintendent Bentley agreed to remedy this defect immediately. They have recently inaugurated a new and improved system of accounting and keeping of records of supplies. I herewith

September 8, 1908.

attach letter from Superintendent Bentley under date of July 21st, giving details of their new method.

All of which is respectfully submitted.

(Signed)

EDGAR A. NEWELL,  
Commissioner.

The Clerk handed up the following communications from the State Engineer and Surveyor:

August 21, 1908.

Mr. E. R. Deming, Clerk Board of Supervisors Onondaga County, Syracuse, N. Y.:

Dear Sir—Certified copy of the resolution adopted by your Board August 4th in regard to acceptance of Cemetery Road No. 291 was received. I referred the matter to Division Engineer Brewster, who reports as follows:

"I have looked up the question of the protest and find that the only objection the Board of Supervisors had was relative to some cleaning up along the side of the road. The macadam is entirely satisfactory. We have taken care of the cleaning up of the sides, which we had intended to do anyway, and in my judgment there is no excuse for not accepting the road and paying the contractors the final amount and I recommend that this course be followed."

In view of the foregoing report of Division Engineer Brewster, is it not your opinion that the Board of Supervisors would wish to withdraw the protest?

Very truly yours,

FREDERICK SKENE,  
State Engineer and Surveyor.

August 18, 1908.

Mr. Ernest R. Deming, Clerk Board of Supervisors Onondaga County, Syracuse, N. Y.:

Dear Sir—Mr. Skene directs me to acknowledge receipt of the petition from your Board under date of August 3rd, for a plan of the road from Baldwinsville to Cicero, via Belgium, etc. He regrets that he is unable to grant your petition at this time, but as soon as the construction season is over, if you will again bring the matter to his attention, he will take it up at that time.

Very truly yours,

FRANK L. GETMAN,  
Deputy State Engineer and Surveyor.

On motion of Mr. Somers, the Clerk was directed to bring the attention of the State Engineer and Surveyor to the matter of completing plans for the Cicero-Belgium road, later in the year.

The Clerk presented for the Chairman the petition of B. F. Tapner for the refundment of an erroneous assessment, which was referred to the Committee on Erroneous Assessments.

On motion of Mr. Wiegand the Board took a recess.

When the Board reassembled, Mr. Klosheim handed up the report of the Coroner's Committee:

September 8, 1908.

To the Honorable, the Board of Supervisors of the County of Onondaga:

Gentlemen—Your Committee on Coroner's Fund most respectfully report: That we have carefully examined the claims referred to us, and have allowed the various claimants the amounts set opposite their respective names, in the column marked "Allowed."

Whereas, Road No. 553, the Fly Road, in Onondaga County, having been duly advertised for proposals, and no proposal was received which would permit the letting of the work of the construction of said road within the appropriation, and

Whereas, The proposals received approximate the regular price of the two-course limestone road, and

Whereas, The specifications for the construction of said Fly Road, as adopted by this Board, provide for the use of gravel in one or both courses, therefore, be it

Resolved, That the State Engineer be, and hereby is requested to amend the plan adopted by this Board on December 20, 1905, for the improvement of Fly Road to provide for the construction of a regular two-course limestone macadam road twelve foot wide, and be it further

Resolved, That the State Engineer be, and hereby is requested to submit such amended plan with and amendment estimated to this Board for its approval prior to the next advertising for proposals.

Referred to Committee on Highways and Bridges.

Mr. Connell handed up a draft of Local Law, No. 10, entitled "An Act of the Board of Supervisors of Onondaga County making the office of County Treasurer of Onondaga County a salaried office and regulating the management thereof pursuant to the provisions of Chapter 10 of the Laws of 1906."

Read in full once, and advanced to a second reading by title with unanimous consent of the Board.

Referred to Committee on Ways and Means.

By Mr. Adams:

Whereas, By an act of the last Legislature, duly approved by the Governor, an appropriation of Three Million Dollars (\$3,000,000.00) will become available for the construction of improved roads under Chapter No. 115 of the Laws of 1898, and amendments thereto, and a certain portion of said Three Mililon Dollars (\$3,000,000.00) will become available for such construction work within the County of Onondaga, and

Whereas, Under the present law the State Engineer is authorized to advertise certain roads to be improved within Onondaga County, and to contract for the improvement of the same, and a certain number of roads now upon the waiting list are to be advertised according to law, and

Whereas, Roads numbers 489, Tully Road, and 555, East Syracuse-Chittenango Road, cover a portion of routes duly described and designated by law as part of a State system, which system is to be improved entirely out of State's expense, and

Whereas, The greater portion of the said Tully Road is included within Route 10, and

Whereas, Eight-tenths of the said East Syracuse-Chittenango road is also included in a route of the State system, namely: No. 6, therefore, be it

Resolved, That the State Engineer be, and he hereby is requested not to let

September 8, 1908.t

the contract for the construction of Road No. 489, the Tully Road, under the present provisions of law, which would make a portion of its cost a county charge, and be it further

Resolved, That the State Engineer be, and hereby is requested to amend the plan before the next advertising of the East Syracuse-Chittenango Road, adopted by this Board December 20th, 1905, by cutting out of the said plan that portion of the said road extending from Mycenae easterly to the county line, a distance of eight-tenths of a mile, and be it further

Resolved, That the State Engineer be, and hereby is requested to let a contract for the remaining portion of said road No. 555 in the regular way, and be it further

Resolved, That so much of the sum of Forty-three thousand five hundred dollars, previously appropriated by this Board, as may be found necessary to use to properly enter into the contract for said work be, and hereby is appropriated for the purpose of improving such portion of road No. 555, East Syracuse-Chittenango Road, as is not comprised within or covered by Route No. 6 of the State Road System.

Committee on Charities Fund.

Adopted. Ayes, 30; noes, 0.

By Mr. Hayden:

To the Honorable, the Board of Supervisors of the County of Onondaga:

Gentlemen—Your Committee on Salaries respectfully report: That we have carefully examined the claims referred to us of various county officials and employees for the month of August, 1908. We find the amounts set forth in said accounts and payrolls to be correct and have allowed the claimants the amounts set forth in said accounts and payrolls.

Resolved, That the Clerk of this Board be, and he hereby is directed to draw county warrants on the County Treasurer of Onondaga County, payable from the proper fund, in favor of the said claimants and for the amounts allowed.

October 5, 1998.

By Mr. Shepard:

To the Honorable, the Board of Supervisors of Onondaga County:

Gentlemen—Your special committee on Highways, Bridges and State Roads, duly authorized by resolution of your honorable Board to investigate the status of the improvement of highways in the county under the Higbie-Armstrong Act, begs leave to submit the following partial report:

Your committee, since its last partial report, has visited from time to time the roads which have been and now are in course of construction and at this time desires to call the attention of your Board to the conditions as it finds them on Valley Road Marcellus, No. 328, Skaneateles West Lake, No. 486, Sections 4 and 5, Skaneateles East Lake, No. 292, Section 2, and Skaneateles West Lake, No. 292, Section 2.

In respect to Valley Road Marcellus, No. 328, and Skaneateles West Lake, No. 486, Sections 3, 4 and 5, a notice of completion from the State Engineer was received by the Clerk of this Board since your last meeting. Your committee visited these roads and found conditions unsatisfactory in both instances, and the opening of traffic on them having disclosed conditions which were also unsatisfactory to the State Engineer, he has accordingly withdrawn his notice to this Board of their completion. Your committee is informed that the State Engineer has notified the contractors to renew work upon these contracts immediately.

In respect to Skaneateles West Lake, No. 292, Section 2, which is now in course of construction, your committee has found that the engineer and inspectors in charge have failed to require the contractor to confine the stone used in the construction of said road to the sizes mentioned in the specifications, which this Board had heretofore adopted, and has allowed the contractor to use stone which has not been properly screened, and has not required that the stone be applied in a uniform manner as set forth in the specifications.

The remaining road, Skaneateles East Lake, No. 293, Section 2, was thrown open to traffic some time since, and has not subsequently been properly cared for by the contractor. The result is that the road is raveling and is fast getting into such condition that it will thereby suffer permanent injury, which cannot be remedied to the degree called for by the original specifications without a new top course.

The matter of the Collamer Road, No. 348, concerning which your committee reported to your Board some time since, was afterwards taken up with the State Engineer's office, and your committee was assured that work upon it would be renewed at an early date. This has not been done. Further delay in finishing this road will doubtless increase the cost of completing said road satisfactorily beyond the amount now appropriated, and your committee would suggest that the State Engineer's attention be again immediately called to this condition, and that he be requested to take such steps as are possible and necessary to remedy the same prior to the first of November next.

Your committee, because of the fact that this Board will probably be called upon very shortly to pass upon the final acceptance of no less than ten roads, is anxious from now on to be continually advised of the progress and character of the work on the several roads now under construction, and to that end desires and recommends that the County Superintendent of Highways be authorized and directed to employ an additional assistant, whose duty shall be to inspect work on these roads under the direction of the said County Superintendent of Highways and to report daily in detail to him.

W. W. ESTEY,  
JOHN C. BOLAND,  
P. J. KELLY,

Special Committee on Highways, Bridges and State Roads.

Adopted. Ayes, 31; noes, 0.

October 5, 1908.

By Mr. Shepard:

Whereas, This Board on December 15th, 1903, adopted plans and specifications for the improvement of the Collamer Road, No. 348, and make an appropriation therefor as a town and county share of ten thousand two hundred dollars (\$10,200), and

Whereas, The construction of said road was undertaken by the contractor under the direction of the State Engineer in the year 1906, and upon completion of the macadam portion of limestone, as specified, it was found that the said limestone did not constitute proper wearing surface for the macadam, the said road becoming badly worn and rutted during the first season that it was open to traffic, and

Whereas, On account of said conditions this Board, on May 7, 1907, made, at the request of the State Engineer, an additional appropriation of \$4,250 to provide for a top course of Little Falls gneiss, and

Whereas, During the seasons of 1907 and 1908, the State Engineer has failed to have the work of resurfacing said road undertaken by the contractor in charge, and the condition of this road has continually become worse until at this time the macadam gives signs of breaking up in some places, therefore, be it

Resolved, That this Board protest the unnecessary delay in providing the top course of stone upon the Collamer Road, No. 348, and request the State Engineer to immediately proceed with the resurfacing of the road to the end that the work may be done not later than November 1st, 1908.

Adopted. Ayes, 31; noes, 0.

By Mr. Shepard:

Resolved, That the County Superintendent of Highways be and hereby is authorized to employ from time to time during the months of October and November, 1908, an additional laborer at a salary not to exceed \$2.00 per day and necessary hotel and traveling expenses.

The Clerk handed up the following communications from the State Engineer and Surveyor, which were read and ordered placed on file.

September 22d, 1908.

Mr. E. R. Deming, Clerk Board of Supervisors of Onondaga County, Syracuse, N.Y.

Dear Sir—In accordance with the provisions of Section 12 of Chapter 115 of the Laws of 1898, as amended, the Board of Supervisors of Onondaga County is hereby notified that the work of improvement by State aid under said Chapter 115 of the Valley Road-Marcellus Road No. 328, extending a distance of 1.31 miles in the town of Marcellus, having been completed, I will accept the work on behalf of the State and county within twenty days of this date, unless protest in writing is filed with me prior to that time by the Board of Supervisors of your county.

Very truly yours,

FREDERICK SKENE,

State Engineer and Surveyor.

September 22d, 1908.

Mr. E. R. Deming, Clerk of Board of Supervisors, Syracuse, N. Y.

Dear Sir—In accordance with the provisions of Section 12 of Chapter 115 of the Laws of 1898, as amended, the Board of Supervisors of Onondaga County is hereby notified that the work of improvement by State aid under said Chapter 115 of the Skaneateles-West Lake Road, No. 486, extending a distance of 3.37 miles in the town of Skaneateles, having been completed, I will accept the work on behalf of the State and county within twenty days of this date unless protest in writing is filed with me prior to that time by the Board of Supervisors of your county.

Very truly yours,

FREDERICK SKENE,

State Engineer and Surveyor.

October 3rd, 1908.

Mr. E. R. Deming, Clerk Board of Supervisors, Syracuse, N. Y.

Dear Sir—Under date of September 22d notices of intention to accept the Skaneateles-West Lake Road No. 486 and the Valley Road-Marcellus, No. 328, were sent to you as Clerk of the Board of Supervisors of Onondaga County.

October 5, 1908.

At the time of the acceptance of these roads the understanding with the contractors was that within ten days they would do certain work required to place the roads in a proper and suitable condition to accept; otherwise the acceptance was to be withdrawn. I am informed by the Division Engineer that this work has not been performed as agreed to by the contractor, and I accordingly withdraw the notices of intention to accept above referred to.

Yours very truly,  
FREDERICK SKENE,  
State Engineer and Surveyor.

Sept. 30th, 1908.

Mr. E. R. Deming, Clerk Board of Supervisors of Onondaga County, Syracuse, N.Y.

Dear Sir—Under date of September 8th a resolution was adopted by your Board, of which a copy was sent to this office, requesting that the Tully Road, No. 489, be not awarded for contract during 1908, and that there be omitted from the East Syracuse-Chittenango Road, No. 555, a portion thereof covering a distance of about 0.8 miles.

There being some question in my mind as to just what action should be taken by this department in regard to roads which might be covered by the State route as established by Chapter 330 of the Laws of 1908 (*some sections of which became effective May 19th, 1908, and the balance to become effective January 1st, 1909*), I asked for the opinion of the Attorney General, and am in receipt of his reply, in which he advises me that the provisions of Chapter 330 regarding State roads do not become effective until January 1st, 1909, and that in the award of contracts during 1908, I must proceed under the provisions of Chapter 115 of the Laws of 1898, as amended, and advertise for roads in their consecutive order on the list. As the Tully Road, No. 489, is the first road now on the list in Onondaga County awaiting construction, I must, therefore, advertise it for proposals and am unable to comply with your request that the same be omitted this year.

In regard to the Supervisors' request that a portion of the East Syracuse-Chittenango Road, No. 555, be eliminated, I would say that under the law I have no power to increase or diminish the length of any road after the plans for the improvement thereof have been approved and adopted by the Board of Supervisors, nor has the Board of Supervisors the right to take such action, as the highway improvement law specifically states that no resolution shall be adopted rescinding or annulling the resolution adopted by the Board approving the plans. I am therefore prohibited from complying with your request in regard to Road No. 555.

Very truly yours,  
FREDERICK SKENE,  
State Engineer and Surveyor.

By Mr. Connell:

Resolved, That there shall be transferred from the General Fund the following sums: To the Supervisors' Fund, \$575; to the Court House Fund, \$1,600; to the Poor Fund, \$1,500; to the Purchasing Agent Fund, \$30, and to the Soldiers' Burial Fund, \$760.

Road No. 553.

Albany, N. Y., Oct. 5, 1908.

Mr. E. R. Deming, Clerk Board of Supervisors, Syracuse, N. Y.:

Dear Sir—Referring to the resolutions adopted by the Board of Supervisors of Onondaga County on September 8th, asking for a change in the plans of the Fly Road No. 553 from gravel to macadam, would state that I find upon investigation that to make this change as requested by the Board of Supervisors would necessitate an increased appropriation and inasmuch as the Board of Supervisors declined to increase the county's share of the cost as requested by me some months ago, I am unable to make the suggested change in the plans and specifications.

Road No. 431. Acceptance of work.

Mr. E. R. Deming, Clerk Board of Supervisors of Onondaga County, Syracuse, N. Y.:

Dear Sir—In accordance with the provisions of Section 12 of Chapter 115 of the Laws of 1898, as amended, the Board of Supervisors of Onondaga County is hereby notified that the work of improvement by State aid under said Chapter 115 of the Skaneateles-Spafford Road, No. 431, beginning in the highway on the east side of Skaneateles Lake at the top of the hill on the north side of Factory Gulf, in the town of Spafford, thence northerly along the highway to the southerly end of East Lake Road, Section 2, No. 293, in the town of Skaneateles, a distance of 2.50 miles, in the towns of Skaneateles and Spafford, Onondaga County, N. Y., having been completed, I will accept the work on behalf of the State and County within twenty days of this date unless protest in writing is filed with me prior to that time by the Board of Supervisors of your county.

Very truly yours,

FREDERICK SKENE,  
State Engineer and Surveyor.

Road No. 293. Acceptance of work.

Albany, N. Y., Oct. 29, 1908.

Mr. E. R. Deming, Clerk Board of Supervisors of Onondaga County, Syracuse, N. Y.:

Dear Sir—In accordance with the provisions of Section 12 of Chapter 115 of the Laws of 1898, as amended, the Board of Supervisors of Onondaga County is hereby notified that the work of improvement by State aid under said Chapter 115 of the East Lake Road, Section 2, No. 293, commencing at the southern terminus of Road No. 122 on the east side of Skaneateles Lake and extending southerly along said East Lake Road a distance of one mile, in the town of Skaneateles, Onondaga County, N. Y., having been completed, I will accept the work on behalf of the State and County within twenty days of this date unless protest in writing is filed with me prior to that time by the Board of Supervisors of your county.

Very truly yours,

FREDERICK SKENE,  
State Engineer and Surveyor.

Albany, October 30th, 1908.

Mr. E. R. Deming, Clerk Board of Supervisors, Syracuse, N. Y.:

Dear Sir—Under date of August 4th, the Board of Supervisors of Onondaga County adopted a resolution protesting against the acceptance of Road No. 291. I am informed by the Division Engineer that the matters in regard to which objection was taken at that time were properly adjusted by the contractor before the work was finally taken over from him, and in view of this fact do you not wish to withdraw the protest on the part of the Board?

Very truly yours,

FREDERICK SKENE,  
State Engineer and Surveyor.

November 2, 1908.

By Mr. Young:

Syracuse, N. Y., October 31, 1908.

To the Honorable Board of Supervisors, County of Onondaga, State of New York:

Gentlemen—As in former years, the "Syracuse Turn Verein" will hold its annual fair "Gemeithlichkeit." Tuesday night, November 24, 1908, has been designated as "Supervisors' Night."

Performances which made the Syracuse Turn Verein famous and elaborate decorations for this special occasion and a genuine old-fashioned good time will comprise the program.

You are most cordially requested to be with us that night and make merry.

With Turners' greeting,

HERMAN REES,

Secretary.

CORNELIUS M. HILLSDORF,

General Chairman.

P. S.—Tickets for the occasion will be sent in due time.

On motion of Mr. Rubin, the invitation was accepted.

The Clerk presented the following communication from the State Commission of Prisons, which was read and referred to Committee on Ways and Means:

Albany, N. Y., October 6, 1908.

Board of Supervisors, Onondaga County:

Gentlemen—The State Commission of Prisons for some time past has been recommending to the Legislature action looking toward the taking over of the penitentiaries outside of the City of New York and making of them State Work-houses for Misdemeanants. The Commission has made this recommendation for two reasons:

First. Because on general principles it believes that all penal institutions where prisoners are undergoing punishment for infractions of State law should be under State control.

Second. Under the Constitutional limitations of prison labor in New York, industries can be established and operated in penal institutions much more successfully when under State control than when under county control.

In order to present this matter fully to the Legislature, I have been directed to ascertain whether you would be willing to sell your penitentiary plant to the State, and to obtain from you an approximate estimate of the amount which you would expect to receive in payment. A somewhat detailed statement of what your penitentiary plant consists of, and the estimated value of the principal units, are desirable.

Very truly yours,

GEORGE McLAUGHLIN,

Secretary.

The Clerk presented the following report of inspection of the Onondaga County Court House Jail, which was read and ordered placed on file:

November 2, 1908.

State Commission of Prisons, Albany, N. Y.:

Gentlemen—In accordance with my duties I recently visited the Onondaga County Court House Jail, situated at Syracuse, N. Y. I was courteously received by the authorities in charge, who took especial pains to show me through the jail and grounds in connection therewith, and to give me all information possible, even in detail.

When the Court is in session, they have from twenty-five to fifty prisoners, but they are usually confined but a few days.

The jail has twenty-eight steel cells, all of which are absolutely fireproof.

There is in each cell a wash-bowl and concealed closet with a modern cement floor.

In the same building were good jury dormitories and a dining room, in fact it is the most modern and up-to-date jail I have ever visited, and is kept scrupulously clean.

I notice that there are no shower baths, and would recommend that at least two be placed therein. Would also recommend that a screen or guard of some kind be placed in the basement, in order that the prisoners may be more closely guarded while taking them from the jail to the Court House for trial.

Respectfully submitted,

(Signed)

EDGAR A. NEWELL,

Commissioner.

By Mr. Hayden:

To the Honorable, the Board of Supervisors of the County of Onondaga:

Gentlemen—Your Committee on Salaries respectfully report: That we have carefully examined the claims referred to us of various county officers and employees for the month of October, 1908. We find the amounts set forth in said accounts and payrolls to be correct and have allowed the claimants the amounts set forth in said accounts and payrolls.

Resolved, That the Clerk of this Board be, and he hereby is directed to draw county warrants on the County Treasurer of Onondaga County, payable from the proper fund, in favor of the said claimants and for the amounts allowed.

Ordered filed and printed.

## STATE OF NEW YORK.—STATE BOARD OF CHARITIES.

### Department of State and Alien Poor.

Report of an inspection of the Onondaga County Almshouse made by Inspector James H. Foster. Date, Sept. 11, 1908.

Superintendent of Poor, Henry D. Nottingham. Began service January 1st, 1906.

Keeper, Rufus R. Northrop. Appointed January 1st, 1906.

P. O. Address, Onondaga, N. Y. R. R. Station, Syracuse, N. Y.

### I. THE BUILDINGS.

Capacity, 300. Plan, congregate, modified. Estimated value, \$200,000.00. General character and condition: The almshouse occupies a pleasant site about  $4\frac{1}{2}$  miles from Syracuse and  $1\frac{1}{2}$  miles from trolley lines at Onondaga Valley and Elmwood. The principal building now in use is composed of two parts, said to be respectively 65 and 85 years old. The former used for administration and men, the latter for women. They are in good repair for their age. The walls are rough in parts, but are kept well painted throughout. In spite of interior changes and remodeling the building is inconvenient in many respects. There is a modern brick hospital building in good repair, a frame tuberculosis "tent" for male patients, a rickety two story frame building, formerly a school house, occupied in part by feeble-minded male inmates, a one story frame pest house, a power plant, and a small frame structure which has at times been used for cases of contagious diseases. A large brick dormitory for women is approaching completion. Recent improvements recommended by the State Board of Charities: The new building for women approaches completion. A rolling stretcher has been provided for the hospital. Improvements to the water system are in progress.

Other improvements made: The barn and baker's house have been painted, as also the pest house and interior of parts of the women's quarters. Awnings have

November 10, 1908.

been provided for the hospital, also coolers for drinking water. Crushed stone has been put on the drives and a new work team purchased.

Further improvements authorized: A new heat and power plant. Parts of the present plant that are in good condition will be utilized, but the new building will be farther removed, and the present one together with the "school house" demolished.

## II. FIRE PROTECTION.

Height, material and character of construction of buildings: Main building is of stone, three stories, basement and low attic. Hospital, brick, three stories and basement. New building is of brick, three stories, attic and basement. None of the buildings are fireproof.

Number and location of interior stairways and whether fireproof: All stairways but one are of wood. All parts of the main building have at least two stairways available in case of fire, except the rear attic occupied by men in the winter. It has but a single narrow stairway and no outside escape. The hospital has alternate stairways.

Do exit doors swing out? No.

Number, location, construction and accessibility of fire escapes: The main building has three outside iron escapes and two outside stairways, one or more of which is accessible from any part of the building except the attic mentioned above. The hospital has two iron escapes.

Fire alarm connection and when inspected by the local fire department: None.

Number, diameter and location of hydrants and fire-risers: There are no hydrants, except a number of 1 inch taps for garden hose. The main building has two risers with outlets for each floor, except the attic before mentioned. The hospital has two risers with outlets for each floor. The new building will be properly protected.

Length and condition of hose; how often tested: Fifty feet of 2 inch hose for each outlet. One has 100 feet. Hose is lacking in the large third story dormitory for men. Hose seems to be in good condition and has been tested occasionally. The type in use in the hospital is said to be guaranteed until used when it becomes worthless. Number and location of portable fire extinguishers, when last filled: Thirty extinguishers are well distributed. They were filled some two years ago. One or more were tried some months since and found in working order.

Are fire buckets on each floor: Yes, and kept filled.

Are swinging gas jets, furnace pipes, dry rack boxes, etc., properly protected: There are no gas jets, none but steam pipes and the dry rack is entirely of metal.

Presence of rubbish, oils, etc., and care given same: Paints are kept in a room on the second floor of the "school house." Kerosene is stored in metal tanks. Rubbish is not allowed to accumulate.

Condition of attic: Fairly good. Cellars: Clean and orderly. Organization and practice of fire drills: None.

Is night watchman's service established with use of watchman's clock: None.

Protection of barns and outbuildings: None.

## III. THE FARM.

Number of acres: 97. Estimated value, \$6,000.00.

Acreage of principal crops: Potatoes, 18; corn, 5; oats, 7; wheat, 6 (this was in part spoiled by building operations); vegetables, 3; meadow land, 28.

Value of farm produce: For 1907, \$5,216.92.

November 10, 1908.

Barns and outbuildings: The barn seems adequate as regards horses and storage, but with peculiar lack of judgment, the builders placed the cow stable in the basement, directly under the horses' stalls. A metal drainage screen is suspended over the cows, but the stable is highly unsanitary. The hog house is said to be unsatisfactory in winter.

Dairy, and the disposal of its products: 16 head are now kept, 14 are milked. The supply of milk is not always sufficient. Butter is bought. Additional land to permit a larger dairy seems desirable.

Other stock kept: 11 horses, 60 swine. The fact that all coal and supplies have to be hauled four miles or more accounts for the large number of horses kept on so small a farm.

#### IV. WORKING EQUIPMENT.

Heating: Steam from two high pressure boilers. Lighting: Electric from dynamo in power house. Kerosene lamps are used for "night lights" after the power is shut off.

Ventilation: Ordinary means, wall flues; the hospital has only ordinary means and fire places on the ground floor. This is a most serious defect.

Water supply, source, quantity, quality, pressure, size of supply main: Water flows through a 4 inch main from a small reservoir fed by springs. The quality is fair and the supply is often insufficient for the needs of the institution.

In times of shortage water is pumped into this reservoir by an electric pump from a reservoir, formerly belonging to the Syracuse water system, lying at a lower level. Pressure is about 50 lbs. The system has been found expensive and unsatisfactory. A 6 inch main is now being laid directly from the large reservoir which it is calculated will give an ample supply for the lower floors, power house, and domestic uses at 20 lbs. pressure, while the small reservoir will sufficiently provide the upper floors and fire protection.

Drainage: Two 8 inch tile sewers lead to cesspools something over a quarter mile distant from the buildings.

Laundry: The washing is well done in power laundry attached to the main building. It has three rotary washers, an extractor and a metal dry rack. A mangle is imperatively needed for the work of so large an institution.

#### V. HYGIENE.

Condition and location of toilet rooms: There are clean and orderly toilet rooms convenient to all parts of the building. That adjoining the men's smoking room on the basement was not free from odor.

Equipment and condition of bathrooms: There are four porcelain lined tubs for men and two for women in the main building, all clean and the rooms neatly kept. An old iron tub, not very well kept, serves for the men in the "school house." There are no shower baths. The hospital is amply supplied with bathing facilities. The new dormitory will have tubs and showers. Frequency of baths: Weekly. Is water changed after each tub bath: Always.

Oversight of bathing by whom: Men, by male steward and the farmer. Women, by the female steward and the seamstress.

Hospital patients: By direction of the matron.

Lavatory facilities: There are lavatories convenient to all dormitory rooms. The appointments were found clean and the rooms orderly. The number of basins seems small for the population.

Are roller or individual towels used: Both, those who wish them are provided with individual towels.

Has each inmate his own comb and brush. They are provided for all who wish them.

\* Are the persons and clothing of inmates clean: Apparently so with very few exceptions.

How often is bed linen changed: Weekly. Care of beds generally: All beds were found neatly made. Most of them are covered with uniform white spreads, except in the room where feeble occupants are allowed to lie on the beds during the day. Bed linen was found generally clean.

Are there vermin: Few traces were observed except in the "school house," where the beds were generally infested. Do dormitories allow a minimum of 600 cubic feet of air space per bed: Not in all rooms. There is said to be much overcrowding in winter. The new dormitory building will relieve this congestion, it is hoped and planned, entirely.

## VI. CARE OF THE SICK.

Number of hospital beds for men, 37; women, 31; total, 68. Beside the 12 beds in the tuberculosis tent.

Hospital accommodations: The hospital was found thoroughly clean and orderly. The matron is a trained nurse and exercises authority as head of the hospital staff. The building as planned made no provision for quarters for nurses or attendants so that the rooms used as reception and dining rooms on the first floor are much larger than necessary, having been planned as wards for patients. Attic rooms have been finished off for sleeping purposes. An operating room is also lacking. Surgical cases are sent to the Syracuse hospital, as are also some other cases. It is reported that the county paid some \$17,000 last year in hospital bills. It would be better economy to care for these cases in its own hospital. The lack of a proper ventilating system in the hospital has already been mentioned. This defect should be remedied as soon as possible.

The inspector is indebted to Dr. A. Ellis Crane, Health Officer of the Town of Onondaga and temporary visiting physician at the almshouse, for the suggestion, in which the Matron at the hospital concurs, that the admission as at present of patients to the tuberculosis tent without a bacteriological examination of sputum, is improper, since it may easily happen that such patients are not really tuberculous, but suffering from some other disease causing similar symptoms and in a condition which may render them more than ordinarily susceptible to tuberculosis. Their admission under such circumstances must almost certainly result in their contracting disease. The law is said to permit the employment of a County Bacteriologist.

Special diet for the sick: Prepared in the hospital kitchen by the nurses by direction of the matron. All food for the hospital is prepared in the building with the exception of the bread. Provision for segregation of contagious cases: There is a pest house for such cases. It is a one story frame building, containing two rooms, one for patients and the other for the nurse and cooking. It is heated by a stove and lighted by kerosene. It stands on stone abutments, several of which have tipped over, so that the floor is sunken and irregular. The wind has also free access below the floor. It is not a credit to the institution, but it was used for diphtheria cases in May last.

Number and classification of cases of disease present: Tuberculosis, 12; maternity, 1; ivy poisoning, 1; cancer of the face, 1; the remaining cases in the hospital are chronic or sensile. Many of them are rather infirm than hospital cases. All the beds are occupied, though some of the inmates are mardly more in need of hospital care than others who remain in the main building. This indicates a lack of room in the hospital, and not the improper retention of cases.

Medical supplies, how furnished: By the county.

Medical service, by whom performed: Dr. E. J. Gillette, of Onondaga Hill.

November 10, 1908.

Frequency of calls and efficiency of physician. eH calls three times daily and more frequently if needed. His efficiency is unquestioned.

Does he examine all the sick on each regular visit: He makes regular rounds in the hospital and sees such inmates in the main building as seems necessary.

What record is kept of patients treated: The hospital records show what patients are there at any time. Hospital charts are kept of real hospital cases. The physician keeps a record of cases treated outside the hospital.

Number of paid hospital attendants: Men, 4; women, 12; total, 16.

Nursing of the sick: By trained nurses in the hospital.

Surgical dressings, where, when and by whom made: At the hospital by the nurses, who also make dressings at the main building as necessary.

Disposition of soiled dressings and sputum: They are burned.

Dental work and optical work: Extracting is done at the almshouse. That is the only dental attention provided. An optician calls about once a year. Glasses are provided for all who need them and are fitted from time to time.

## VII. CLOTHING.

Supply on hand: Sufficient. Most of the clothing used, including shirts, overalls, etc., for men, is made at the almshouse.

Quality: Suitable for its uses.

From whom purchased: Suits for men are purchased in Syracuse.

Socks, shoes, underwear, etc., from the State prisons, as also blankets and other goods.

Care of clean clothing: Kept in orderly store rooms. Storage room is quite deficient.

Care of soiled clothing: Sent to the laundry, where it is stored until washed.

## VIII. FOOD.

Condition and equipment of dining rooms, kitchen and storerooms: All were found neat, clean and orderly. There are two dining rooms for men and two for women. The tables in the basement dining room for the able bodied men are bare wood, but clean scoured. Other tables are white covered with cloths or oil-cloth. The general kitchen in the basement is well equipped and convenient. Store rooms are rather inconveniently located with regard to the kitchen. The elevator for food does not work. This increases the labor of service unnecessarily. The women's dining room on the first floor has a stove where some of the food is prepared or warmed. The general bakery is in the basement. The bread is excellent.

Describe cold storage facilities: There is a good cooler in the basement. Ice is cut on the reservoir and stored in a serviceable ice house. The hospital also has a good cellar. Both were found clean and in good order.

Food supplies on hand, quantity, quality, variety: There are the usual staple groceries in sufficient quantities and of good quality. The supply of pickled meats was not large, but they are not used so freely as in some institutions. No large supply of fresh meat is kept on hand, but it is delivered as needed. Pork and beans are served once a week. Meat is provided for the workers every day.

Service of food: Meals are served in a neat and orderly manner, the work being almost entirely done by male inmates. Meals are usually served cold on account of the difficulty of quick service for so large numbers in separate dining rooms. There are slight variations in the meals as served in the different rooms.

Meals for the day: Inspector present at dinner.

November 10, 1908.

Breakfast—Oatmeal and milk, cold beef, potatoes, tea and coffee, bread and butter; oatmeal is not served in the basement dining room for men nor meat at the women.

Dinner—Codfish and gravy, potatoes, bread and butter, tomatoes, tea. Cold beef was served to the workers.

Supper—Warmed over potatoes, bread and butter, tea.

#### IX. CENSUS.

Number of inmates: Men, 219; women, 117; total, 336.

Children under two years of age with mothers: Boys, 1; girls, 1; total, 2.

Persons over seventy years: Men, 58; women, 40; total, 98.

Blind: Men, 2; women, 4; total, 6.

Deaf-mutes: Men, 1; women, 1; total, 2.

Vagrants present on commitment: Men, 4; women, 1; total, 5.

Tramps cared for since last inspection: No record is kept; the number is small.

Defectives and children who should be transferred:

Children under sixteen years of age—Boys, 0; girls, 0; total, 0.

Feeble-minded—Men, 8; women, 2; total, 10.

Idiots—Men, 1; women, 1; total, 2.

Epileptics—Men, 3; women, 2; total, 5.

Insane—Men, 0; women, 0; total, 0.

Name inmates who need better care, discharge or transfer:

Frank Rink—24 years old, feeble-minded, almost idiotic.

John Ruiak—24 years old, epileptic and feeble-minded.

Nicholas Cunnon—51 years old, feeble-minded, very troublesome.

Mattie Moulton—Epileptic and feeble-minded, almost daily attacks.

Ida Eckart—Feeble-minded or idiotic, practically helpless.

Mary L. Skinner—30 years old, feeble-minded, formerly at Newark.

Harden Foy—Epileptic, 40 years old, has aphasia.

Proportion of inmates able to work: 16 2-3 per cent. at a very rough estimate.

How employed: On the farm, in the sewing room, in kitchens and dining rooms, in the dormitories, etc. On the day of inspection 12 were engaged in digging for the new water system.

#### X. RECORDS.

Is State Board of Charities Record of Inmates maintained: Fully; latest entry No. 5071, September 1st.

Have duplicate records been forwarded monthly as required by law: Regularly.

Almshouse Register of Inmates: Completely kept.

Are county and town poor distinguished: Yes.

State Board of Health record of vital statistics: Kept with stubs on file.

Births since last inspection: March 18, 1908. Male, 1; female, 1; total, 2.

Deaths since last inspection: Male, 20; female, 17; total, 37.

November 10, 1908.

Frequency of visits of non-resident Superintendent of Poor: It has been his custom to visit the almshouse weekly, but it is not always possible for him to do so.

Are rules established for the government of the almshouse Printed rules are posted.

Is proper discipline maintained among employes and inmates: Discipline in both respects seems to be good.

Any defects in management relative to distribution of or failure to perform duties: The whole time of the seamstress might be advantageously used in the sewing room. As it is a considerable part of her work is as attendant to the women inmates. The same may be said of the farmer, who in addition to his farm duties has the responsibility of looking after the occupants of the third floor dormitory.

Efficiency of Civil Service employes: They seem efficient; no complaint is made by the administration.

Is an "efficiency record" of employes kept: None.

Treatment of inmates: There is no apparent reason to believe that it is other than kind and considerate.

November 10, 1908.

By whom is punishment inflicted and how: The keeper orders solitary confinement if necessary, but occasion is rare. Intoxication is punished by a term in the penitentiary. Inmates absent without leave are not received at the almshouse without a permit from the Superintendent. Insubordination or disorder in the hospital are considered especially serious offenses, and are punished promptly by confinement.

Is record of punishments kept: None.

Separation of the sexes: Complete indoors by locked doors except that two old men assist in the dining room work in the women's quarters. The women have a yard.

Provision for religious services: \$200.00 is divided equally between Catholic and Protestant clergymen. Catholic services are held every alternate Saturday and Protestant on alternate Sundays. There are also Sunday services under the direction of the Rescue Mission. These are reported to be exceedingly popular.

## XII. CARE OF THE DEAD.

Morgue: A small room off the chapel is used. The hospital has a special morgue.

Is there religious service at burial: Burial is usually in the hands of relatives. In a few cases service is arranged by the almshouse authorities.

Are relatives notified: Always when possible.

Are markers furnished: No. There are few interments by the almshouse. In a few such cases markers have been furnished at private expense.

How is record kept: A special book shows names, dates, to whom delivered and where buried.

## XIII. REMARKS.

Mr. and Mrs. Northrop and Miss Everingham accompanied the inspector and furnished statistics and information. The premises were found in an excellent condition as regards order and cleanliness. The grounds are attractively laid out and well kept. The question of housing the inmates will continue to be most serious until the new dormitory is ready for occupation. In the present crowded condition, with beds set up in hallways and in every available corner and in the inaccessible attic, escape for all in case of fire would be difficult. Especial care and watchfulness are needed.

A larger farm is highly desirable in view of the size of the institution, to permit a larger dairy and the production of more food supplies. The present cow stable, as has been said, is unsanitary and inconvenient.

## XIV. SUMMARY OF NEEDS.

1. An additional dormitory. (Under construction.)
2. A larger farm, more cows and a cow barn.
3. Shower baths.
4. Better water supply. (Work under way.)
5. Ventilating system for the hospital.
6. Operating room and surgical ward for the hospital.
7. A suitable isolation building for contagious diseases.
8. A tuberculosis tent for women.
9. Relief for the seamstress and farmer from duties as attendants.
10. Provision for bacteriological examination for suspected tuberculosis cases.

November 10, 1908.

11. A mangle is pressingly needed in the laundry.
12. A storage battery to do away with the use of kerosene night lamps.

Respectfully submitted,

(Signed) JAMES H. FOSTER,

Inspector.

Dated September 11th, 1908.

The Clerk presented the following communication, which was ordered on file and referred to Committee on Ways and Means:

Albany, Nov. 9, 1908.

Clerk of the Board of Supervisors, Onondaga County, Syracuse, N. Y.

Dear Sir—Mr. Huntington and Mr. Solomon, members of the State Commission of Prisons, were appointed a committee to confer with your Board of Supervisors in relation to the matter of presenting to the Legislature the proposition of taking over the penitentiaries and making them State institutions.

These gentlemen desire to know when it will be convenient to receive them for such purpose. Please advise me and oblige.

Very truly yours,

GEORGE McLAUGHLIN,

Secretary.

The Clerk presented the following communications, which were read and referred to Committee on Highways and Bridges:

November 6, 1908.

Mr. E. R. Deming, Clerk Board of Supervisors of Onondaga County, Syracuse, N. Y.:

Dear Sir—In accordance with the provisions of Section 12, Chapter 115 of the Laws of 1898, as amended, the Board of Supervisors of Onondaga County is hereby notified that the work of improvement by State aid under said Chapter 115 of the Coleman Hill Road, Section 1, Road No. 245, extending a distance of 1.21 miles in the town of Pompey, having been completed, I will accept the work on behalf of the State and county within twenty days of this date unless protest in writing is filed with me prior to that time by the Board of Supervisors of your county.

Very truly yours,

FREDERICK SKENE,

State Engineer and Surveyor.

Albany, N. Y., Oct. 30th, 1908.

By Mr. Connell:

To the Honorable Board of Supervisors of Onondaga County:

Gentlemen—Your Committee on Ways and Means, to whom was referred the resolution handed up by the Supervisor from Lafayette, have carefully considered the same, and do hereby recommend the appropriation of the sum of one thousand dollars (\$1,000.00) for the building of new bridges for the aforesaid town of Lafayette

J. E. CONNELL,

M. D. RUBIN,

H. A. ADAMS,

N. O. SHEPARD,

Committee on Ways and Means.

Report accepted and ordered placed on file.

On motion of Mr. Rubin the Board voted to proceed to the election of a County Purchasing Agent to succeed Frank X. Wood, the term of office to be for three years from January 1, 1909.

Mr. Boyle of Onondaga, in a few well-chosen words, placed in nomination the present Purchasing Agent, Frank X. Wood, to succeed himself.

Mr. Nichols of the Fifth ward, on behalf of the minority, seconded the nomination of Mr. Wood.

Mr. Wood was then elected Purchasing Agent for a term of three years from January 1st, 1909, by the following unanimous vote:

Adopted: Ayes, 30; noes, 0.

Mr. Wood was called before the Board, and briefly addressed them, as follows:

November 10, 1908.

"Mr. Chairman and Gentlemen of the Board—I keenly appreciate the favor which you have just shown me. I want to thank you from the bottom of my heart for this renewed expression of your confidence and good will. It has been my ambition to take care of the interests of the county first and last to the best of my ability and to be courteous and friendly with every department. This will be my policy in the future and I promise you my best effort. Again, I thank you."

By Mr. Boyle:

Resolved, That the Purchasing Agent be and hereby is authorized to purchase without advertising therefor, one coal wagon at an expense not exceeding \$160.00, for the County Home, and it is hereby determined to be impracticable to advertise for bids for such wagon, and this resolution is adopted pursuant to Section No. 2 of the Purchasing Agent Act for Onondaga County.

Adopted. Ayes, 30; noes, 0.

By Mr. Somers:

By Mr. Rubin:

To the Board of Supervisors:

The undersigned, Purchasing Agent of Onondaga County, upon the requisition of the Womens' Dormitory Building Committee duly made for an equipment of engines, dynamos and boilers for the Power House being built in connection with the new Women's Dormitory Building at the County Home, duly advertised for bid for furnishing the same in accordance with plans, drawings and specifications therefor filed in his office, and received proposals for the same as specified in Schedule "A," hereto annexed. The lowest bidder for furnishing such equipment in accordance with said plans, drawings and specifications was Thomas Gildea, and the lowest bid therefor was \$23,743.00.

Respectfully submitted,

F. X. WOOD,

Purchasing Agent.

#### SCHEDULE "A."

Complete Equipment for Power House, County Home, Consisting of Engines, Dynamos and Boilers, According to Plans, Drawings and Specifications.

Thomas Gildea—Straight bid, \$23,743. Complete 6 months from date of contract. Certified check \$1,500.00.

Frank Leavery—Straight bid, \$31,628. Complete 6 months from date of contract. Certified check \$1,860.00. Alternatives: 1. If Phoenix boilers and Skinner engines are used deduct \$185.00; 2. If Keasby & Mattison's pipe covering (containing 85 per cent. magnesia) is used, deduct \$1,894.00.

By Mr. Ellis:

Whereas, The Town of Camillus by reason of the construction of State roads has been compelled to reconstruct a number of large bridges spanning the stream commonly known as Nine Mile Creek, which stream traverses the said town diagonally, and said town on account of these improvements has been unreasonably burdened for the construction, repair and maintenance of bridges, and

Whereas, The Town of Camillus, notwithstanding a cash outlay of \$3,750 for the purpose above mentioned during the year 1907, is now indebted for the same class of work in an amount of \$2,800, and

Whereas, Section 63, Chapter 686 of the Laws of 1892, known as the County Law, provides that if the Board of Supervisors of any county shall deem any town in the county to be unreasonably burdened by its expense for the construction and repair of its bridges, the Board may raise a sum of money, not exceeding \$2,000 in any one year, to be raised by the county, and paid to such town to aid in defraying such expenses; now, therefore, be it

Resolved, That we deem the Town of Camillus unreasonably burdened by its expenses for the construction and repair of its bridges, and be it further

Resolved, That the sum of Two Thousand Dollars (\$2,000.00) be and hereby is appropriated by the county to aid in defraying the expenses for the construction and repair of the bridges of the Town of Camillus, and be it further

Resolved, That a warrant, signed by the Chairman and Clerk of the Board, be drawn on the Highway and Bridge Fund for the sum of Two Thousand Dollars (\$2,000.00) payable to the order of E. E. Ellis, Supervisor of the Town of Camillus, for the relief of said town as aforesaid.

Referred to Committee on Highways and Bridges.

By Mr. Boyle:

Whereas, The Highway Commissioner of the Town of Onondaga, County of Onondaga, has made an estimate of the amount of money necessary to be raised by tax for the improvement of the highways and bridges and other miscellaneous highway purposes of the town as provided by Section 90 of the Highway Law; and

Whereas, The Town Board has approved or changed such Estimate as provided by Section 91 of the Highway Law,

Therefore, Be It Resolved, That the said Estimate as approved by the Town Board be received and printed and the sum of \$6,475.45 (which is the amount of the first item in said Estimate) be assessed, levied and collected upon the taxable property of the Town of Onondaga exclusive of the property within the corporate limits of the village or villages of the town which maintain their streets and highways as a separate road district, and that said amount when collected be paid to the Supervisor of the town to be paid out by him as provided by law; and be it

Further Resolved, That the sum of \$1,965 (which is the amount of the second, third and fourth items of said estimate as approved by the Town Board) be assessed, levied and collected upon the taxable property of the entire Town of Onondaga and the same when collected to be paid to the Supervisor to be paid out by him as provided by law.

accept the work on behalf of the State and County within twenty days of this date unless protest in writing is filed with me prior to that time by the Board of Supervisors of your county.

Very truly yours,

FREDERICK SKENE,

Sate Engineer and Surveyor.

Road No. 488, Final Acceptance.

November 11th, 1908.

Mr. E. R. Deming, Clerk Board of Supervisors, Syracuse, N. Y.:

Dear Sir—In accordance with the provisions of Section 12 of Chapter 115 of the Laws of 1898 as amended, the Board of Supervisors of Onondaga County is hereby notified that the work of improvement by State aid, under Chapter 115, of the Belle Isle Road No. 488, extending a distance of 2.07 miles in the Town of Camillus, having been completed, I will accept the work on behalf of the State and County within twenty days of this date unless protest in writing is filed with me prior to that time by the Board of Supervisors of your county.

Very truly yours

FREDERICK SKENE,

Sate Engineer and Surveyor.

The Clerk presented the following communication from the State Engineer and Surveyor:

November 17th, 1908.

Mr. Ernest R. Deming, Clerk Board of Supervisors, Syracuse, N. Y.

Dear Sir—I am in receipt of a certified copy of a resolution adopted on the 10th day of November, 1908, authorizing and directing the County Treasurer of Onondaga County to withhold further payments of all drafts issued by the State Engineer on account of Roads Nos. 292, 293, 330, 245 and 291.

I am at loss to understand the reason for this action on the part of your Board. Your Board of Supervisors has doubtless overlooked the fact that the resolutions originally adopted by them approving the plans and specifications for these roads and appropriating the county's share of the cost, specifically authorize and direct the County Treasurer of Onondaga County to pay the same upon the requisition or draft of the State Engineer and Surveyor, and also that Section 6 of the highway improvement act specifically states that when a Board or Supervisors has once adopted a resolution approving the plans and specifications of the State Engineer and directed how the county's share of the expense shall be paid, no resolution thereafter adopted by such board shall have the effect of rescinding or annulling such prior resolution. Under these circumstances it would appear that the action of your board is entirely illegal and of no effect, and the County Treasurer would of course be acting on his own responsibility and would seem to be personally liable should he refuse to accept the drafts drawn on him.

If it is the desire of your board to enter protest against the final acceptance of these roads, an opportunity has been afforded by the notice of intention to accept the road sent to you as Clerk of the Board of Supervisors as provided by Section 12, and I understand the first paragraph of the resolution to be in effect such protest. I will ask you to kindly forward me at once specific reasons for the protest, in order that I may have the same promptly investigated.

Trusting that this matter will receive prompt attention, I am,

Very truly yours

FREDERICK SKENE,

Sate Engineer and Surveyor.

Mr. James C. Butler, County Treasurer Onondaga County, Syracuse, N. Y.

Dear Sir—I am informed that you have declined to accept a draft of \$1,600 drawn upon you as County Treasurer of Onondaga County by this Department in payment for highway improvement work. Will you kindly inform me upon what grounds you have declined to accept the draft which has been draw upon you in pursuance of a resolution passed by the Board of Supervisors appropriating the money, making the same immediately available to the draft of the State Engineer and authorizing and directing the County Treasurer to pay the same upon presentation?

Your attention is also called to the fact that the law prohibits a Board of Supervisors from rescinding a resolution once adopted approving plans and appropriating money. As you are acting in opposition to the resolution adopted by the board, it would seem as though you personally assumed the responsibility for the action, and I would be glad to have you inform me at once upon what grounds you are doing so.

Very truly yours,

FREDERICK SKENE,

State Engineer and Surveyor.

Referred to the Highway Committee with instruction to the County Attorney that he give the committee an immediate legal opinion relative to the points raised in the preceding letters.

By Mr. Powers:

Whereas, The Highway Commissioner of the Town of Clay, County of Onondaga, has made an estimate of the amount of money necessary to be raised by tax for the improvement of the highways and bridges and other miscellaneous highway purposes of the town as provided by Section 90 of the Highway Law; and

Whereas, The Town Board has approved or changed such Estimate as provided by Section 91 of the Highway Law,

Therefore, Be It Resolved, That the said Estimate as approved by the Town Board be received and printed, and the sum of \$2,097.97 (which is the amount of the first item in said Estimate) be assessed, levied and collected upon the taxable property of the Town of Clay exclusive of the property within the corporate limits of the village or villages of the town which maintain their streets and highways as a separate road district, and that said amount when collected be paid to the Supervisor of the town to be paid out by him as provided by law; and be it

Further Resolved, That the sum of \$1,240 (which is the amount of the second, third and fourth items of said estimate as approved by the Town Board) be assessed, levied and collected upon the taxable property of the entire Town of Clay and the same when collected to be paid to the Supervisor to be paid out by him as provided by law.

By Mr. Smingler:

Onondaga County Court House,  
Syracuse, N. Y., Nov. 19th, 1908.

To the Honorable Board of Supervisors, Syracuse, N. Y.

Dear Sirs and Gentlemen—We, the undersigned Engineers and Firemen of the Power Plant of the Onondaga County Court House, do again respectfully ask for an increase in our salary, as

This plant is the largest private lighting plant in Syracuse and the machinery in the plant is, without a doubt, a very expensive and one of the most necessary factors of the building since it is required to be in operation every day of the year, Sundays and Holidays. We wish to call the attention of each member of your Honorable Body to the fact that we are required to be at work two-thirds of the time nights. We wish further to state that our plant is laid out in two different buildings, the lighting plant being located in the basement of the jail and the elevator machinery in the basement of the main building, and these two parts are put in charge of one engineer upon each of the three daily shifts. The firemen also are required to work exactly the same hours as those during which the engineers are required to give their attention and care to two boilers in summer months and three in winter months, furnishing steam for the lighting plants, elevator and heating systems in the two buildings. The daily work upon each shift for one man further calls for the cleaning of fires and the wheeling of his coal in addition to keeping the boilers and other necessary apparatus in the boiler room neat and clean.

Altogether, taking into consideration the size of the plant and the amount of work required, our salaries are the smallest of any paid engineers or firemen in the city, being \$14.00 a week for firemen, and less than \$2.50 a day for engineers. The rate of wages for firemen and engineers in other plants is \$16.00 a week for firemen and \$3.00 a day for engineers. As this plant requires skilled help and we are obliged to pass a very rigid examination to secure our positions, we feel justified in asking for this increase in our salaries.

Hoping you will give this appeal due consideration, we are,

Very respectfully yours,

DANIEL MORRISSEY,  
EDWARD BAXTER,  
WILLIAM H. KRAUSE,  
JOHN H. NOTLEY,  
EDWIN YARWOOD,  
THOMAS H. RUSTON.

Engineers and Firemen.

By Mr. Hayden:

To the Board of Supervisors:

Gentlemen—Your Special Committee on Highways, Bridges, and State Roads, beg leave to report, that they caused the communication received from the State Engineer and Surveyor, Frederick Skene, under date of the 17th inst., to be answered by the Clerk as follows:

November 20th, 1908.

Hon. Frederick Skene, State Engineer and Surveyor, Albany, N. Y.

Dear Sir—Replying to your communication of the 17th inst., under direction of the Committee on Highways and Bridges, pursuant to authority of the Board of Supervisors, I beg to say that the purpose of the Board in passing the resolution withholding the payment of drafts drawn by you on account of Roads

November 25, 1908.

Nos. 245, 292, 293, 330, and 291, was to protect the interests of the taxpayers and make its protest against their acceptance effective. What the Board desires is the completion of these roads in accordance with the plans and specifications and then the money appropriated will be promptly paid.

You are entirely right in understanding that the resolution passed by the Board of Supervisors respecting the above named roads was intended to protest their acceptance in accordance with the provisions of the statute, as well as to prevent the payment of further drafts drawn by you on account of them. The Board is ready to have its representatives appear before you at your pleasure and be heard in detail in respect to its protests to your acceptance of these roads.

Awaiting your further pleasure in the matter and your prompt consideration of these matters, I beg to remain,

Yours very truly,  
Clerk, Board of Supervisors.

They further report that no answer has been received to this communication and respectfully recommend that they be given authority to take such steps as they may deem necessary to protect the interests of the county in reference to the several highways therein mentioned, and accordingly, recommend the adoption of the following resolution:

Resolved, That the Special Committee on Highways, Bridges and State Roads, the Superintendent of Highways and the County Attorney be, and they hereby are authorized to take such steps, actions or proceedings as they may deem proper and necessary to protect the interests of the county in the matter of the construction of Roads Nos. 245, 292, 293, 330, 291 and 488.

Respectfully submitted,

Mr. Hayden presented the following report, which was accepted and placed on file:

To the Honorable, the Board of Supervisors of Onondaga County:

Gentlemen—Your Special Committee on Highways, Bridges and State Roads begs leave to submit the following report relative to Belle Isle Road, No. 488, located in the Town of Camillus:

A communication dated November 11, 1908, was received by the Clerk of your Board on November 12, 1908, from the Honorable Frederick Skene, State Engineer and Surveyor, notifying your Board that the work upon this road had been completed and that he would accept it on behalf of the State and county within twenty days of the date of said letter unless protest in writing be filed with him by your Board prior to that time.

Your committee visited this road this morning and found employes of the contractor working upon it under the direction of representatives of the State Engineer's office, who acknowledged to your committee that the road was not completed and that much additional work would have to be done thereon before it would be completed. Your committee further found that the macadam was raveled badly in numerous places and that the road generally was in such an incomplete

Referred to Erroneous Assessment Committee.

On motion of Mr. Rubin the Board took a recess for fifteen minutes.

When the Board re-assembled the following communication was presented:

To the Honorable Board of Supervisors of Onondaga County:

Gentlemen—Application is hereby made to your Honorable Body for authorization to appoint an Assistant District Attorney at a salary of Twelve Hundred (\$1200.00) Dollars per year, one half to be paid by the County of Onondaga and the other half by the City of Syracuse, such Assistant District Attorney to be stationed at the Police Court in the City of Syracuse, and to be in constant attendance there during the session of the same. This appointment may be made by me upon your authorization, pursuant to Chapter 165 of the Laws of 1908.

This application is made to you after rather a careful investigation of the conditions which exist at the Police Court, and after conferences with the resident Justice of the Supreme Court, Hon. William S. Andrews, the County Judge, Hon. William M. Ross, Police Justice, Benjamin J. Shove, the Mayor and Corporation Counsel, all of whom believe that this is the proper course for me to pursue. I am also influenced by the resolutions adopted, upon their own initiative, by the last Grand Jury, and by oral suggestions which have been made to me from time to time since I took office by many Grand Jurors.

I am satisfied that the proposed method of handling Police cases through a special assistant at a cost to the county of Six Hundred Dollars, who would be constantly in attendance at the Police Court, would prove less expensive to the county than the present system, and that it will be more humane and often prevent the holding of innocent persons charged with crimes for the Grand Jury, and their confinement in the Penitentiary.

November 25, 1908.

Permit me to say that while the work of the District Attorney's office has increased with the increase of the population of the county, I have not felt that its duties could not be performed by the present staff while the present system was continued. It is, and has long been, the custom of this office for the District Attorney or one of his assistants to go to the Police Court whenever requested by the Police Justice or the police; and it is also important where serious penal offences have been charged that some one from the District Attorney's office be present. However, from the 1st of October until about the 15th of June of each year our office is pretty continuously engaged in presenting cases to the Grand Jury, or trying out criminal cases before the trial court, with only short intervals between, which are necessary for the proper preparation of cases and appeals. During this period of time, in order to keep the Grand Jury and the Court continuously busy, all of the members of the District Attorney's office must be actively employed, and the Police Court cases, for the most part, have to take care of themselves. The more important ones are adjourned, if possible, until someone can be there. Some receive such time as we can give them, and the others are taken care of by the police and the Police Justice.

The result of this system is that cases are often sent to the Grand Jury in which indictments are sometimes found which require a day of the time of the County Court with the attendant expense, only to find that the matter might have been economically and justly disposed of in Police Court, and others in which indictments are not found because of the feeling on the part of the Grand Jury that the crime is too small to merit the expense of a trial in a Court of Record, but in which the defendants should have had some punishment.

I would also call attention to the well-known fact in criminal jurisprudence, that especially with the foreign population, against the members of which a large number of cases are brought, that their regard for the observance of the criminal law is best promoted by a trial and sentence, if convicted, as soon as possible after the commission of their crime; and that the present system of a long delay, while they are awaiting the action of the Grand Jury and trial, if indicted, usually passed by them at large after their admission to bail, is apt to inculcate in their minds the idea that the criminal law is very easily violated and not adequately or quickly punished. Of course, I do not mean to be understood as advocating that all cases against foreigners, irrespective of the gravity of the crime, be disposed of in Police Court; but I believe that the above will apply to a great many of the minor cases against them, especially for assaults, which usually terminate in a conviction or plea of assault in the third degree in the County Court; that being the charge which would be made against them if the case were tried in Police Court. On the other hand the continuous presence of an Assistant District Attorney would prevent serious crimes which ought properly to go to the Grand Jury, being minimized in the Police Court, as an effort is sometimes made by attorneys to do.

In addition to this, boys are sometimes sent to the Penitentiary to await the action of the Grand Jury, some of whom have never before been arrested, and are subjected to the influence of criminals, where an investigation of the facts in the Police Court as brought out by an Assistant District Attorney would cause the case to be disposed of there.

The system as it exists at present is expensive to the county, often unfair to the accused, and it is a violation of the sense of fairness to have the Police Justice compelled to act as examiner, prosecutor and Judge, yet, just this state of affairs now exist for the reason that the members of the District Attorney's office during the greater part of the year cannot be in two places at the same time.

I do not wish to be understood by the foregoing in any way to criticise the Police Justice for sending cases to the Grand Jury, as, from the nature of things his duties upon the bench do not allow him the time or the opportunity to investigate the cases coming before him to ascertain which cases would be best disposed

November 25, 1908.

of in his Court, and which sent to the Grand Jury; and he therefore follows the custom of his predecessors and sends to the Grand Jury all cases in which the charge made is a Grand Jury offense.

As to the saving of expense I wish to call the attention of your Honorable Board to the fact that taking the fees of the jurors, of the attendants, and witnesses, the expense of running either the Grand Jury or the County Court is from eighty to one hundred dollars a day, and a little computation will show that it would only take a few days saved by the measures proposed above to pay the county's portion of the salary of the Assistant District Attorney asked for.

The city officials informed me that the amount of the Police Court's business is now such that it is going to be necessary to have someone present there to prosecute purely Police Court cases, and they are willing to contribute their portion of the expense of an Assistant District Attorney who can perform this work. I want to point out to you, however, that such official appointed by the city could not except he were an Assistant District Attorney, investigate cases in which the charge ordinarily would bring it to the Grand Jury.

I think if you will investigate this matter you will be able to verify all of my statements.

Yours respectfully,

GEORGE H. BOND,

District Attorney.

Syracuse, N. Y., November 25th, 1908.

Immediately following the presentation of the foregoing application, the privilege of the floor was extended to District Attorney Bond, who addressed the Board briefly on the necessity of the appointment outlined in the application.

#### LOCAL LAW NO. 10, 1908.

An Act of the Board of Supervisors of Onondaga County, making the office of County Treasurer of Onondaga County a salaried office and regulating the management thereof, pursuant to the provisions of Chapter 10, of the Laws of nineteen hundred and six, entitled "An Act to make the office of Supervisor in the County of Onondaga a salaried office and to regulate the sessions of the Board of Supervisors in said county," and the provisions of Chapter sixteen hundred and sixty-six of the Laws of eighteen hundred and ninety-two, entitled "An Act in relation to counties, constituting Chapter eighteen of the general laws" and the acts amendatory thereof.

Passed at the regular session of said Board of Supervisors on the..... day of September, 1908, by a vote of ..... for and..... against its passage.

The Board of Supervisors of Onondaga County do enact as follows:

Section 1. The office of County Treasurer of Onondaga County is hereby made a salaried office, and said County Treasurer shall receive an annual salary of four thousand dollars, which shall be a county charge, and to be paid in the same manner as the salaries of other county officers. Said salary shall be in full compensation for all services of every name and nature rendered by him, and no other compensation, payment or allowance shall be made to him an account thereof, All fees, emoluments and perquisites which said County Treasurer shall charge or receive, or which he may be lawfully authorized, required or entitled to charge or receive shall be the property of the County of Onondaga. It shall be the duty of such treasurer to charge, collect and receive the full amount allowed by law for all such fees, emoluments and perquisites for said county, and to apply and account for the same in the same manner as other county funds.

Sec. 2. The County Treasurer may appoint, to hold office during his pleasure, one Deputy County Treasurer, and one cashier, and such other subordinates as may be authorized by resolution of the Board of Supervisors. In case of the absence or disability of the County Treasurer, or of a vacancy in the office, the deputy, or in the case of the absence or disability or a vacancy in his office, the cashier shall discharge the duties of the office of County Treasurer until the Treasurer returns or his disability ceases, or the vacancy is filled. The Deputy County Treasurer shall receive an annual salary of three thousand dollars, and the cashier an annual salary of fifteen hundred dollars, which shall be county charges to be paid in the same manner as the salaries of other county officers, and be in full compensation for all services rendered by them. The compensation of other subordinates shall be fixed by resolution of the Board of Supervisors.

November 25, 1908.

Sec. 3. The Deputy Treasurer and Cashier herein provided for shall, before entering upon the discharge of the duties of their offices, execute and file official undertakings in the form, with the approval and in penal sums fixed in all respects in like manner as provided by law for the official undertaking of the County Treasurer. The giving of said undertakings shall not be deemed to waive or relieve the County Treasurer of any official obligation or liability; but said undertakings shall be deemed a part of the security required to be furnished by him.

Sec. 4. All moneys deposited by the County Treasurer with a designated depository shall be deposited to the credit of the county. The Treasurer shall keep bank books in which shall be entered his account of deposits and withdrawals. He shall exhibit such bank books to the County Attorney for his inspection at least once each month, and oftener if required, and such books shall at all times be subject to examination by the Chairman, or a Committee, or other authorized representative of the Board of Supervisors. Each bank or trust company in which such deposit is made shall transmit to the County Attorney monthly a statement of all moneys received and paid out by authority of the County Treasurer.

Sec. 5. Nothing herein contained, however, shall be deemed to release the County Treasurer from any liability in relation to the moneys in his hands or under his control, or from any other duty or obligation imposed by law, nor waive any right of the county or any person in relation thereto; but the County Treasurer shall be liable for the acts of his deputies and subordinates, and any default or misfeasance in office of a deputy or other subordinate shall be deemed to be a breach of condition of the official undertaking given by such treasurer.

Sec. 6. All local laws of the County of Onondaga insofar as inconsistent with the provisions of this act are hereby repealed.

Sec. 7. This Act shall take effect December 31, 1908.

The report on the Local Law, known as "Local Law No. 10," being favorably reported, and the report agreed to by the Board, and there being no objection, it was referred to the Committee of the Whole.

By Mr. Ellis :

To the Board of Supervisors :

Gentlemen—Your Committee on Erroneous Assessments, to whom was referred the petition of the New York Central and Hudson River Railroad Company, asking for the refund of a part of the taxes paid upon its special franchise assessments in the city of Syracuse and town of Manlius, for the years 1901, 1902, 1903 and 1904, amounting, with interest, to Two Thousand Four Hundred Fifty two Dollars and Sixty Cents (\$2,452.60), on the ground that in proceedings to review the assessments made by the State Tax Commission and certified by it to the local Boards of Assessors, the Supreme Court ordered that the assessments be reduced, beg leave to report that it has carefully examined into the matters alleged

December 1, 1908.

in said petition and finds that proceedings were had as claimed as to the assessments in the city of Syracuse, but not as to those in the town of Manlius, and that certified copies of the orders of the Supreme Court affecting the assessments in the city of Syracuse accompany the petition; that the petitioner is entitled to the relief asked for so far as the assessments in the city of Syracuse are concerned, but not as to those in the town of Manlius, there appearing to be no orders reducing the assessments in that town, accordingly, we recommend that the petition be granted as to the taxes paid on the assessments in the city of Syracuse and denied as to those in the town of Manlius and that the following resolution be adopted:

Resolved, That the petition of the New York Central and Hudson River Railroad Company be granted as to the taxes paid on assessments in the city of Syracuse as claimed in said petition, and denied as to those paid on assessments in the town of Manlius, and that there be refunded to petitioner the sum of \$2,413.61, which amount includes accrued interest, upon its filing a proper voucher with the Clerk of the Board, and that said sum be a charge against the city of Syracuse, and be included in the abstract of taxes to be levied in said city for the current year, and that the Clerk be and hereby is authorized to draw and the Chairman to countersign a warrant on the Erroneous Assessment Fund for said amount.

Respectfully submitted,

EARL E. ELLIS,  
WILLIAM F. HODGE,  
FRANK J. CARR,

Committee.

Adopted. Ayes, 37; noes, 0.

By Mr. O'Brien:

Resolved, That there be levied and assessed upon the taxable property of the Town of Van Buren, \$2,914.29, the same being the amount of town expenses audited by the Town Board of said town, as per schedule presented.

Adopted. Ayes, 37; noes, 0.

December 8, 1908.

By Mr. O'Brien :

Whereas, The Highway Commissioner of the town of Van Buren, County of Onondaga, has made an estimate of the amount of money necessary to be raised by tax for the improvement of the highways and bridges and other miscellaneous highway purposes of the town, as provided by Section 90 of the Highway Law; and

Whereas, The Town Board has approved or changed such estimate as provided by Section 91 of the Highway Law; therefore be it

Resolved, That the said estimate as approved by the Town Board be received and printed, and the sum of \$3,353.94 (which is the amount of the first item in said estimate) be assessed, levied and collected upon the taxable property of the town of Van Buren exclusive of the property within the corporate limits of the village or villages of the town which maintain their streets and highways as a separate road district, and that said amount when collected be paid to the Supervisor of the town to be paid out by him as provided by law; and be it further

Resolved, That the sum of \$800.00 (which is the amount of the second, third and fourth items of said estimate as approved by the Town Board) be assessed, levied and collected upon the taxable property of the entire town of Van Buren, and the same when collected to be paid to the Supervisor to be paid out by him as provided by law.

Adopted. Ayes, 37; noes, 0.

Mr. O'Brien handed up the Dog Tax report of the Town of Van Buren. Filed.

By Mr. Brilbeck :

To the Honorable Board of Supervisors :

Gentlemen—Your Committee on Bond and Interest Fund beg leave to report: That we have carefully examined the report of the County Treasurer, relative to the installment of interest due on Penitentiary bonds on the 1st day of January, 1909, and we find the same to be correct.

Pursuant to provisions of Local Law No. 1 of 1906 of this county, we hereby audit the interest obligation of said county, falling due January 1st, 1909, as follows:

Six months' interest on Court House bonds.....\$8,000.00

We recommend the adoption of the following resolution:

Resolved, That the claim for interest on Penitentiary bonds as herein stated be, and the same hereby is allowed, and further

Resolved, That a warrant on the Bond and Interest Fund be drawn and signed by the Clerk of this Board, and countersigned by its Chairman, payable to the order of William W. Woese, as County Treasurer, for the sum of Eight Thousand Dollars (\$8,000.00), the above amount allowed, and further

Resolved, That the said County Treasurer be, and hereby is, directed to transmit or otherwise pay the several amounts due to the respective holders of said bonds for such interest, returning to the Board the vouchers taken to show such payment.

All of which is respectfully submitted.

J. B. BRILBECK,  
JOHN R. CHAMBERLIN,  
C. M. NORTON,

Committee on Bond and Interest Fund.

Adopted. Ayes, 37; noes, 0.

December 8, 1908.

The Clerk presented a communication from the Board of Supervisors of Tompkins County, relative to the refundment to the counties of payments made on account of the construction of State roads already under contract or completed under Chapter No. 115 of the Laws of 1898.

Referred to Committee on Highways.

By Mr. Ellis:

Whereas, the Highway Commissioner of the Town of Camillus, County of Onondaga, has made an estimate of the amount of money necessary to be raised by tax for the improvement of the highways and bridges and other miscellaneous highway purposes of the town, as provided by Section 90 of the Highway Law; and

Whereas, the Town Board has approved or changed such estimate as provided by Section 91 of the Highway Law; therefore be it

Resolved, that the said estimate as approved by the Town Board be received and printed, and the sum of \$4,470.53 (which is the amount of the first item in said estimate) be assessed, levied and collected upon the taxable property of the Town of Camillus, exclusive of the property within the corporate limits of the village or villages of the town which maintain their streets and highways as a separate road district, and that said amount when collected be paid to the Supervisor of the town to be paid out by him as provided by law; and be it

Further Resolved, that the sum of \$2,050.00 (which is the amount of the second, third and fourth items of said estimate as approved by the Town Board) be assessed, levied and collected upon the taxable property of the entire town of Camillus, and the same when collected to be paid to the Supervisor to be paid out by him as provided by law.

By Mr. Connell:

To the Board of Supervisors:

Your Committee on Ways and Means, to whom was referred the communication of the District Attorney asking for the creation of the position of Third Assistant District Attorney, to attend to Police Court cases, at an annual salary to be paid one-half by the City of Syracuse and one-half by the County, and of the communications of the several employees of the Court House, respectfully report: That its members have given careful consideration to these several matters and have inquired into the necessity for the additional assistant to the District Attorney and into the salaries paid others in like positions as those asking for increased compensation in the Court House and as to what is just and fair in this respect, and recommend that the requests be granted as specified in the following resolution, the adoption of which we recommend:

December 8, 1908.

Resolved, That the position of Third Assistant District Attorney be, and hereby is created at an annual salary of not to exceed Six Hundred Dollars (\$600.00), to be paid monthly as are the salaries of other county officers, and further

Resolved, That the salaries of the following employees in the Court House be, and are hereby fixed at the several amounts named, commencing the first of January next:

Chief Engineer .....	\$1,320.00	per annum
Assistant Engineers .....	80.00	per month
Firemen .....	16.00	per week
Elevator Conductors .....	50.00	per month
Night Watchmen .....	60.00	per month

the several amounts to be paid as are the salaries of other county officials.

We believe that the amounts fixed in the foregoing resolution are just for the several positions and reasonable on the part of the county and should remain unchanged, except for unforeseen contingencies, for a long time to come.

Respectfully submitted,

By Mr. Hodge:

To the Honorable, the Board of Supervisors of Onondaga County:

Gentlemen—Your Committee on Jurisprudence, to whom was referred the unpaid school taxes of School District No. 15 of the Town of Cicero; School District No. 3 of the Town of Pompey, beg leave to submit the following report:

December 9, 1908.

We have examined the list of unpaid taxes from said districts, together with the certificates and affidavits thereto attached, and we find that the officers of said school districts have complied with all the requirements of the law in such cases made and provided. We therefore recommend the adoption of the following resolution:

Resolved, That the Supervisors of the Towns of Cicero and Pompey be, and they are hereby authorized and directed to extend upon the tax rolls of their towns the amount of school taxes of

School District No. 15 of the Town of Cicero;

School District No. 3 of the Town of Pompey;

with seven per cent. added thereto, the same to be extended against the property, and for the amounts appearing on the lists of unpaid taxes returned to the Board as required by law.

By Mr. Hayden:

To the Honorable Board of Supervisors:

Gentlemen—Your Committee to whom was referred the matter of ascertaining the amount of tax to be derived from the taxation of mortgages in the county of Onondaga and apportioning the said tax between the several towns and incorporated villages of the said county of Onondaga and city of Syracuse in accordance with the provisions of Chapter 729 of the Laws of 1905 and amendments thereto, beg leave to submit the following report:

We have ascertained from the records of the Onondaga County Clerk the location of the mortgaged premises with respect to the several tax districts and the amount of the tax to be credited to each town, city and village, and of the sum so credited to each town which does not contain within its boundaries an incorporated village or portion thereof, and to the city of Syracuse we have apportioned one-half thereof to the payment of school taxes, and one-half thereof to the payment of State, town, county and city expenses.

To those towns containing within their limits incorporated villages or portions thereof, we have apportioned so much of the share credited to the said towns as the assessed value of said villages bear to twice the total assessed value of the said towns; and one-half of the remaining balance we have apportioned to the payment of State, county and town taxes, and one-half to the payment of school taxes of

Mr. Rubin presented the following for the Chairman:

Resolution offered by Mr. Peck levying a tax upon the taxable property of the town of Dewitt for highway purposes as provided by Sections 90 and 91 of the Highway Law.

Whereas, The Highway Commissioner of the town of Dewitt, County of Onondaga, has made an estimate of the amount of money necessary to be raised by tax for the improvement of the highways and bridges and other miscellaneous highway purposes of the town as provided by Section 90 of the Highway Law; and

Whereas, The Town Board has approved or changed such estimate as provided by Section 91 of the Highway Law; and,

Whereas, The Town Board has approved or changed such estimate as provided by Section 91 of the Highway Law; therefore, be it

Resolved, That the said estimate as approved by the Town Board be received and printed, and the sum of \$5,032.77 (which is the amount of the first item in said estimate) be assessed, levied and collected upon the taxable property of the Town of Dewitt exclusive of the property within the corporate limits of the village or villages of the town which maintain their streets and highways as a separate road district, and that said amount when collected be paid to the Supervisor of the town to be paid out by him as provided by law.

Resolved, That the sum of \$2,000 (which is the amount of the second, third and fourth items of said estimate as approved by the town board) be assessed, levied and collected upon the taxable property of the entire town of Dewitt, and the same when collected to be paid to the Supervisor to be paid out by him as provided by law.

Adopted. Ayes, 26; noes, 0.

December 10, 1908.

By Mr. Rubin:

Resolved, That there be levied and assessed against the property owners of the town of Dewitt the sum set opposite their respective names, the sum of \$28.28, the same being for the payment of cutting and removing weeds and brush, as contained in the report of the Commissioner herewith presented and therein recommended by the Town Board of said town.

Adopted. Ayes, 26; noes, 0.

Mr. Wicks handed up the report of the Committee on Bank Stock Tax:

To the Honorable Board of Supervisors:

Your committee, to which was referred the matter of ascertaining the amount of tax to be derived from the taxation of the shares of bank and banking associations in the County of Onondaga, and apportioning the said tax so as to be divided between the Tax Districts of said county in which the said shares of stock of such banks and banking associations are taxable, in accordance with Chapter 550 of the Laws of the State of New York for the year 1901, as amended by Chapter 126 of the Laws of 1902, and Chapter 267 of the Laws of 1903, beg leave to submit the following report:

We have ascertained from an inspection of the assessment rolls of the several Towns and Wards of this County, the number of shares of stock of the several banks and banking associations of each town, city, village, school or other tax districts therein, in which such shares of stock are taxable, the names of the banks issuing the same, respectively, and the assessed value of such shares as are entered upon said assessment rolls; by computation at the rate of one per centum, the amount of tax imposed thereupon by said act; from the tax rolls and reports of the Clerks of such city, village and school districts of this Board, the tax rate of each of the several towns, city, village, school or other tax districts, respectively, in which said shares of stock are taxable, which tax rates include the proportion of State and County taxes levied in such districts, respectively, for the current year, and have computed and ascertained the proportion of said tax, so imposed, to which each said town, city, village, school or other tax districts are respectively entitled, by taking such proportion of the tax upon said shares of stock of such banks and banking institutions, taxable in such districts, respectively, under the provisions of said act, as the rate of each such tax district bears to the aggregate tax rates of all the tax districts in which said shares are taxable, all of which facts and results more fully and in detail appear in "Schedule A" hereto annexed, which is made a part of this report.

Respectfully submitted,

PARKE W. WICKS,  
FRED W. O'BRIEN,  
Committee.

Mr. Wicks presented the following communication:

December 15, 1908.

To the Board of Supervisors of Onondaga County, Syracuse, N. Y.:

Gentlemen—I respectfully submit the following matters for the consideration of your honorable body.

December 15, 1908.

You are annually appropriating \$30,000 to defray the expense of persons committed to the several charitable institutions of the State of New York, including the orphan asylums and hospitals in this county. Pursuant to a resolution adopted by you earlier in the year, the undersigned called to the attention of these several institutions and also to the various officials in the county who were or are committing persons to them, the provisions of the statute requiring notice of such commitments to be given to the Clerk of your Board, and also requesting that such institutions file with the Board a complete statement of all the persons then in them chargeable to this county. Some of the institutions have complied with this request, others have not. The Clerk of the Board has prepared a comprehensive record book in which to enter the names and other data concerning these charitable charges, but there is no information at hand, particularly so far as the institutions located outside of the county are concerned, upon which to base a proper audit of these claims. That is to say, the Board is compelled to act solely upon the sworn statement of an official of the institution-claimant and without means of verifying the charges contained in the bills. It should also be determined whether or not the various persons committed to these institutions are properly public charges, and if they are, whether or not the expense for their maintenance and care should be paid by the county at large or by the city or town from which committed. The necessity for reliable data upon which to base your audits is obvious. The large amount involved makes the necessity more emphatic.

Accordingly, I would respectfully recommend that your honorable body cause an investigation of these matters to be made and reliable and accurate data procured to the end that there may be proper and sufficient facts at hand upon which to base the audit of these claims.

I also desire to call your attention to Subdivision 15 of Section 12 of the County Law, which provides that your Board may contract with the Sheriff of the county on such terms as you may, by resolution, determine for the board of jail prisoners while not confined in the penitentiary, and also to the statutory provisions which make it your duty annually to fix and determine the compensation to be allowed and paid to the officers for the conveyance of juvenile delinquents to the House of Refuge and of lunatics to the Insane Asylums.

I respectfully recommend that appropriate action be taken by your honorable body as to these matters, that there may be a proper basis for auditing the claims presented therefor.

Respectfully submitted,

HERBERT L. SMITH,

County Attorney.

By Mr. Wicks:

Resolved, That the Committee on Charities Fund of this Board be, and hereby are authorized and directed to investigate in such manner as its members may determine the matter of persons committed to the several charitable institutions presenting bills to this Board for audit, and ascertain in each of the several institutions: (1) who are county charges and who are town charges, and to what town chargeable; (2) the name, age, sex, nationality and residence of each person, the length of time of commitment or appointment, the name, title, residence and authority of the officer making the commitment, and the sum chargeable per week, month or year for each person; (3) such other and further facts and information as said committee may deem necessary to make a proper foundation for the audit of the claims of such institutions for the care and maintenance of such persons, and report their findings to this Board, with all convenient speed; and be it further

December 15, 1908.

Resolved, That the sum of One hundred and fifty Dollars (\$150.00), or so much thereof as may be necessary, be and hereby is appropriated for the necessary expenses of said committee in making such investigation.

Adopted. Ayes, 33; noes, 0.

Adopted. Ayes, 27; noes, 0.

By Mr. Connell:

Resolved, That the Chairman and Clerk of this Board be, and hereby are authorized to enter into contract with the Sheriff of the County for the Board of prisoners confined in the jail in connection with the Court House for the year 1909, at a rate not to exceed fifty cents per day per prisoner.

Adopted. Ayes, 27; noes, 0.

By Mr. Shepard:

Whereas, The Board of Supervisors have heretofore duly protested the acceptance by the State Engineer and Surveyor of the five following improved roads:

Coleman Hill Road, No. 245;  
Cemetery Road, No. 291;  
East Lake Road, No. 293;  
Skaneateles-Hamilton Road, No. 330;  
Belle Isle Road, No. 488;

and has requested to be filed with the said State Engineer and Surveyor certain statements and affidavits in support of said protests, and

Whereas, A hearing was duly had before said State Engineer and Surveyor at his office in the City of Albany, N. Y., on the 9th day of December, 1908, wherein the merits of said protests were filed and thoroughly discussed and considered, and

December 17, 1908.

Whereas, as a result of said protest and said hearing the State Engineer and Surveyor has submitted a letter of which the following is a copy:

"Referring to the recent discussion at this office regarding the acceptance of roads in Onondaga County, would state that it is agreed by us that the raveling on Road No. 330 on the two hills will be taken care of out of repair fund next spring, providing the road does not at that time come down to proper condition. We have also decided to and hereby do withdraw our notice of intention to accept at this time Roads Nos. 245, 293 and 488.

Very truly yours,

FREDERICK SKENE,  
State Engineer and Surveyor."

supplemented by a letter this day duly signed by Mr. H. B. Brewster, Division Engineer of the State, of which the following is a copy:

"We will deep ditch at point indicated by Highway Committee, and widen rock cut, and improve intersections at city line on the Cemetery road.

HENRY B. BREWSTER."

And, Whereas, In pursuance of said statement of said Division Engineer Brewster, work has actually been begun and is now in progress upon said Cemetery Road, and

Whereas, Assurances have also been given by said Division Engineer that the guard rail insisted upon by this Board, amounting to about 200 feet, shall be built at or near Vesper Mill in Vesper Village on the so-called Skaneateles-Hamilton Road, and

Whereas, The Special Committee on Improved Highways heretofore appointed has, by resolution, recommended that the matters in difference between the State Engineer's Office and this county pertaining to said five roads be settled and adjusted in accordance with the terms and conditions set forth in the said communications, now, therefore, be it

Resolved, That the Board waive its right to protest the acceptance of said Cemetery Road No. 291 and said Skaneateles-Hamilton Road No. 330, and be it further

Resolved, That the resolution heretofore, and on November 10th, 1908, adopted by this Board authorizing and directing the County Treasurer of Onondaga County to withhold payment upon drafts issued by the said State Engineer and Surveyor on account of the said roads be, and the same is hereby vacated, rescinded and set aside, and be it further

Resolved, That the Clerk of the Board be instructed to forthwith transmit certified copies of the above resolution to the State Engineer and Surveyor, and to the Treasurer of the County of Onondaga.

Adopted. Ayes, 33; noes, 0.

Mr. Kelly handed up the following communication, which was ordered filed and referred:

December 18, 1908.

December 14th, 1908.

Mr. E. R. Deming, Clerk of the Board of Supervisors, Syracuse, N. Y.:

Dear Sir—Referring to the recent discussion at this office regarding the acceptance of roads in Onondaga County, would state that it is agreed by us that the raveling on Road No. 330 on the two hills will be taken care of out of the repair fund next spring, providing the road does not at that time come down to proper condition. We have also decided to and hereby do withdraw our notice of intention to accept at this time Roads Nos. 245, 293 and 488.

Very truly yours,

FREDERICK SKENE,  
State Engineer and Surveyor.

Also:

We will deepen ditch at point indicated by Highway Committee and widen rock cut, and improve intersection at city line on the Cemetery Road.

HENRY B. BREWSTER.

By Mr. Boland:

Whereas, The interests of the County of Onondaga, which is in the foreground on all good roads matters, are such as to warrant the request of the appointment of a resident of this county to the State Highway Commission, and

Whereas, Our present County Superintendent of Highways, Mr. Frank E. Bogardus, has proven himself to be not only an honest and competent official, but one of the best informed men upon the subject of good roads and road building in the State and to be familiar with all phases of the movements from a county or state standpoint, now, therefore, be it

Resolved, That we most respectfully recommend and urge the appointment of Mr. Bogardus as a member of the State Highway Commission, and be it further

Resolved, That the Clerk of this Board be and he hereby is instructed to transmit a certified copy of this resolution to his Excellency, the Honorable Charles E. Hughes, Governor of the State of New York.

Mr. O'Brien objected to the consideration of the resolution under rule No. 5, and the chairman ordered the same laid over under the rule.

On motion of Mr. Rubin, the Board adjourned until Friday, December 18th, 1908, at 2 P. M.

E. R. DEMING, Clerk.

## EIGHTH DAY.

December 18th, 1908.

The Board assembled at the hour fixed for adjournment, the Chairman, Mr. Peck, presiding.

Present—Messrs. Ellis, Chamberlin, Powers, Estey, Adams, Wyker, Shepard, Carr, O'Brien, Brilbeck, Young, Schlosser, Lee, Hayden, O'Reilly, Cahill, Hodge, Rubin, Boland, Wicks, Mott, Tyler, Mr. Chairman.

Absent—Messrs. Klosheim, Hoffman, Connell, Kelly, Boyle, Van Benthuyssen, Conan, Harvey, Norton, Wiegand, Nichols, Sheedy, Ostrander and Smingler.

December 18, 1908.

On motion of Mr. Rubin, the reading of the minutes of the previous session was dispensed with and the minutes as prepared by the Clerk, approved.

Mr. Boland called up for consideration the resolution offered by him at the previous session, endorsing County Superintendent of Highways, Frank E. Bogardus, for appointment on the State Highway Commission, and moved its adoption.

The resolution was adopted unanimously.

By Mr. Adams:

For the purpose of establishing a uniform manner and system for the presentation of Justices' and Constables' claims for audit by this Board,

Resolved, That the County Attorney be, and hereby is, authorized to prepare and the Clerk of the Board to furnish proper forms for such purposes.

Adopted.

Mr. Brillbeck handed up the following resolution:

Resolved, That this Board extend to the Chairman and Supervisor Rubin a hearty vote of thanks for the entertainment furnished the Board on December 17th, 1908.

Adopted unanimously by a rising vote.

The Chairman responded to the generous spirit of the resolution and in a few well chosen words thanked the members of the Board for their hearty support during the past year.

By Mr. Shepard:

Resolved, That the Purchasing Agent be, and he hereby is authorized to purchase, without advertising for the same, one Burroughs Adding Machine, with electric motor attachment, at an amount not exceeding \$450.00, for the County Clerk's Office, and

That he be, and hereby is, authorized to exchange the present style of adding machine in the County Treasurer's Office for the improved style similar to the one above described, at an expense of not to exceed \$200.00, and it is hereby determined to be impracticable to advertise for bids for such purchases, and this resolution is adopted pursuant to Section No. 2 of Chapter No. 20 of the Laws of 1906, as amended.

Adopted. Ayes, 22; noes, 0.

On motion of Mr. Rubin, the minutes as prepared by the Clerk were approved.

The Board then adjourned for the present year, on motion of Mr. Rubin.

E. R. DEMING, Clerk.

COUNTY OF ONONDAGA, }  
SUPERVISORS' CHAMBER, } ss.

We hereby certify that we have compared the foregoing Journal of Proceedings of the Board of Supervisors of Onondaga County, New York, at its Annual Session for the year 1908, with the original proceedings, and that the same is a correct transcript therefrom and of the whole of the said original records (typographical errors excepted).

In witness whereof we have hereunto set our hands and affixed the seal of said Board this 15th day of January, 1909.

I recommend the building of a tuberculosis tent for women. I also recommend the purchase of the farm now owned by the Welch Bros., of 138 acres, known as the Lynch farm, if it can be bought for \$13,000.00.

Before ending this, my last report for this present term, I wish to acknowledge the uniform courtesy I have received from all in any way connected with the Department.

Very respectfully submitted,

H. D. NOTTINGHAM,

Superintendent of the Poor

**ANNUAL REPORT**  
OF THE  
**Inspectors of the Onondaga County Penitentiary**

**For the Year 1908**

---

To the Honorable Board of Supervisors:

Gentlemen—We present to you, attached, the annual report of the Superintendent of the Onondaga County Penitentiary for the fiscal year ending September 30th, 1908.

We estimate that there will be required the sum of Eighty-three thousand five hundred dollars (\$83,500.00) for the maintenance of the institution during the ensuing year, as follows: Salaries, \$21,400.00; supplies, \$25,250.00; fuel, \$4,000.00; clothing, \$3,500.00; shoes, leather and findings, \$1,500.00; general expense \$2,500.00; improvements and repairs, \$3,500.00; transportation of prisoners, \$3,850.00; stone crushing, \$4,000.00; permanent improvements as per schedule: Two 200 H. P. boilers, \$9,300.00; new power house and equipment, \$2,200.00; piping new boilers to present plant, \$1,000.00; swine, poultry and store house, \$1,500.00.

We estimate that the resources and earnings of the institution for the coming year, together with the balance of the appropriation now in the Penitentiary and Jail Fund, will be Thirty-six thousand dollars (\$36,000.00), and we recommend that the Ways and Means Committee of your Honorable Board provide, in the regular County Budget, the sum of Thirty-five thousand five hundred dollars (\$35,500.00) and that there be reappropriated the sum of Twelve thousand dollars (\$12,000.00) of the Permanent Improvement Fund, both amounts when collected to be placed to the credit of the Penitentiary and Jail Fund.

Respectfully submitted,

GEO. S. HERRICK,  
JACOB GEHM, JR.,  
W. C. NEWELL,

Inspectors.

# ANNUAL REPORT

OF THE

## Superintendent of Onondaga County Penitentiary

---

### For the Year 1908

---

To the Honorable Board of Inspectors of the Onondaga County Penitentiary:

Gentlemen—The fifty-eighth annual report of the Onondaga County Penitentiary for the year ending September 30th, 1908, is herewith submitted.

In many respects it has been an unusual year in the history of the institution. The climatic conditions of this immediate locality were decidedly unfavorable from an agricultural basis, there being little rain from early June to October, thus materially reducing the products of the farm and entailing an increased expenditure for this and the ensuing year.

This lack of rain deprived the institution of the usual water power for pumping plant that furnishes water for Penitentiary purposes and was responsible for an outlay of \$450.00 for gasoline power.

That the average population has been decidedly increased is shown by comparative data: 1905, 279; 1906, 297; 1907, 306; 1908, 401, and at present it is 131 above last year at this date. This with the steadily ascending price of supplies necessary for the maintenance of the institution will account for increase of disbursements in this department. The high population has put an excessive strain upon the water-supply system to the extent that the single four-inch line from pumping station to water tower has been taxed to the limit of safety and could no longer be relied upon for increased service. To avoid serious consequences it has been necessary to lay an auxiliary pipe line of six-inch diameter (now under construction), which, with the renewal of the Sherwood farm supply line cost about \$1,400.00 and should meet all demands made upon it for a term of years.

With the installation of the new power plant (now being built) the three 125 horse-power boilers in the building would be out of commission. One of these boilers has already been taken from building and transferred to quarry and is furnishing power for crushing plant (in which place it is giving complete satisfaction) at an outlay of \$360.00.

The concrete foundation for the new power house 50x75 feet has been constructed at an approximate cost of \$600.00.

The earnings from swine amount to \$923.95, with a stock of 160 head still on hand, for which the institution has no adequate facilities for proper care. I would suggest that provision be made for necessary housing of this stock at an early date.

From poultry the products were \$478.87, with a stock of 209 fowls still on hand. These, too, are without suitable protection during inclement weather and could be housed in building for swine if properly constructed.

As Penitentiary affairs and disposal of same are attracting some attention, it may be pertinent at this time to furnish some statistics on the subject of maintenance. During the past year this institution has furnished 146,766 days maintenance to convicts, of which 47,289 was chargeable to Onondaga County; it also furnished 11,248 days' maintenance to the jail prisoners of the county. Were it not for the presence of this institution the sentenced prisoners of the county would have to be sent to the nearest penitentiary, which in this case would be Monroe county. With this disposition of the matter, the cost of maintenance and clothing for Onondaga County prisoners would be \$15,136.70; the cost of transportation of these prisoners with the Sheriff's office on a salary basis would be \$3,847.02, and cost of same transportation with the office under fee system, as at present, would be \$11,619.56, making the total cost of maintenance, clothing and transportation of county prisoners and transportation of tramps \$26,756.26; in addition the county would have to provide 11,248 days' maintenance for jail prisoners (at not less than a standard price of 30 cents per day, as paid by our "contract" counties) at a cost of not less than \$3,374.40.

On this basis the total expense to the County for maintaining its county and jail prisoners would amount to \$30,100.66.

Respectfully submitted,

FRANK P. BENTLEY,

Superintendent.

# ANNUAL REPORT

OF THE

## Anglers' Association of Onondaga County

For the Year 1908

Syracuse, N. Y., December 14, 1908.

To the Honorable Board of Supervisors of Onondaga County:

Gentlemen—At the last session of your Honorable Board the sum of \$300.00 was appropriated for the use of the Anglers' Association of Onondaga in the work of protecting the fish in the public waters and the birds in the covers of the county. We desire, therefore, to make the following report to your Board as showing the manner in which the appropriation was used and the amount of work which has been done by this Association.

During the year we have employed seven Special Game Protectors, some of them continuously, others as occasion required. We have paid them for their services and expenses and for other items used for the purpose of educating the public regarding our cause the sum of \$4,200.00. Of this sum \$300.00 was paid of the money appropriated by your Board, the balance from the funds of the Association derived from the annual dues from its members. During the period of time for which we are reporting our protectors have seized and destroyed over 200 nets. This report of the number of nets destroyed shows a marked decrease as compared with previous years. This is explained by the fact that the Association having prospered numerically and therefore having more funds at its disposal, was able to carry out its purpose more efficiently by having the Game Protectors employed more steadily. Never before in the history of the Association have the pirates and pot-hunters been so vigilantly hounded. A number of arrests have been made of violators of the game laws including Italians for shooting various song birds, operating nets and taking fish by other illegal devices.

In spring as the song birds begin to return from their Southern winter sojourns to re-establish their homes and rear their families in our Northern clime, the Association had published a bird-folder containing a picture in colors of the Baltimore oriole, the New York State Law regarding the protection of song and insectivorous birds, reasons both sentimental and economic why these birds should be protected and a poem regarding the destruction of birds which undoubtedly impressed upon the minds of the rising generation the reasonableness of our appeal. We had printed 29,000 copies of these folders and they were placed in the hands of each and every school child in the county, both in the city and country schools. Reports from various parts of the county justify us in believing that thousands of our song birds were preserved as a direct result of this educational movement, and to our personal knowledge hundreds of parents refused longer to allow their boys to use the air-guns and small rifles which the youths have been accustomed to practice with upon any flying object. This local effort in educating the rising generation regarding the value of the song birds has been endorsed by the National Association of Audubon Societies and has been commented upon by leading journals throughout the United States and in a large number of communities this folder has been copied. (Copy of folder submitted herewith.)

During the past season we have received from the State 3,000,000 pike fry, 20,000 brook trout fingerlings and about 500 adult trout which were on exhibit at the State Fair and afterwards turned over to our Association and placed in nearby waters. The pike fry were placed in the Jamesville Reservoir, Cross Lake, Otisco Lake and in Seneca River in the Towns of Lysander and Van Buren. The brook trout were distributed in tributaries of Limestone Creek in the Town of Manlius, Onondaga Creek in the Town of Onondaga, Peck Brook in the Town of Onondaga, Kimber Brook and Elmwood Brook in the Town of Onondaga, Markham Hollow Brook in the Town of Tully, Windfall Brook in the Town of Elbridge and Geddes Brook in the Town of Geddes, Beaver Meadow Brook in the Town of Skaneateles and in tributaries of the Nine Mile Creek in the Town of Marcellus. The large trout from the State Fair exhibition were placed in the upper waters of Onondaga Creek with the exception of the rainbow trout, which were placed in Nine Mile Creek. All these fish were planted in the waters of Onondaga County and are intended for the benefit of all the people. No man of our Association receives any pay for his services excepting the protectors and they are paid only for the days they render actual service.

Our Association carried on its campaign of education as in former years by advertising the game laws in the Italian papers and by posting conspicuous notices in various parts of the county regarding the game laws and the penalty for their violations. Our protectors combined with the State officers in protecting the spawning grounds in Chittenango Creek during the season of the year in which the pike run up that stream in such enormous quantities that it used to be possible before the protectors camped there for the pirates to take tons of fish in one day from those waters. We believe that protecting fish at this spawning season will be the means of eventually re-stocking Oneida Lake so that it will again be the greatest fishing grounds in this State for the pike and black bass.

At the time of our last report our Association was composed of about 1,200 members. To-day we have over 2,800 members and we believe that with this great increase in membership, we have encouraged hundreds of the citizens of this county to indulge more freely in healthy out-of-door recreation. The constitution of the Anglers' Association does not apply to provisions for improving the fishing conditions alone, but has come to signify the encouragement of hunting, fishing, camping and all legitimate and ennobling out-of-door methods of recreation. To that end, they endeavor to keep the streams stocked with fish, the fields and woods stocked with game, and around and above all, thousands of sweet singing birds with a merry song of cheer, which shall be an encouragement and delight to all residents of the community.

Firmly believing that this Board of Supervisors of Onondaga County appreciates the value of the services rendered by the Anglers' Association of Onondaga, we ask you to appropriate the same amount as last year.

Very respectfully yours,

THE ANGLERS' ASSOCIATION OF ONONDAGA.

# ANNUAL REPORT

OF THE

## Superintendent of Highways of Onondaga County

For the Year 1908

To the Clerk of the Board of Supervisors, Onondaga County:

I respectfully submit the following report pertaining to the highways of the county:

The work of improving, repairing and maintaining the highways of the county under the provisions of the present Highway Law might be classified as follows:

(a) That in charge of the State Engineer, consisting of the preparation for and the supervision of contract work upon the more important highways.

(b) That in charge of the Town Highway Commissioner, consisting of general and special work on all town roads.

The basis for the apportionment of the cost of improved roads and the amount of State aid for the improvement of town roads is (and will be under New Highway Law) the average corrected equalized valuation per mile of the property in a town outside the limits of incorporated villages. The mileage and valuations to be used in determining this average valuation are shown by the following statement:

Apportionment of cost to a county 2 per cent. for each \$1,000.00 of average equalized valuation per mile, not to exceed 35 per cent. (Onondaga County 35 per cent); to a town, 1 per cent. for each \$1,000 of average equalized valuation per mile, not to exceed 15 per cent.

The adoption of a map by the Board of Supervisors designating a State and County System of improved roads, the approval of said map by the Legislature of 1907 and the further recognition of the system thus established by the New Highway Law have practically determined Onondaga County entitled to have improved under the supervision of the State authorities two hundred forty-three and twenty-three hundredths (243.23) miles of highways.

The cost of such improvement to be met wholly or in part by the State from the proceeds of the Fifty Million Bond issue as provided by Laws of 1906.

The following shows the mileage allotted to each town under the proposed system:

\*Final account.

Each of the roads enumerated in the above tables with the exception of 10.934 miles improved prior to 1906 is a part of the proposed State or County system.

As a part of such systems 53.90 miles have been surveyed but not planned. The improvement of 52.66 miles is planned and awaiting proposals with appropriations available amounting to \$564,100.00. Contracts are in effect providing for the improvement of 25.707 miles with appropriations available amounting to \$257,383.96. 29.704 miles have been improved at a cost of \$322,657.32; making a total of 161.971 miles of the proposed system that have been improved or that have received attention necessary to insure proper consideration in the order of construction fixed by Law.

At the close of the season the work of improving eight of these roads was unfinished. Upon No. 245 Coleman Hill, No. 291 Cemetery Road, No. 293 East Lake, Section 2, No. 330 Skaneateles-Hamilton and No. 488 Belle Isle about 90 per cent of the contract work has been performed.

A large part of the stone constituting both courses of the macadam of No. 292 West Lake, Section 2, was laid late in the season, never properly compacted or filled and has become disturbed and loosened by the traffic to such an extent that an estimate of the amount of completed work cannot be readily given.

About thirty-three and one-third percent. of the work under the contract for No. 452 Cicero-South Bay has been completed.

The Collamer road, No. 348, has remained in an incomplete state during the entire seasons of 1907 and 1908. A total appropriation of eighty-five hundred dollars for an additional course of Little Falls syenite has been available during this period. The macadam is badly worn and rutted and shows signs of a serious and general breaking up.

During the present year nineteen and forty-seven hundredths miles, the improvement of which was estimated to cost \$189,133.96, were advertised for proposals and contracts let as follows:

No. 489, Tully Road, 4.44 miles; contract price.....	\$36,646 20
No. 553, Fly Road, 2.33 miles; contract price.....	15,564 63
No. 554, Fabius Road, 4.91 miles; contract price.....	41,525 75

Total, 11.68 miles.....	\$93,736 58
-------------------------	-------------

During the past season work upon contracts was completed, and finally accepted, upon the following roads:

- No. 290 South Salina Street.
- No. 328 Valley Road, Camillus.
- No. 329 Valley Road, Marcellus.
- No. 429 Thompson Road.
- No. 431 Skaneateles- Spafford.
- No. 486 Skaneateles, West Lake, Sections 3, 4, 5.
- No. 487 Elbridge Roads.

A total of 17.054 miles completed at a cost of \$201,794.66.

No. 430 Jordan Valley, completed in 1907, makes a total mileage for both years of 18.770.

Completed prior to 1906, 10.934 miles. Whole number of miles completed in county, 29.704.

## REPAIR AND MAINTENANCE OF IMPROVED ROADS.

The work of repairing the completed State Roads has been performed under the direction of the State Engineer's Department. Such work generally consisted of cleaning ditches and shoulders and the application of a wearing course of fine stone to the macadam. In some instances, where the macadam was badly worn, a new top course of stone material was applied, said course being rolled and puddled in the regular manner of manipulating top course stone.

Portions of the following roads were resurfaced in the above described manner:

- No. 8—Cortland Street.
- No. 9—James Street
- No. 75—Fabius.
- No. 122—East Lake.
- No. 430—Jordan Valley.

As an experiment to ascertain the practicability of using dust laying materials upon macadam, an application of vitovia, a coal tar product, was made to the macadam of about two and a quarter miles on the Thompson Road. The treatment was made in August, and consisted of sweeping from the surface the loose and waste materials and the applying of the vitovia cold over the entire surface of the macadam, brushing it into the top course with hand brooms, and spreading over the whole a sprinkling of syenite chips varying from one-fourth to three-quarters of an inch in size. The result was quite satisfactory in the matter of keeping down the dust and smoothing the macadam, and to a considerable extent preventing the wear or loss of material usually attending the operation of automobiles at high speed over macadam roads

As a dust preventative the vitovia seems to be highly satisfactory, but the cost of the treatment, about \$1,200 per mile, is excessive, and it is doubtful if further experiments in the use of this material will meet the approval of the State authorities.

Through the courtesy of the resident engineer the cost of the repairs to the improved roads within the county has been ascertained to be as follows:

No. 8—Cortland Street .....	\$ 540 54
No. 9—James Street .....	509 37
No. 75—Fabius .....	955 42
No. 74—Marcellus .....	392 85
No. 76—La Fayette .....	132 73
No. 122—East Lake .....	1,648 45
No. 132—Genesee .....	332 56
No. 290—South Salina .....	22 00
No. 429—Thompson .....	2,587 50
No. 430—Jordan Valley.....	637 78
No. 291—Cemetery .....	151 13
Total.....	\$7,910 33
Average per mile.....	\$454 09

This average cost for repairs per mile, \$454.09, is undoubtedly a reliable figure, from the fact that the repairs made to these roads consisted of about the amount that would be necessary to be done upon macadam roads from year to year. This group of roads comprises pieces of macadam the use of which had extended over different periods from 1900 to date.

From statistics gathered concerning the repair of macadam roads, it is fair to assume that the average cost of repair of such roads per mile each year will be in the neighborhood of \$500.00.

## MONEY SYSTEM TOWNS.

The work of repairing, maintaining and improving the highways in thirteen towns of the county has been performed under the provisions of the money system law, or Fuller-Plank Act. In six towns: Clay, Elbridge, Lysander, Manlius, Tully and Van Buren, the work was performed under the provisions of the old labor system law, and as the new Highway Law places all of the towns of the State under the money system methods, and for that reason the said six towns will not hereafter conduct the highway affairs under the old law, it would not seem to be of advantage to make any report of the administration of the affairs of these six towns during the last year.

The highway affairs in the money system towns have been in charge of twenty-four Highway Commissioners. During the winter and spring all of the Highway Commissioners of the county, thirty-two in number, attended meetings for general instruction. During the working season circular letters were issued from time to time giving special directions to the Commissioners relative to the work which might be properly done during the different parts of the season. The accounts in these towns have been checked in the office of the Superintendent of Highways, and copies of bi-weekly reports forwarded to the Supervisors.

A State Supervisor of Highways, Mr. Gick, visited the county during the winter and examined the accounts of the money system towns of the year 1907. The said accounts were generally found to be correct.

In accordance with the custom of the State Engineer's Department, which has in charge the money system work, a supervisor of Highways, Mr. J. C. Van Arsdale, was detailed to inspect the work in the towns of this county. He began the inspection work during the last week in October and it continued during the first part of November, or until the weather conditions became such as to make it impracticable to proceed further with the work. These inspections by the State Department have heretofore proven valuable to the various officials in whose charge

the supervision of the work is vested; but this visit was made so late in the season that it was of little account and no advantage was gained by it.

On account of the great amount of work performed by the contractors, under the Higbie-Armstrong Act, during the season requiring attention of the Superintendent of Highways, the inspection of the work in the towns has been somewhat neglected.

The plans outlined by the State Department for the performance of the town work requires an agreement to be made as a basis for the work, said agreement setting aside specific sums of money for a special kind of work covering a prescribed portion of a highway. In many towns the sum thus set aside was inadequate to permit the work to be done to the best advantage. It has been found impracticable to move the stone crusher and heavy machinery to do work of small extent. Experience has shown that a better class of work can be more economically performed through having more extensive work planned in a particular place and an adequate appropriation with which to do the work.

In a number of towns the alignment and grade has been given for the new work, and the work performed in accordance therewith shows the practicability and necessity of having the town work at least roughly planned before a Highway Commissioner undertakes the same.

Particular attention has been given to the construction of sluices of a more permanent character, concrete having been used to either build entirely new sluices over wooden forms or to encase old sluice pipe. In either case a head-wall has been constructed at the ends of the sluice.

In the matter of special or permanent work the town of Skaneateles easily leads the towns of the county in the character of the work performed. This is due largely to the Highway Commissioner having had the use of a steam roller, which the town owns, to compact the stone roads. A piece of macadam 1,500 feet long, 9 feet wide, and stone placed loosely 9 inches deep in two courses, thoroughly rolled with dirt shoulders and side ditches, was constructed at a cost of \$653.66. Another piece of permanent work, consisting of laying a macadam strip of road 1,500 feet long, 12 feet wide, stone laid in two courses and rolled to 6 inches in depth, was constructed at a cost of \$1,068.51.

In the town of Camillus there have been constructed two different pieces of stone road in each Commissioner District. The general plan of construction consisted of placing crushed stone 8 to 9 feet in width to a depth of 8 to 10 inches, with a coarser size in the bottom, with dirt shoulders 4 to 5 feet on either side and suitable side ditches.

The Highway Commissioner of the town of Cicero improved 2,000 feet of common dirt road in the vicinity of Bridgeport by the placing of crushed stone laid in two courses to the depth of 8 inches in all and 8 feet wide, with dirt shoulders, making the road bed 18 feet wide with deep side ditches to correct the drainage through a flat section of country. Total cost \$696.97. Another piece of road west of Cicero village was improved by the placing of screened crushed gravel laid in two courses to a depth of 8 inches, 8 feet wide, with necessary dirt shoulders and side ditches. The length of the improvement was 1,900 feet. Total cost was \$877.24.

A considerable amount of crushed stone surfacing was roughly laid in the town of Spafford, greatly improving the portions treated. The side ditches were opened and some attempt was made to form shoulders adjacent to the stone surfacing. The material was prepared by the use of a new stone crusher with screen and bins. Another year a more careful grading of the stone material will undoubtedly bring better results.

The three Highway Commissioners in the town of Pompey undertook the surfacing of several miles of dirt roads with crushed stone prepared by the use of the new crushing plant, and while the effort will result in some improvement of the highways treated, the character of the work is hardly up to the standard that has been set for work in the towns. The appropriations were widely scattered

throughout the town and were entirely inadequate to permit the proper handling of the stone crusher and the work planned. The stone product was improperly graded and spread and there was a tendency among the commissioners to extend the improvement over too great a distance.

Considerable surfacing of the town highways was undertaken in the town of Marcellus by an application of stone and gravel. This work was performed under a general appropriation to be used throughout the entire town. But a small amount of work was performed in any one place. The result obtained will hardly lead to the establishment of a connected system of permanently improved roads.

Considerable work of a permanent character has been performed in the towns of Geddes, Salina, La Fayette, Fabius and Onondaga, but information is not available permitting an accurate description of the work, or an estimate of the cost.

The town of Dewitt constructed 9,700 lineal feet of stone road 8 or 9 feet wide, placed in two courses to a depth of 8 to 9 inches for loose material, grades corrected to some extent, suitable dirt shoulders and side ditches, and all slightly rolled, at the cost of \$5,327.31.

The money available in these towns has been so nearly used that but small balances remain to be carried over to next year's business.

### BRIDGES.

The system of numbering and describing bridges in each town of the county, established three years ago, has been continued in use, and each Commissioner of Highways annually files with the Superintendent of Highways and the Town Clerk of the different towns a statement showing the condition of each bridge in his district, and also measurements of the structure, thus establishing a reliable and systematic record to which reference can be made from time to time. Formerly all structures having a span of more than two feet were classed as bridges, but the new Highway Law changes this classification and provides that all structures having a span of five feet or more shall be classed as bridges. From these reports it has been determined that there are 614 bridges in the towns of the county.

Plans for the construction of new bridges and copies of contracts therefor have been submitted to the Superintendent of Highways for approval.

Reinforced concrete floors have been placed upon all structures rebuilt or repaired. Some of the Highway Commissioners have erected small concrete bridges and have been very successful in handling this class of work.

Contracts were let for bridges as follows:

In the town of Camillus a new deck bridge over Nine Mile Creek in the village of Camillus at a cost of \$1,490.00.

Two new deck bridges in the town of Clay at a cost of about \$1,000.00.

In the town of La Fayette two deck bridges at a cost of \$1,095.00.

In some of the other towns small structures of the same character have been erected or the old structures repaired and strengthened.

There was expended for all kinds of bridge work in the towns of the county during the year the sum of \$3,500.

### TOOLS AND MACHINERY.

New tools, implements and machinery are being added to the town outfits to meet the requirements.

The towns of Spafford and Pompey purchased new crushing outfits consisting of an up-to-date stone crusher with screens and bins.

Two road machines were purchased by the town of Marcellus, one by the town of Dewitt and one by the town of Otisco.

Three dumping wagons were added to the outfit of the town of Dewitt, a portable engine to that of the town of Camillus, and a number of plows have also been purchased.

The amount expended for tools of this nature in the several towns during the year was \$4,000.00.

### REMARKS.

The duties of the Superintendent of Highways might be classified as pertaining to

- (a) General administration of highways.
- (b) Improved roads.
- (c) Secondary or town roads.
- (d) Bridges.

In the performance of these duties it has been the aim of the Superintendent to assist in a general way, and not to apply or use positive directions except in cases where a particular class of work requires closer or more careful attention.

The revised Highway Law, which became operative on January 1, 1909, will to some extent change the plan of administration of highway matters of the county. Matters that have heretofore been handled at the discretion of the Superintendent will in the future require positive attention of the different officials concerned, from the fact that provisions of the new Highway Law are mandatory in effect. Many of these provisions of law, while new in form, were based upon the experience of former years, through the administration of the affairs of the county along practical lines.

It is generally conceded that this county, through its Board of Supervisors, has taken advantage of all of the provisions in law permitting the advancement of highway matters. In a general way it may be said that the management of the highway affairs has been conducted upon practical lines and somewhat in advance of the principles of the old law. It therefore follows that in undertaking to direct matters in accordance with the new statute, no great change of plan of action or methods will be necessary, but rather a more extended plan of action must be outlined and executed.

The placing of all of the towns under the provisions of the Money System Law will, to some extent, in respect to the supervision of town highways, simplify and facilitate the work of the Superintendent of Highways.

The method of placing crushed stone material upon town highways is open to severe criticism for the reason that the town authorities are unable to procure the use of steam rollers to properly smooth and compact the surfacing material as prepared and placed. No stone road can be considered as having been properly constructed unless a roller has been used to compact the loose material, which compacting process, when properly performed, converts the loose material into what is usually called macadam. Material loosely and improperly placed often results in the making of a stony road, and not the ideal stone road that was planned to have been constructed. Much waste of effort and material is attending the efforts of all of the town officials on account of the lack of rolling. Some means of overcoming this defect in the highway work should be immediately devised.

Most towns are unable financially to purchase rollers. It has been found impossible to rent rollers, and on account of these conditions it would seem practicable and advisable to recommend the purchase by the county of steam rollers, to be used to facilitate a more perfect handling of crushed stone in the towns and villages. Such machines could be rented to municipalities at a price sufficient to cover the expense of their operation; and through such an arrangement the traveling public might be considerably relieved of the hardship endured under the present arrangement, that of having to compact and smooth unfinished stone roads at the expense of this unnecessary wear and tear upon horses and vehicles.

In the matter of the construction of improved roads, it has heretofore been the custom in this county to undertake to procure, through county inspection, information necessary to enable the Board of Supervisors and the taxpayers to understand, at least, to some extent, that the terms of the contracts were fulfilled. This procedure was not directly authorized by the old law. Under the new law the county is accorded the privilege of inspection of the work of improving the county roads. It is also the duty of the Superintendent of Highways to pass upon the completed work of the roads set aside as part of the proposed State system. In this way representatives of the county will be able to thoroughly take part in and understand the administration of the affairs pertaining to both classes of roads.

The work of improvement, under the State Engineer, of fifteen pieces of road, or 31.081 miles of road, has been under way in this county during the year.

Mr. C. H. Livingston has given nearly his entire attention to the affairs of the improved roads during the last year. Many inspections have been made by him of the work under each contract in the county, and reliable data is on file in the office of the Superintendent pertaining to all features of the work.

The Highway Committee has also given a great amount of attention to this construction work, making many visits to the different roads of the county and a thorough study of all the phases of the work.

The Superintendent of Highways has given as much time as was possible to the inspection of this work.

One question pertaining to the work, that of determining whether the quantity or quality of macadam material used by the contractor and whether the placing and manipulation of the same meets the requirements of the specifications, is alone of enough importance to warrant such inspection by the county.

There has been some question as to the number of miles of highways in the several towns, and the new Highway Law provides that measurements of the highways shall be taken in the manner directed by the incoming Highway Commission.

It has become apparent that a more accurate and convenient system of locating the bridges and sluices and designating principal highways is necessary and desirable. Such plan must necessarily have for a basis a corrected map of each town, upon a larger scale than those now available.

A practical means of determining the amount of mileage in the towns and making the correction to the town maps could be provided for through the joint action of the town and county authorities, that is, a representative of the county with some qualifications for making measurements with a view to the correction of the map might accompany the Highway Commissioner over each road at the time the measurements of the highways are made, in accordance with the directions of the State Highway Commission. Substantially, no corrections have been made to the present maps during the last thirty years. Many new highways have been laid out and are not shown upon the maps now in use.

Eventually it will become necessary to name many if not all of the town roads, or, at least, of establishing some systematic system or method of describing the highways of the county.

The new Highway Law greatly increases the duties of the Superintendent of Highways with reference to repair and construction of all bridges in the towns of the county. An annual inspection by the Superintendent of all such bridges is called for, as is also an inspection and approval of all contract work upon bridges.

The increased demand upon the services of the Superintendent or representatives of the department, will necessarily lead to the employment of additional assistants.

A careful perusal of the tables herewith presented—and these tables are based upon reliable data and not in any case upon estimates or conclusions—will conclusively show the extent and character of the work which the Highway Department of the county is called upon to do. The supervision of this work, which consists largely of comparatively small jobs scattered over a wide area, necessarily calls for a considerable appropriation of funds for the maintenance of the county Highway Department.

The Superintendent is greatly indebted to the regular Highway and Bridge Committee, and to the Special Highway Committee, which was authorized at the beginning of the season by your Honorable Board to investigate the status of improved roads of the county. This Committee has given a great amount of time and attention to all matters pertaining to this class of work. These services under present arrangements have been gratuitously rendered and have been of great value to the people of the county.

The Superintendent is also indebted to the County Attorney for assistance in the matter of opinions of law. Requests to him for advice concerning legal matters have received attention.

It has been the feeling of the Superintendent of Highways that the duties of the office can only be successfully performed through the co-operation and assistance of your Honorable Board. Such courtesy has been freely extended, and I take this opportunity of expressing my appreciation of the attention which the highway affairs have received by the Board.

Dated December 17, 1908.

Respectfully submitted,

FRANK E. BOGARDUS,

Superintendent of Highways.

## WIDE-TIRE ORDINANCE.

---

*The Board of Supervisors of Onondaga County, pursuant to Chapter 155 of the Laws of 1899, entitled "An act to amend the county law relating to powers of Boards of Supervisors with reference to tires on vehicles," do enact as follows:*

SECTION 1. On or after January 1, 1909, no vehicle designed to carry weight of 1,500 pounds or upward shall be used, driven or propelled on or over any highway in the County of Onondaga unless the same be equipped with tires of the width specified in section 2 hereof.

SEC. 2. The tires used on such vehicles are hereby required to be the following widths:

All wagons equipped with thimble skein axles of three and one-eighth inches or less in diameter, steel axles of one and three fourths inches or less in diameter, tubular axles of two and five-eighths inches or less in diameter, and designed to carry a weight of 1,500 pounds and upwards shall have tires of not less than three inches in width. All wagons equipped with thimble skein axles of not less than three and one-eighth inches or more than three and one-half inches in diameter, steel axles of not less than one and three-fourths inches or more than one and seven-eighths inches in diameter, tubular exles of not less than two and five-eighths or more than two and seven-eighths inches in diameter, and designed to carry a weight of 1,500 pounds and upwards, shall have tires of not less than three and one-half inches in width. All wagons equipped with thimble skein axles of not less than three and one-half inches or more than three and three-fourth inches in diameter, steel axles of not less than one and seven-eighths inches or more than two inches in diameter, tubular axles of not less than two and seven-eighths inches or more than three and one-eighth inches in diameter, and designed to carry a weight of 1,500 pounds and upwards, shall have tires of not less than four inches in width.

All wagons equipped with thimble skein axles of more than three and three-fourths inches in diameter, steel axles of more than two inches in diameter, tubular axles of more than three and one-eights inches in diameter, and designed to carry a weight of 1,500 pounds and upwards, shall have tires of not less than five inches in width.

SEC. 3. This act shall not apply to platform or three-spring wagons equipped with steel axles not to exceed one and one-fourth inches in diameter.

SEC. 4. Any person owning any vehicle which is hauled, propelled or used contrary to the provisions of this act, as well as any person engaged in hauling, propelling, using or having charge of any such vehicle, shell be deemed guilty of the offense herein prohibited. Provided, however, that any employee may prove in extenuation of the offense charged that the same was committed pursuant to instructions of his employer, and in ignorance of the fact that such vehicle did not comply with the requirements of this act, but no such defense shall be admitted on the part of the employer or owner of the vehicle, under whose direction or with whose consent the same was used.

SEC. 5. Any person offending against the provisions of this act shall be deemed guilty of a misdemeanor, and shall be punishable by a fine of not less than five nor more than twenty-five dollars for each such offense, and in case of failure to pay any fine imposed may be committed to jail not exceeding one day for each dollar of such fine.

SEC. 6. Courts of Special Sessions, having jurisdiction to try misdemeanors as provided by section 56 of the code of criminal procedure, shall have exclusive jurisdiction to try offenders in all cases occurring under this act, in the same manner as in other cases where they now have jurisdiction and subject to the same power of removal and to render and enforce judgment to the extent herein provided.

SEC. 7. All fines collected under the provisions of this act shall be paid, when the offense is committed in a town outside of the incorporated villages of Onondaga County, to the Supervisor of that town for the highway fund, to be paid out by him under the direction of the town board. When the offense is committed in any village of the county, which by law is constituted a separate road district, the fine shall be paid to the treasurer of said village, to be used as the board of trustees may direct.

SEC. 8. This act shall take effect January 1, 1909.

OF THE

## Protestant Chaplain County Home

### For the Year 1908

December 5th, 1908.

To the Honorable, the Supervisors of Onondaga County:

As Chaplain of the Onondaga County Home, I beg to submit the following report for the year 1908.

With the exception of two or three Sundays the past summer, when both the Syracuse Mission workers and the Chaplain were absent, there have been religious services each Sunday, conducted, as in the past, alternately by the members of the Mission and the Chaplain. The good services of the Mission in this and other needed ways we gratefully acknowledge. During the absence of the Mission helpers in the summer months, the Chaplain conducted services each Sunday.

Reading matter such as papers and periodicals were frequently distributed at the Home. As the winter approached and the inmates were forced indoors by the weather, a large number of worn books were secured from the Syracuse Library through the kindness of Mr. Mundy, and were placed at the disposal of the inmates who cared to read.

In passing through the building from time to time upon our duties, we have noted the general good order and the kindness of the attendants to those under their care. We believe that the Home is superintended with kindness and efficiency. The new building now being constructed, which will provide for the separation of the sexes, will meet a real need. We recommend an effort, in so far as the equipment will permit, to separate the pauper from the worthy but unfortunate poor. We are disposed to emphasize this matter. The higher needs of companionship of a suitable kind, and protection from that of an unsuitable kind, are as real as the needs for food and shelter, and must be duly considered if we will be truly humane to our unfortunate poor.

The present Chapel is inadequate as a place for religious service. When the Women's Building is completed the Chapel will be comparatively useless. More women than men attend the services, and many of the former are too feeble to walk more than a few steps from their living place in any but the very best weather. We apprehend that a Chapel is valuable in proportion as it is actually useful, and therefore respectfully recommend that a Chapel be erected as soon as possible, adjacent to or very near the Women's Building. We venture to express our belief that the value of the Chapel depends more upon its site than upon any other one thing. Few if any men attend services who are not able to walk from one building to the other in any ordinary weather. On the other hand, we have regular attendance from a number of the women who are not able to attend a Chapel removed at any distance from their living building.

Respectfully submitted,

J. A. MELROSE,

# ANNUAL REPORT

OF THE

## County Superintendent for Placing Dependent Children

---

For the Year 1908

---

To the Honorable Board of Supervisors of Onondaga County:

Gentlemen—I beg to submit herewith the annual report of the work of this department for the fiscal year ending November 1st, 1908.

The past year has been one of increased activity in the work of the supervision of placing out children hitherto dependent upon Onondaga County for support.

The principle in general followed has been the same as in previous years, that is—after the application for a child has been received, several neighbors are requested to answer questions relative to character, condition in life and standing in community of the applicant. If these prove satisfactory, then I visit the home and if all is found propitious, the child is placed in the home. Each child so placed saves our county one hundred and four dollars (\$104.00) per year in case the child is over two years of age and one hundred and fifty-six dollars (\$156.00) in case of younger children.

The ultimate end toward which we work in placing out a child is to have it legally adopted. This year twenty-two children have been adopted, as compared with ten last year, so the tangible fruits of this work are increasing. This year forty-two children have been placed in good homes; three hundred and twenty-eight homes have been visited. To do this, I have traveled by rail 8,376 miles; by trolley 1,649 miles; by livery 1,185 miles; a total of 10,347 miles.

A feature which has proved invaluable to me in this work has been my attendance at two conventions, the National Conference of Charities and Correction at Richmond, Va., and the State Superintendents of the Poor at Richfield Springs, N. Y., which attendance the kindness of your Honorable Body made possible. At these conventions gather all the leading social workers of our country, each to present some good suggestion for the betterment of the system now in vogue.

I wish to take this opportunity to thank your Honorable Body for the many kindnesses you have extended to me and the sympathy you have shown in my work. I shall greatly appreciate your continued interest in this work of not only relieving the county of the burden of these children, but of placing them in homes where their environments will be conducive to good citizenship and home makers.

Respectfully submitted,

FLORENCE A. GRANNIS,

County Superintendent.

Syracuse, N. Y., November 25th, 1908.
